Becoming Overbiouse. pretty example of this becomin

One pretty example of this becoming type of blouse was developed in soft midnight blue satin over a white net blouse of the raglan erder, drawn in at the neek with ties of narrow black velvet ribbon. A pleated net collar rising well above the ears finished the back of the waist, while a row of the popular jet completed the vest in front.

The straight jumper effects are equally attractive, dropping to the hip line and fashioned of velvet cut on rather severe lines. Cut steel buttons are particularly stunning on one such model in rich black velvet. Exquisite white lace forms the long, loose sleeves and severely high-colered guimpe worn with it. Black velvet ribbon is again used—in this instance to hold the fulness of the sleeves in place at the wrist.

LITERARY SOCIETY HEAR DR. KIRKPATRICK

Number of Selections From the Romantic and Modern Poets Prove Interesting.

These who were present at the reci-tal given by the McMaster University Literary Society last night enjoyed a literary and musical treat. Dr. Kiratrick, Principal of the Conservatory School of Expression and teacher School of Expression and teacher of expression in McMaster University, rendered a number of selections from the romantic and modern poets. His interpretation of Tennyson in "The Garden Song" from "Maud," and "Guinevere" was the trowning success of the evening, althe his selections from Browning, Burns, Yeats, Kipling and Drummond were listened to with the deepest interest.

The musical part of the program was also of high order. Miss Elleen Ferguson, pupil of Jan Hambourg, delighted the audience with a number of violin selections. Arthur Baxter, soloist in Eaton Memorial Church, presented a humber of vocal selections.

A meeting of the library board was held yesterday afternoon, but outside of general poutine business nothing of very much importance was transacted. The way was paved for the filing of all reports at the annual meeting of the board, which will be held on Friday, Jan. 29.

Backachy or Have Bladder Trouble.

Meat forms uric acid which excites and overworks the kidneys in their efforts to filter it from the system. Regular eaters of meat must flush the kidneys occasionally. You must relieve them like you relieve your bowels; removing all the acids, waste and polson, else you feel a dull misery in the kidney region, sharp pains in the back or sick headache, dizziness, your stomach sours, tongue is coated and when the weather is bad you have rheumatic twinges. The prine is cloudy, full of sediment; the channels often get irritated, obliging you to get up two or three times during the night. To neutralize these irritating acids and flush off the body's urinous waste get about four ounces of Jad Salts from any pharmacy; take a table-spoonful in a glass of water before breakfast for a few days and your kidneys will then act fine and bladder disorders disappear. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean and stimulate sluggish kidneys and stop bladder irritation. Jad Salts is inexpensive, harmless and makes u delightful effervescent lithia-water drink which millions of men and women take now and then thus avoiding serious kidney and bladder diseases.
