

Major M.K. Crockett - 2 -

Many of the fellows must remember 'old Jack', who, after giving promise of a splendid career in the field lost his life at Vimy Ridge.

But I must not allow myself to begin to reminisce, because I can go on seemingly forever.

Be sure and thank the fellows for their good wishes, which I most cordially reciprocate. I hope that the best of luck attends you in the competitions this year.

Yours faithfully,
