BORDEN RESENTS DR. SPEER'S SPEECH

Says Quoted Words on Racial Laws "Outrageous and Scandalous Libel."

Ottawa, June 14.—(By Canadian Press)—At the opening of the house of commons this afternoon, Sir Robert Borden said that his attention had been drawn to a despatch from Toronto which quoted Rev. Dr. Speer of the Methodist Conference at Toronto, as saying that money was used in the lobby of the parliament buildings in connection with the recent race-track legislation. Dr. Speer was quoted as saying that it was a foregone conclusion that the race-track men would get what they wanted.

If the reverend gentleman was correctly reported, said the prime minister, his statement would appear to constitute "the most outrageous and scandalous libel." Speaking for himself, he had not seen a race-track man in the lobbies, and had not heard of one being there. It was his firm conviction that the statements made in the item were absolutely false.

The statements attributed to Rev. Dr. Speer would, said Sir Robert Borden, constitute a reflection on parliament, the most serious nature. Therefore, he had felt it his duty to bring it before the members of the house, and he proposed to ask Mr. Speaker to consider what action would be appropriate to be taken in the matter.

Mackenzie King, leader of the opposition, joined with the prime minister in his attitude. He expressed the greatest hope that the despatch was incorrect. Speaker Rhodes said that the despatch certainly called for some action, and he would take into consideration what would be the best course to pursue. Such remarks would have the tendency to sap and undermine the position of parliament.

Jacques Bureau, Three Rivers, remarked that in his view such a slanderous lie had best be ignored. It would be honoring the man who made it too much if he were called to answer before the bar of the house. Send Wire to Speer.

The first step to be taken as the result of today's discussion on reported statements in Toronto of Rev. Dr. Speer, underwritten by the telegraphic demand by Speaker Rhodes that Rev. Speer state by telegram whether or not he was correct in the telegram sent him, was a summons for him to appear before the bar of the house and there explain what information he was able to give in relation to the statement, which caused an outbreak of indignation in the commons today.

BIG CONCENTRATION OF THE BOLSHEVIKS
(Continued From Page 1).
Kiev was 70,000, but when the Poles took the city it was about 20,000, many of whom were women and children. These latter the Polish government had planned to bring to Warsaw, with the assistance of the Red Cross. At last accounts, the transfer of the refugees had not been started.

Driven into Dnieper. The Bolsheviki, it developed today, launched an attack on the Dnieper to aid the soviet forces to cross the Dnieper in the region near the mouth of the Pripiet, in the Kiev drive. The new attack, however, was repulsed with heavy losses, according to Sunday's communique.

The statement issued by the war office announced that several battalions of Bolsheviki crossed the Dnieper near Gilboven. The Poles counter-attacked, driving the Bolsheviki into the Dnieper in great confusion, 800 of them being drowned and about 100 taken prisoner.

The communique says that General Smigley's forces withdrew from Kiev for strategic reasons.

HARDING'S ELECTION BY NO MEANS SURE

British Papers Make Comment Upon His Presidential Chances.

London, June 14.—The London evening paper editorials on the Republican nomination are devoted largely to speculation on Senator Harding's chances of election and what effect that would have on American foreign policy. Both The Globe and Westminster Gazette are of the opinion that Senator Harding's election is by no means assured if the Democrats are able to find a strong candidate.

The Globe thinks a Republican defeat is not impossible if such a man as William G. McAdoo or Ambassador John W. Davis were nominated. The Westminster Gazette declares that Great Britain must preserve neutrality in a presidential conflict, but cannot disguise its interest. It is doubtful in the opinion of The Gazette, if the November elections settle the question whether the United States will pursue a purely American policy or take a hand in international politics.

"Had President Wilson been available," says the paper, "he might have boldly carried his banner into the fight and rallied the majority to his side by the lofty appeals he knows so well how to make. But in his default it is unlikely that any democratic nominee will do this or get the sanction of the Democratic party for a pure league of nations doctrine."

On the other hand, the Republican party does not entirely close the door on American participation in world politics and even seems to favor some sort of extension of arboreal justice in world affairs. The choice of a safe man, in all events, saves us from the pursuit of an anti-European policy by that party of its nominees, and to that extent there is a point gained.

The Globe says: "Senator Harding is credited with favoring reversion to that aloofness from world politics which characterized America in the days before it was practically intelligible point of view, but we venture to think that Senator Harding, if elected, will be compelled by force of circumstances to sort something of its old rigidity."

WESTON SIDEWALKS FORM GIST OF DISCUSSION
The regular meeting of Weston council was held in the town hall last night. The contract for laying sidewalks this year was given to Robert Johnston, who made the lowest tender, Lemaire avenue, Church street, Rosslands avenue and Jane street were named to have precedence in the order given. A letter was forwarded by W. J. Charlton to the council, which will accept for 18 feet on Main street in order to allow widening on Victoria avenue. J. R. Finlay appeared as a deputation. A petition was presented on the south side of Main street between Elm and Pine streets, was referred to the clerk for examination of signatures.

A petition was received from the Bell Telephone Co. for permission to erect poles on various streets. A by-law was passed changing the name of Beach street to Church street, making Church street continuous to the existing boundary of Weston. It was decided, upon information furnished Dr. E. E. Irwin, that Pte. Russell was entitled to a medal similar to those given previously to the boys from Weston. Pte. Russell enlisted in September, 1915, and saw service in Canada, England, Egypt and Salonica, and was discharged in November, 1919. A petition from Dr. J. P. Treacy of St. Cecilia's Church, West Toronto, for the use of the agricultural park on July 10 for their annual picnic was granted, providing the previous engagements had not been registered, the matter being referred to the clerk.

A resolution was passed instructing the owner at Cross street and Coulter avenue to remove stones there causing obstruction and, later, also to remove the bushes to the street line.

MIMICO
LAKE SHORE G.W.V.A. AGAINST HOUSING PLAN
The regular meeting of the Lake Shore G.W.V.A. was held at Mimico last night and a heavy calendar of the organization's business disposed of. A matter of local interest brought before the meeting was that of the site for the proposed memorial hall to be erected in New Toronto. After due discussion the matter was referred to further consideration which will probably be given by a special meeting called for the occasion.

In connection with local housing commission advantages offered to returned men, protest was lodged at Mimico council. It is understood that only 40 per cent of the actual cost of building has been offered by the commission in this community and the returned men are protesting on the basis of their claim to a loan of the full amount.

It has been arranged for a deputation from the branch to wait on the chairman of the local housing commission with a view to having the claim adjusted. The Lake Shore branch is going ahead and reports increased membership.

MIMICO WOULD STAY WET.

Mimico ratepayers refuse to go "dry." At the regular monthly meeting of the municipal council of Mimico, held last night several deputations of the ratepayers residing north of the G.W.V.A. tracks appeared requesting a supply of water to be put thru from the main.

Dry wells and a general shortage of water in the district are the complaints, and it was urged that immediate action be taken in the matter. After discussion, the deputations were assured that their complaints would receive immediate adjustment, and a temporary water connection will be laid without delay.

HAS MADE A CLEAN SWEEP, HE STATES
Quebec Man Hasn't a Trouble Left Since Taking Tanlac.

"I have never been a man to praise any kind of medicine, but since taking Tanlac I have changed my mind, and am now ready to tell the world what it has done for me," was the statement made by Marcellus Desroches, an employe of the Quebec Railway Light, Heat and Power Co., living at 33 Signal street, Quebec, Que.
"During the past year," he explained, "I have learned what suffering means and I got so bad off I can hardly understand how I stood up under the strain. My stomach was badly out of order and I didn't relish a thing, in fact, I was almost afraid to eat for thinking of the suffering that was to follow. I would blot up with gas after meals and my heart would palpitate terribly. At times I was so weak and dizzy I could hardly stand up and my nerves were so on edge that the least little unusual noise would completely upset me. Many nights I was so restless I didn't close my eyes at all, and when morning came you can just imagine how weak I felt. I managed to hold onto my job, but it pulled me down until I was almost a nervous and physical wreck."
"I had never had any faith in medicine, but I kept hearing so much about Tanlac that I made up my mind to try it, and since it has made a clean sweep of my troubles there is nothing too good I can say about it. I took only three bottles of Tanlac, but today I feel better, work better and sleep better than I have in years. My appetite was never better in my life, and I digest everything I eat without a particle of trouble. My heart action is normal and regular and I am not bothered with dizziness any more. My nerves are as steady as steel, and I sleep sound all night long. I never lose an opportunity to praise Tanlac, and already I have told all my friends and neighbors about it."
Tanlac is sold in Toronto by Tamblin drug stores and by an established agency in 1927.

Ladies' Auxiliary of the G.A.U.V., who have done so much towards collecting funds for the new club house, opened yesterday at the corner of Gerrard and Victoria streets.
