

March  
Eighteenth  
1922.

Dr. Albert Tingle,  
C/o. The E.B.Eddy Company, Limited,  
Hull, Que.

Dear Sir:-

I beg to acknowledge receipt of your letter of March 15th asking us to consider you a candidate for the new Eddy Chair of Industrial Chemistry.

Let me give you the assurance that when the appointment is made this application will receive all possible consideration. I may say that, while the Board has authorized the establishment of this Chair and while they have received official intimation of the gift of the late Mrs. Eddy, the money has not yet been placed in our hands. We hope that this department can be created in time to begin work at the commencement of the session 1922-23.

After the matter has received further consideration I shall be glad to communicate with you again letting you know the salary attached to the position and the appropriation and facilities granted to the Department. There is no reason why you should not get in touch with Dr. Rutten, the head of our Chemistry Department, and under whose direction the Department of Industrial Chemistry will function.

Yours faithfully,

Principal.
