"THE THIRD DEGREE," A THRILLING DRAMA, AT THE PATRICIA

Alice Joyce Appears in Lead-
ing Role—Also Comedies
and Vaudeville.

Lacking none of the dramatic in-
tensity and heart interest that made
it one of the greatest stage successes
of its day, "The Third Degree" was
presented at the Patricia Theatre yester-
day with Alice Joyce in the stellar
role. Miss Joyce never was more
beautiful or displayed to better ad-
vantage her splendid dramatic power
than in this pictorialization of the late
Charles Klein's drama, and she is sup-
ported by a cast of exceptional strength
and balance. Tom Terris directed the
picture, and his work, especially in the
handling of lights, made the dramatic
highlights of the story stand out with
strength and boldness.

"The Third Degree" created a sensa-
tion when produced in New York City in
February, 1909. Aside from being a
great drama, it accomplished a mission
—that of exposing methods used in
police departments in convicting per-
sons, regardless of guilt or innocence,
because some of the methods were so
playful away the veil shrouding
the truth, and such a system, and
led swiftly to a re-education of the
public. The picture is swift of
action and abounds in scenes of ex-
ceptional intensity, the sort that grips audi-
ences and holds them until the last
foot of film.

Miss Joyce has brilliant supporting
cast.
In the supporting cast are Gladys
James, Anders Randolph, Miss Hedda
Hopper, Herbert Evans, George Backus,
J. T. Wade, L. Rogers Lytton and Ed-
ward McGuire.

In addition, this thrilling drama of
the screen, two comedies, both laugh
productions of the best kind, are pre-
sented. One is a Big V. and the other
a Mutt and Jeff animated cartoon.

VOICE OF THE PEOPLE

DOES THE EXPERIMENTAL FARM
EXIST FOR THE PUBLIC SERVICE?

To the Editor of The Advertiser:

I think the correspondence given be-
low will attempt to explain why the
requests for information sent to the
Experimental Farm at Ottawa have
been treated with such courtesy and
efficiency.

The first letter, dated May 20, 1919, is
addressed to the acting director (E. S.
Archibald), Central Experimental
Farm, Ottawa, and reads as follows:

"Sir—As you are aware, this is now
the sixth week during which, for no
sufficient reason, I have been with-
out anyone to type the correspondence
connected with my line of work. In
the meantime, inquiries dealing with a
considerable variety of subjects have
been steadily accumulating. For ex-
ample, a letter was received on 12th
April from a man who wanted infor-
mation on the growing of clover; an-
other on the growing of alfalfa; and
another on the growing of timothy.

But a person with university
