## ADVENTURES OF THE TWINS

By Oliver Roberts Barton

### THE JUNGLE PLAYGROUND

Weeny landed right in the middle of the pool.

The next thing the elephant and the twins did in the jungle playground was to slide down the sliding-board. "You go first," said Tommy Tiger to the Twins, "and Weeny can go next and I'll go last. It's lots of fun for it has so many bumps on it."

So Nancy took her turn and Nick took his turn, and then Weeny climbed

up the steep ladder at the back to take his turn, with Tommy behind him so he could be all ready to go when Weeny reached the bottom. But the very minute Weeny reached the top, the whole business crumpled up like a jack-knife and you couldn't tell which was Weeny and which was

## MAGNESIA BEST FOR YOUR INDIGESTION

Warns Against Doping Stomach With Artificial Digestants.

Most people who suffer, either occasionally or chronically from gas, sourness and indigestion, have now discontinued disagreeable diets, patent foods and the use of harmful drugs, stomach tonics, medicines and artificial digestants, and instead following the advice so often given in these columns, take a teaspoonful or two of Blasted Magnesia in a little water at meals with the result that their stomachs no longer trouble them. Those who use Blasted Magnesia never dread the approach of meal time because they know this wonderful anti-acid and food corrective, which can be obtained from any good drug store, will instantly neutralize the stomach acidity, prevent food fermentation and without the slightest pain or discomfort. Try this plan yourself, but be certain to get pure Blasted Magnesia especially prepared for stomach use.

Tommy and which was sliding-board. "Oh, oh, oh!" screamed Nancy. "Help, somebody, quick!"

"I'm all right!" called Weeny cheerfully. "If only Tommy Tiger would take his paw out of my eye."

"Eye, yourself!" growled Tommy. "I can't move because you are sitting on my tail."

"Here, I'll move these boards and then you can both get up," said Nick. "There! Now you're alright."

So Weeny and Tommy both crawled out, all covered with mud and dirt but not mad a bit.

"Ha, ha, ha!" laughed Weeny. "Ho, ho, ho!" roared Tommy. "We didn't get our ride but had a lot of fun, anyway. I'll tell you what we'll do next. Let's go swimming. The swimming pool is right over there."

"I didn't know tigers could swim," said Nick.

"Sure they can! Especially circus tigers," said Tommy. "Come on, everybody."

"We'll get our clothes all wet," said Nancy. "So we can't swim, but we'll go wading."

"Well, you'd better keep your magic shoes on," warned Tommy. "If you don't, you are likely to find yourself back home, and I'll have to take the rest of my vacation trip alone."

"We'll keep them on," said Nick. "They are magic so they won't get wet."

So off they all went to the jungle swimming pool. Tommy dived in first with a splash. "Fine!" cried Nick.

"That's nothing!" said Tommy. "Why, in the circus I dive twice as far, and sometimes I jump through a hoop of fire. That's what they call me, 'Fire and Water Tommy.' Come on in, the water's fine!"

So Nancy and Nick stepped right in. "Oo! Eee! Isn't it grand!" said Nick. But he said no more, for at that minute Weeny gave a run and jump and landed right in the middle of the swimming-pool. And Tommy Tiger and Nancy and Nick disappeared like sugar in a teacup.

For when Weeny went in, the water went up as though the whole Atlantic Ocean had been emptied into it.

"My goodness!" cried the elephant.

"Where are you, everybody? Where did you go? Oh, there you are. Wait and I'll save you."

"Get out of the water. That's the quickest way to save us," cried Tommy. "I think I'll be going," said Weeny, after that. "If I stay around any longer there won't be any playground left."

The ★ Nemolastik Self-Reducing Health-Way Rubber Girdles and Circlets are the ideals of fashion as well as health. They make the figure permanently smaller and actually lighter in weight. The massage they give is the correct massage. It constantly emulsifies superfluous fatty tissue, and liquefies it. It is then taken up into the circulation, in turn to be released from the body.

Unless reducing garments are built on that principle, all they can do to excess fatty tissue is to redistribute it to other parts of the body.

If you believe that your figure might be improved by correct and healthful reduction, go at once to your favorite Corset Department or Shop and be fitted to a Nemolastik Self-Reducing Health-Way Rubber Girdle and Circlet.
