the usual requisites of a sound and laboral Education.

NOTICE TO THE PUBLIC.

A RRANGEMENTS have been made with the Postmaster General of the United States under which MAILS will in future be forwarded to and from this City, and BOSTON, PORTLAND, and EASTPORT, by the Steamer "Eastern City," and in charge of Mr. Benjamin M. Flint, who has been appointed Steam-boat Mail Carrier under the United States Post Office Department.

The Regulations will be precisely the same as those under which Mails are at prosent conveyed by Colonel Favor in the "Admiral."

Until further notice, therefore, Mails will be closed for one or other of the above named Steamers on Monday, Wednesday, and Friday Mornings, and Letters to be thus forwarded must be posted at this Office fifteen minutes before the time advertized for the departure of the boats, after which time, none can be received, but Col. Favor on board the "Eastern City," will be prepared to take charge of loose letters from the time of closing at this Office until the Boats leave.

The Rates of Postage chargeable on letters thus forwarded are the same as by the land route, viz. Six Pence currency or ten cents the half ounce to all parts of the United States, except California and Oregon; and ninepence currency, or fifteen cents, to the latter places. The prepayment of this postage will be optional, and may be made by affixing postage Stamps, but not less than the whole postage, or an equivalent amount of Postage lables can be taken. It must be borne in mind however, that loose letters forwarded in charge of Col. Favor or Mr. Flint, cannot the more and postage of the department of this postage, or an equivalent amount of Postage lables can be taken. It must be borne in mind however, that loose letters forwarded in charge of Col. Favor or Mr. Flint, cannot the more and postage stage and the attention of purchasers is requested, to call and examine the Goods.

Marble Chimney Pieces,

THE Subscriber invites the attention of the public to the above beautiful article. They are manufactured of Stone, by the Penrhyn Marble company, in imitation of the most rare and desirable kinds of Marble.

In style and finish they are unequalled, are very highly polished, retain their beauty much longer than common Marble and are not injured by coagas, smoke or acids.

They have been extensively introduced into public and private buildings in the United States, giving perfect satisfaction to those who have tried them. While superior in appearance they are sold cheaper than anything of the kind in the market. In fact, the confidence with which they have been thus far used gives the fairest evidence that the Penrhyn Marble, by its many advantages, will in a great measure supercede the use of any other, Architects, Builders, and all others, are invited to examine them.
