

MANAGERS' REPORT, 1881.

THE Managers have much pleasure in submitting to the congregation their Twenty-eighth Annual Report.

The receipts for the year amounted to \$6,501.16, the expenditure to \$6,575.50, and the balance on hand at the 1st of January was \$510.47.

The receipts were made up as follows:

Weekly collections	\$2,078 00
Weekly offerings	2,876 41
Quarterly contributions	318 25
Subscriptions to Building Fund	1,228 50
	\$6,501 16

At the last Annual Meeting the Managers were asked to assume charge of the Church debt, and this year the sum of \$1,228.50 was collected from subscriptions promised the Building Committee. Deducting this amount from the total receipts, the ordinary revenue will be seen to be \$5,272.66, an increase of \$179.22 over that of the previous year; and the expenditure, after deducting the amounts paid for interest on debt, shows an increase of \$232.19, when compared with that of the preceding year.

The Managers have paid the Treasurer of the Building Committee \$137.46, the amount due him as per last statement of that Committee, and for interest due on mortgages, \$2,204.37. As has been already stated, the receipts from subscriptions amounted to \$1,228.50, but to meet the charges on the Church debt it has been necessary to use not only this amount, but also \$1,113.33 from the ordinary revenue of the congregation.
