

Kiddie's Clothes

How to Make Them Wear Longer

There is stringent need of it, as every mother can testify, in these days of mounting prices. Well—did it ever occur to you that harsh, common soaps, and the ordinary rub and scrub of the wash board, break down more clothes than are ever actually worn out in use? Its so. We've studied the question. That's why

Sunlight Soap

purest and best of soaps, was first evolved, years ago—to wash clothes gently but thoroughly, without rubbing—the special "Sunlight" way. Doubly—trebly useful—now, in war time, when the clothes must last longer.

It's easy to do the washing yourself with Sunlight.

JEW SLAUGHTERED BY THOUSANDS

Reports Received of Pogrom Instituted by "White Guard" in Buenos Aires.

New York, March 26.—Thousands of Jews were slaughtered in a "pogrom" conducted in Buenos Aires, on January 4, according to a statement issued here tonight by the Zionist organization of America, quoting letters received from the Argentine capital.

According to this report, a "white guard" was organized there following a rumor that strikes in that city were the beginning of a Bolshevist movement, induced by the Jews. The report charged that, with co-operation of the police, the "white guard" raided the Jewish quarters, "killing a number of those who were not killed because all the bodies were buried in a common grave." Jews and persons who resembled Jews were stopped on the street, it was said, and even synagogues were raided on the ground that the Maximilians were being hidden there from the police.

The Argentine branch of the Zionist organization, the report continued, finally succeeded in getting the police to end the "pogrom" after it had arrested to protest against "unjust atrocities and inexcusable insults" suffered by them.

A cable despatch from Buenos Aires, received here during the riots made no mention that a "pogrom" is alleged to have occurred, and those received two weeks later reported that an Israeli delegation had waited on President Irigoyen to protest against "unjust atrocities and inexcusable insults" suffered by them.

DEMARCATION LINE NOT FIXED FRONTIER

Copenhagen, March 26.—The Hungarian soviet government, a despatch from Budapest says, has received a written communication from the allied mission there that the line of demarcation laid down in an earlier ultimatum should not be regarded as the political frontier of Hungary. In accordance with the new decision, it is added, there will be established a neutral zone for the sole purpose of preventing collisions between Hungarian and Rumanian troops.

ASKS MORE POWER IN PENSION BOARD

Prof. Todd of McGill Advises Ottawa Committee—Pleads for "Mentally Upset."

Ottawa, March 26.—Professor J. L. Todd, of McGill University, formerly a pension commissioner, and who served as a major in the C.A.M.C., was one of the witnesses before the pensions committee of parliament today. He said the disability table covered everything except old age.

He thought full power to control the table in accordance with actual conditions should be given the body administering the pensions. He was not quite sure if the "mentally upset" were being properly cared for.

Discussing the question as to whether compensation should cover professional mutilation as well as personal mutilation, he said he regarded it as impossible of administration, and undesirable for other reasons. France and the United States said it was impossible, but Great Britain had tried it to some extent.

Pensions, said Professor Todd, should be equal for all ranks. Promises and undertakings already given should be kept, but in future there should be equal benefits for equal disabilities for all ranks. He would like to see the pensions board given the power to appoint guardians where necessary.

Mr. Kenneth Archibald said the pensions board had a large number of cases in which the guardians were equal benefits for equal disabilities for all ranks. He would like to see the pensions board given some status in the courts so that action might be taken when necessary.

Professor Todd dealt at some length with the question of insurance. Disabled men being more expensive to employ because of the added cost of employers' liability insurance, he suggested that the same plan be adopted as in Great Britain, where the additional cost of insurance is paid. He said the Grand Trunk Railway at one time had categorically refused to employ disabled men. The cost, he thought, could not possibly be more than \$200,000 a year.

He concluded his evidence by suggesting that no legislation should be passed before the opinion of the pension board had been heard.

Mr. Duncanson Ross said this had been the practice. "It has not," said Major Todd. "In one case I remember an order-in-council dealing with pensions was only heard of by accident." He thought the government should not take hasty action.

Mr. Kenneth Archibald said the pensions board had a large number of cases in which the guardians were equal benefits for equal disabilities for all ranks. He would like to see the pensions board given some status in the courts so that action might be taken when necessary.

UNITED GRAIN GROWERS REGRET PARTY VOTING

Calgary, March 26.—Referring to the action of the commons in turning down the tariff amendment of the opposition, C. Rice Jones, head of the United Grain Growers, said last night:

"I appreciate the fact that the motion was introduced for political purposes, but it is regrettable, nevertheless, that members of parliament cannot see their way clear to take independent stands on such matters and voting to represent their constituents rather than voting like a party machine. I do not see how we are going to get anything if members continue to vote this way."

Believe W. L. Mackenzie King Will Run in Laurier's Division

Quebec, March 26.—W. L. Mackenzie King was invited by organized labor of this city to speak at a mass meeting on Friday evening in St. Peter Market Hall, the stronghold of Liberalism in Quebec east, has wired accepting the invitation. The fact that Mr. King will speak in Quebec east before a meeting of labor men lends color to the rumor that he will run as a Liberal candidate in Sir Wilfrid's old division.

RIVERDALE G. W. V. A. HOLD ANNUAL CONCERT

Alderman W. W. Hiltz presided at the annual grand concert held last night at Playter's Hall under the auspices of Riverdale G. W. V. A., more than 200 members and friends being present. It was a delightful occasion, with Bert Lloyd as the presiding genius at the piano, and assisted by Mrs. Copp and Charlie Roberts. The occasion was enjoyable also for the specially fine instrumental selections presented, among these being Chopin's Waltz in E Minor, Greig's "Butterfly," and Macdowell's "Cordoba Russian Dance," played with expression by Harold West, a violinist, and a duet from Schuetz by Miss Beatrice Frost and Miss Marion Brown, both of whom are licentiates of the Toronto College of Music. Mrs. S. P. Stratton, pianist, presented a beautiful arrangement, was presented with a bouquet of flowers by Mrs. Kelly, president of the ladies' auxiliary, and a number of other well-known visitors were W. A. Fetterson, district deputy grand master; James Robertson, grand overseer, and other. Miss Kirkness sang "Mary of Araby" and other songs, and Harold West, Charles Wallace, Mrs. Sautler, and Miss Audrey Cecil, daughter of W. Cecil, gave a number of solos and instrumental, all of which were highly appreciated. In the course of his address Mr. Inwood pointed out that a hundred members had been killed in battle, all of whose claims had been promptly paid. He had been placed on a solid financial basis during the fight of the boys at the front. Colonel Hunter, in his inimitable style, touched upon the work of the G. W. V. A. on behalf of the returned soldier.
