THE EVENING TIMES-STAR, SAINT JOHN, N. B., TUESDAY, NOVEMBER 24, 1925

in the City Post Office. CHRISTMAS RUSH

A conference was held in Montreal recently to make proper arrangements for the handling of a large amount of mail during the Christmas rush. Last year an arrangement was made whereby a mail car was run direct from dalifax through to Bangor, Maine, and dimilar arrangements are being made for the present season. Extra mail cars will also be run from Campbellton to Montreal over the C. N. R. Each of these cars will be manned by New Brunswick and Nova Scotia mail clerks. The General Superintendent of Postal Services, the General Superintendent of Railway Mail Services, and inspectors from the following districts were at the conference, Montreal, Toronto, Hamilton, London, Halifax and Saint John. This district was represented by W. F. Griffith, who is acting inspector and at present in charge of ference was held in Montrea

nce the first of November owing to e establishment of a rural route from

r Kent Station.

NEW OFFICES.

new office has been opened at Dristwo and one-quarter miles from two and one-quarter miles are two and one-quarter miles from the first mi and Friday, from Kouchfbouguac.

Mr. I. Humble, who has been postmistress at Cross Creek for some years,
died at her home on last Saturday.

IN Is Jailed As Bride Forgot To End Breach of Promise Suit

Local Business Firm's Correspondence for City Mailed at Depot.

Postal Conference Held on Christmas Rush—Service
Notes in N. B.

It has been noticed by the Railway Mail Clerks that some letters from city firms addressed to the city are being mailed in the boxes in the Union Station. This, they asy, makes a double sorting and oftentimes is the cause of letter aging out of town on the trains whose clerks collect the mail in these boxes. The service would be assisted a great deal and these delays avoided if the local merchants could make ar rangements to have their mail posted in the City Post Office.

Mrs. Halpin leave, but thought the consumeration for Canada would evolve from the downwition. He said that he was confident that a united veteran organization for Canada would evolve from the downwition. He said that he was considered that he was confident that a united veteran organization for Canada would evolve from the downwition. He said that he was considered that he was co

FOREIGN COMPETITION. "These are the results of a year of depressed business and unsatisfactory operating conditions. No relief was obtained from competition with iron and steel imported from abroad, and especially from those European countries where it has a value for domestic transactions greatly in excess of its value here or in any country whose transactions are done on a gold basis, and additions to the list of materials which may be imported free or subject to rebate of duty have intensified the otherwise unfavorable market conditions.

OUTPUT REDUCED.

"The quantity of coal produced was less than the previous year's output by over 715,000 tons. The output of pig iron decreased 100,603 tons, and steel ingots 112,443 tons. These serious reductions in output, running from 85 to 40 per cent., affected costs adversely and, coupled with the low prices, made profitable results impossible.

"The output or iron ore was somewhat increased and a part of the surplus produced in previous years was disposed of, chiefly by export to Germany. "The quantity of coal produced was

CHICAGO, Nov. 24—William Perske 81, admitted kissings his 28-year-old landlady, Mrs. Despina Lolakos, when the latter's \$10,000 damage suit came to trial yesterday. But the sprightly octogenarian thought \$10,000 was too much "for a little thing like that." The jury agreed that the price was high, especially since the kiss skidded to her ear when the landlady turned her head. The jury awarded Mrs. Lolakos \$25.
