U. S. URGENT TO FIGHT COMMUNIST MENACE

EDUCATION AND IMMIGRATION REPORTS HEARD

Plea on Behalf of Canadian Magazines Is Made

SAINT JOHN WORK

Death of Mrs. N. S. Dougherty, of Fredericton, Referred to With Regret

THE sorry spectacle which so often appals thinking Canadians of different parts of the Dominion, struggling for their different interests or disregarding the claims of others, was the way Miss W. Gordon, of Kingston, Ont., national educational secretary, described a situation in this country, in her annual report submitted today at the forenoon session of the second day of the annual meeting of the National Chapter of Canada, Imperial Order Daughters of the Empire, at the Admiral Beatty Hotel. Miss Gordon's report and that of the Committee on Immigration, made by Mrs. C. C. Hearn, of Brandon, Man., conveners, were considered two of the most important to be laid before the delegates.

MORNING SESSION

After the session was called to order by the national president, Miss W. Gordon, of Kingston, Ont., the minutes of the previous sessions were approved and the roll called.

The first report presented was that of the committee on immigration. The report in part follows: "The subject of immigration is one of supreme importance to all Canadians. The bringing into our land of a vast population from other countries is a special responsibility to such an organization as the Imperial Order Daughters of the Empire, as we are pledged to our utmost to safeguard the national life of our Empire and Dominion."

NEW CANADIANS

"The policy of allowing our New Canadians to settle in colonies or communities seems to be exceedingly detrimental to their becoming Canadianized. In communities such as the Doukhobors, Menonites, etc., in which they have been allowed to settle, they live to themselves in absolute isolation from all Canadian influences, are almost entirely self-contained, often refusing to allow their children to attend the schools provided for them, and under these circumstances it may be generations before they become familiarized with Canadian habits and characteristics. If our new Canadian people were scattered among British or Canadian settlers, they must of necessity imbibe our national customs and ideals."

SOCIAL CLUBS

"I might mention that one of the most fruitful efforts along Canadianization lines that has come under my notice is the founding and carrying on of social clubs for new Canadian girls (the future mothers), and this can so properly be done in many cities, towns and villages under the auspices of I. O. D. S. chapters, or by I. O. D. E. members."

Immigration work is being done by many organizations and churches. Their help is welcome, and greatly needed as long as they bring in the right kind of immigrant, and continue to assist them until they become successful settlers.

Outlook Hopeless As Conference On British Coal Strike Breaks Down

Old Age Pension Bill Killed By Senate; Injustice Towards Maritimes Provinces Argued

OTTAWA, Ont., June 9.—On a vote of 46 to 23, the Senate last night rejected the government old age pension bill. The defeat of the bill came on second reading, which had been moved by Senator Dandurand, government leader. On the vote, Senator Robertson, former Minister of Labor, was the only Conservative to support the bill. Sir Allen Aylesworth, Senator J. J. Hughes and Senator Turfitt, all from the government side of the House, voted with Conservatives against the bill.

High Spots In I. O. D. E. Meet

"CANADA is always regarded as the keystone in the arch of the British Dominions, the very star and leader of them all, and it is our proud privilege to keep her so and to stand on guard for Canada." I am quite sure that no country of so small a population as Canada was ever confronted with such a gigantic problem as we face today—the precipitation into our national life of such a collection of diversified nationalities, and the vital necessity of welding them into a harmonious whole imbued with British and Canadian traits and characteristics.

WE READ about the Tower of Babel

"We read about the Tower of Babel, and I think that great praise is due to the Canadian government and people that up to the present we have preserved our national unity as well as we have done."

TO ANY thoughtful student of our national life

"TO ANY thoughtful student of our national life the preponderance of non-British nationalities in the western provinces, must give cause for very earnest and serious reflection."

I WOULD urge the Daughters of the Empire, collectively and individually

"I would urge the Daughters of the Empire, collectively and individually to subscribe to British and Canadian magazines and to think twice before they regularly support those published in the United States, thus becoming publicity agents for American writers, American manufacturers, as well as for American publishers."

THE machinery of our order provides us with a remarkable means of keeping in the foreground our common interests

"THE machinery of our order provides us with a remarkable means of keeping in the foreground our common interests, instead of the sorry spectacle, which so often appals the thinking Canadian of different parts of the Dominion struggling for their different interests, and misunderstandings or disregarding the claims of others."

Road Engineers In N. B. Are Appointed

FREDERICTON, June 9.—District road engineers are gazetted today according to districts as follows: District No. 1, Leon P. Roy; District No. 2, Leon Theriault; District No. 3, Walter A. S. Melanson; District No. 4, Clifford W. McLatchey; District No. 5, James T. Turnbull; District No. 7, W. C. Wetmore.

Newfoundland Hoping to Have Separate Presbytery Shortly

Canadian Press MONTREAL, June 9.—Rev. R. J. Power, St. John's, Nfld., addressing the General Assembly of the Presbyterian Church in Canada yesterday, hoped the time would come shortly when Newfoundland would form a separate presbytery, as had been the case some years ago, when the congregations numbered less than they did now.
