NINETEENTH YEAR
PHILIPPINE ISLANDS THE STAGING POINT.

FOR REMAINS OF LOVED ONES
Ex-Judge Dillon and Mr. Perry Are
Going to Sable Island.

President McKinley Has Not Yet Given Out His Reply
to the Peace Proposals.

MATTER TO COME BEFORE CABINET TO-DAY
Probable Terms Are: Independence of Cuba or Its Cession
to the United States—Spain to Pay Cuban Debt—Porto Rico
to Go to Uncle Sam, Who Will Also Control the Philip-
pines—U. S. to Have Coaling Stations in Caroline and
Ladron Islands—Spain to Pay All Claims of American
Citizens.

Washington, July 28.—Secretary of State
Day was closeted with President McKinley
for less than a half-hour this afternoon
over the response to Spain's note, offering
peace. When he left the White House Mr.
Day announced that the reply of this Gov-
ernment would be given to Spain Friday
or Saturday. Meantime, his honor, so far
as the Administration is able to do so, is
to be closely guarded from the public. Many
persons who called on the President today
on political matters made equity as to the
peace situation, but gathered little impor-
tant information. Several, however, who
have talked with the President and Sec-
retary Day say that the Administration is
preparing to meet any steps the Spanish Gov-
ernment may take.

"Our terms will be such as to meet the
approval of the entire world," one of the
cabinet Ministers is quoted as saying to-
day, but further than that he would not go.

It has been suggested in some quarters
that Spain has been distinguished in making
the advance of last Tuesday, and that her
real purpose was to develop the position of
the United States respecting the Philip-
pines, hoping in this way to secure the ac-
tive support of some European powers that
have so far held aloof from her. While
this belief is not seriously entertained at
the State Department, the Government
wishes to be clear in its position, and that
it is in a plain, straightforward way to let
Spain know what is expected of her, if she
desires peace.

Meeting the Spanish overtures with frank-
ness, the United States will demand that
it should be treated in the same spirit.

The present disposition of the American
Government is to demand no money inden-
tity from Spain, although it might fairly be
questioned whether the most proposed ter-
ritorial acquisition of Porto Rico and a
couple of coaling stations is anything like
an adequate recompense for the half-billion
dollars' expense that the war has imposed
upon the United States. From this time on,
however, the Spaniards are to be held to
good faith by imposing upon them any fur-
ther and additional charges to which the
United States is put.

About the only point that seems to be
open to an amendment of an extensive
character is the disposition of the Philip-
pines. While the Administration has not
failed to take notice of the extent of the
demand for their acquisition by the United
States, as exhibited in certain sections of
the country, it can be stated that the con-
clusion has been reached to abide by the
first decision on this point, namely to rein-
stall the islands, retaining a coaling sta-
tion there, and making it self-supporting.

The Government has received certain
questions arising out of Spain's overtures
for peace. It is believed that the discus-
sion turned mainly on the critical situation of
Frenchmen in Cuba, arising out of the stag-
nation of business since the war began. The
council of State will issue a decree opening
an extraordinary credit for the assistance
of French subjects in Cuba, 800 of whom
remain in receipt of daily relief at Ha-
vana.

Latest From Manila.
A special to The Journal from Hong Kong
says: Consul-General Willman has trans-
mitted information to Dewey that there
are three small Spanish galleons hiding at
San Miguel, Luzon Island, and four at
Port Royal, Palawan Island; also four
steamed with tobacco at Cagayan,
Luzon Island. The Raleigh and Con-
cord have been dispatched to pick them up.
Spaniards engaged in shipping coal from
the mines at Baitan, on Luzon, to Labuan,
British Borneo, committed several outrages
on English traders and imprisoned English
residents.

Hollo and Cuba are being put in a state of
defence by the Spaniards.

Spaniards at Guantanamo Starving.
Santiago de Cuba, July 28.—Lieut.-Col.
Roger Rosell, who, after taking possession
of the island, has been ordered to surrender
to General Toral to General Paraja, Military
Governor of Guantanamo, returned here
today.

Col. Rosell said the condition of Guanta-
namo is awful and the troops are literally
starving. For the last eight days they have
had no food. On mounting guard the sol-
diers were obliged to sit, being too weak
to stand, and it was impossible to make
them build trenches as they fell from ex-
haustion. There are 2000 sick in Guanta-
namo suffering from disease increased by
hunger.

HOLDEN WILL MAKE A FIGHT.

Latest Notes About Napanee Bank
Robbery—Surprise Will Not
Be All on the Crown Side.

Napanee, July 28.—The report that Holden
recognized Mackie when brought to jail is
not true. The formal remand to-morrow
will take place at 10 a.m., when all the
prisoners will be remanded until Monday at
2 p.m., when the hearing will begin.

A report is current that Holden has sent
out for counsel and purposes fighting the
case. Detective Whites and Constable Sills re-
turned to town to-day from Belleville.

It is given out as coming from the Crown
authorities that Pare was present in the
court room during the last investigation and
heard all the evidence. It is to be true, it
is surprising that none of the local authori-
ties recognized him as the tramp that had
been recently arrested and brought before
the magistrate and given an hour to leave
town.

It is pretty generally understood that at
the approaching investigation all the sur-
prises will not be on the Crown side.

ROBERTSON BOOMING CANADA.
The Commissioner of Agriculture
Suggests a Preferential Duty
on Wheat.

Montreal, July 28.—A fair special from
London says: Prof. Robertson is booming
Canada daily in the English journals, and
is also taking up a decided line in favor of
the preferential tariff. He suggests in The
St. James Gazette to-day that a duty on
wheat of 2s. 6d. per quarter for a specific
and limited period of five years would not
add one cent to the cost of a four-pound
loaf to the British consumer, while it would
give an enormous impetus to wheat-grow-
ing in Canada and India. The money would
come back to Britain for manufactured goods.

He says the Canadian public has been misled
about a supposed passion for free trade in
the Old Country, and he finds that influ-
ential men everywhere are quite ready to
adapt their policy to the times and needs
of the Empire.

ROBBEVAL IN FLAMES.
Quebec Lumbering Town at the
Mercy of the Fire Fiend—Help
From Quebec City.

Robbeval, Que., July 28.—About 3 o'clock
this afternoon fire declared itself in a stable
belonging to Mr. B. A. Scott of the Robber-
val, a town of two square miles, about
15 miles from the city of Quebec, and
as a result, about 20 families, all em-
ployed by Mr. Scott, are tonight without
shelter. A great number lost most of their
household effects.

To-night the fire is raging on the wharves
about 300 or 400 feet from the sawmills, and
there is great danger of its spreading to
them. A steam engine left Quebec to-night
by special train, and a special train also
left Chatham with about 75 men, who
will render all possible assistance. The
amount of loss and insurance cannot be as-
certained to-night.

BISMARCK IMPROVING.
Sent Word to Athletes That He Had
Been Standing on His Head.

Hamburg, July 28.—The Hamburger Nach-
richten says: Bismarck's condition still gives
employment to his physicians, but there is
no ground for anxiety. The pain from
which he has been suffering continues, but
the last two nights have been comparative-
ly good. His appetite begins to improve
and his spirits are good. When told pres-
idently that foreign athletes had called at
the castle to pay their respects, he said:
"Tell them I myself have been standing on
head for a week."

TERMS OF PEACE ACCEPTABLE.
Providing Spanish Sovereignty in
the Philippines Is Recognized.

Madrid, July 28.—(2 p.m.)—With the un-
derstanding that no indemnity will be de-
manded and that Spanish sovereignty in the
Philippine Islands will be respected, the
newspapers here consider the terms of
peace, attributed to President McKinley,
as being acceptable. The papers, however,
protest against the continuance of hostil-
ties by the United States after Spain has
sued for peace. The Minister for War,
General Cortes, is arranging for the re-
patriation of Spanish troops which surround
San Carlos de Cuba, and is preparing
military stations in order to prevent the
introduction of diseases into Spain.

TWO MILLIONS IN GOLD.

Klondikers Return Loaded With Dust
and Nuggets.

Seattle, Wash., July 28.—The fifteenth
gold boat to arrive from St. Michael
this season touched this port yesterday
afternoon. It was the Helmbold, carry-
ing more than two hundred Klondikers
and almost \$2,000,000 in gold dust
and nuggets.

There were several very rich miners
aboard. The richest was Antonio Stanton.
Two years ago Stanton was the
richest man in the States. Then
he lived in Colorado, where he owned
a small sheep ranch. He was unable
to make a living, and concluded to try
his luck in the Northwest Territory.
He struck Dawson and succeeded in se-
curing several first-class claims, includ-
ing one on Eldorado Creek. Then he
married a little actress who was con-
sidered to be the prettiest woman in the
Northwest Territory.

When Stanton stepped from the Helm-
bold yesterday he and his wife staggered
under a heavy load of gold, and had to
make several trips before they got all
their dust and nuggets in an express
wagon. 40¢ was taken to the assay office.
They had \$200,000.

John Erickson, a Californian, was the
other best known Klondiker aboard. It
is stated that he disposed of his claim
for \$240,000 before leaving Dawson.

J. D. Thagard, who left here a year
ago penniless, returned with \$53,000, the
proceeds of a saloon business and its
accessories.

agents and representatives of Canadian
banks at less than the ordinary market
rates for sterling exchange, by reason of
its not being subject to United States in-
ternal revenue stamp duty of 4 cents for
each \$100, which is equivalent to a tax
of 2¢ on \$100. Foreign bankers and regu-

ing several Canadian banks that have no

night another large shipment is due, and a

plus of this season's production—over
8000 hats—has been taken for spot

THE PEACE OVERTURES AS VIEWED IN EUROPE

Feeling of Satisfaction and Relief Produced at the
Spanish Capital.

London, July 28.—The Madrid correspond-
ent of The Daily Mail, remarking "The feel-
ing of satisfaction and relief the peace
overtures have produced," says: "There is
little probability of popular discon-
tent, and none at all if Spain is allowed
to retain the Philippines and is not com-
pelled to pay indemnity. The attitude of
the people makes the chances of Don Car-
los small. Moreover, the Carlists are said
to disagree about the advisability of rising,
the Marquis de Carralho and other leaders
opposing the step. Nevertheless it is
feared that Don Carlos will insist upon it."

The Madrid correspondent of The Daily
Telegraph says: "However unpalatable the
terms of peace may be, they will not pro-
duce the slightest disturbance in Spain,
where the indifference is predominant."

Germany Says Terms Are Too Hard.
The Berlin correspondent of The Times
says: "The terms of peace which Amer-
ica proposes occasion surprise here as much
too hard. The National Gazette remarks
that the United States have not won a
victory signal enough to warrant such hard
terms, and expresses the opinion that the
prospects of peace, in consequence, are
dusky."

"The Times, commenting editorially upon
the suggestion of the National Gazette,
says: "This suggestion from would-be friends
of Spain merely shows that these critics
entirely fail to grasp the military signifi-
cance of America's sea power. Only by
having the strategic advantage of peace-
loving Americans cannot ignore."

The Vienna correspondent of The Daily
Telegraph says: "The project of a European
conference regarding the Philippines was
brought forward by the German Govern-
ment, but the conference will meet in Paris."

SPAIN HESITATED.
Because It Was Not Known How
President McKinley Would Re-
ceive the Proposals.

London, July 28.—A special despatch from
Madrid says: "The Government does not
conceive that it

hesitated for some days to go beyond an
official exploration at Washington, because
the diplomatic agents employed to make the
soundings gave conflicting accounts. One
represented him as eager to terminate the war
on moderate conditions; the other that the
most onerous conditions would be imposed,
so much so that the Madrid Government
thought it useless to sue officially.

When, however, it was seen that the
American war preparations continued, Duke
Almodovar de Hita, Minister of Foreign Af-
fairs, was instructed to send the note. The
Cabinet met Wednesday evening to delib-
erate as to the best means and channel of
negotiation. Paris and London were both
discussed. No decision was arrived at, but
a majority favored sending Senor Moret,
former Minister of the Colonies, on an
official mission to London to negotiate the
treaty of peace with Ambassador Hay.

Official feeling favors direct negotiations,
without interference from outsiders, even
with regard to the Philippines. There is
little doubt that if President McKinley's
reply proves an acceptable basis, the nego-
tiations will not be protracted, since Spain,
for many reasons, is desirous of a speedy
settlement and not least so because at the
present moment public opinion is calm.

After to-day's Cabinet Council, Senor Sa-
gasta, the Premier, said he had grounds
for hoping that an understanding might be
arrived at, but he could say nothing definite.

Duke Almodovar de Hita said the European
Cabinets had been informed of the step
Spain had taken, but not as to the text
of the note sent to President McKinley.
The Cabinet Council will not meet again
until Friday evening, by which time Presi-
dent McKinley's reply is expected.

The Ministerial of Correo says the Govern-
ment communicated to the Queen Regent
in Council a despatch intimating that Presi-
dent McKinley, in principle assented to
the opening of negotiations. El Inercial
says that the Carlists' agitation, which at
first appeared to be rampant out, has re-
commenced in the Province of Cuenca and
in parts of Navarre.

BRITISH HOUSE OF COMMONS.
Mr. Chamberlain Replies to Sir
Charles Dikie Re the Tearing
Down of Lobster Hats.

London, July 28.—Replying in the House
of Commons to-day to Sir Charles Dikie,
who asked what answer the French Com-
modore gave to the British protest against
the tearing down of hats at Flat Bay, N.Y.,
by the crews of warships for illicitly plac-
ing lobster hats, the Secretary of State for
the Colonies, Mr. Joseph Chamberlain, said
the Commodore had not admitted it was an
infringement of the treaty of Utrecht. His
Majesty's Government, Mr. Chamberlain
added, was considering the appointment of
a commission to enquire into the above
question.

What to Know About Hooley.
In the House of Commons to-morrow,
Mr. Robert Ascheroff, Conservative mem-
ber for Oldham, of which place he is presi-
dent of the Law Association, will ask the
Government leader, Mr. A. J. Balfour, the
First Lord of the Treasury, whether his
view of the revelations made by Mr. Ernest
Terah Hooley, the company promoter, in
the bankruptcy court, as to payments
made to the peers and others, the Govern-
ment at next session of Parliament will
appoint a commission to enquire into the
means for protecting company investors.

resulted in the annihilation of the Spanish

many pages of the Admiral's writing. After
a formal inspection it was then sent
to Ambassador Cambon to be forwarded to
the Spanish Admiral there.
