ATHLETIC

Man vs. Horse.
Syracuse, N. Y., Sept. 22.—Allan Woodring, Syracuse University's star sprinter, will get a new test of speed today during the track meet which is to feature the state convention of the American Legion. Woodring will race eighty yards against a running horse. The horse, after years of service in thoroughbred races, starts from the mark and has been timed over the eighty-yard route in nine seconds, the time which Woodring at his best can equal. In fact, Woodring has stepped eighty yards in 8.2 seconds.

summer," said Tilden, "but I do expect to go in 1924 and I think Johnston will go with me." Tilden said he talked it over with Johnston and seemed to think that two years hence would be a good time to make the trip. The champion said if the trip is made they would play in singles and pair up in doubles.

YANKS HOLD LEAD; GIANTS LOSE GAME

New York, Sept. 22.—By overcoming a five run lead and defeating the Detroit Tigers yesterday, 9 to 8, while the Browns were winning from Washington, 7-6, the Yankees today maintained their lead of three and a half games over the St. Louis club. It was the Browns' first victory in their last four games.

The Yankees have seven more games to play and the Browns six. Thus if the New Yorkers win four of their contests, and the Browns win all of their games, the Yankees will win the pennant by one full game.

The Giants lost ground in their pennant fight when they dropped a second game to Pittsburgh, 6 to 1, and are now only three and one half games to the good. To make the pennant a mathematical certainty the Giants must win seven of their remaining eleven games. However, the Pirates, with eight games on their schedule, to nose out the leaders, must finish the season without a defeat while the Giants win only five of their games.

The Cubs and Phillies, and Cincinnati and the Boston Nationals split double-headers and Brooklyn won from St. Louis in other National League contests. In the American League, the Athletics defeated Chicago, 6-1, and Boston took a sweetest from Cleveland, 15 to 8, in the other games.

The Yankees will open their final series at Cleveland today, while the Browns face the Athletics. Washington at Chicago and Boston at Detroit are other games in the American League today.

Double-headers will be played between Cincinnati and Boston, and Chicago and Philadelphia, while the Pirates will continue their series with the Giants at the Polo Grounds and St. Louis will meet Brooklyn at Ebbets' Field in National League contests today.

BEIRUT JITNEYS THRIVE.

Street Cars Boycotted for Excessive Fares.

Beirut, Syria, Aug. 25.—(By mail.)—The public of this Syrian city is on strike against excessive street-car fares, and the local tramway company, instead of taking in \$800 a day, now collects more than \$2 daily. Everyone is wondering how long the Belgian company that owns the trolley service can hold out.

The few short lines of the city are not more than a third the length of the lines in a city of similar size in America, and though the service is inferior, the fares are about double the American rate.

The public demanded a fifty per cent. decrease, and, not getting it, a boycott of the system was started. For once the people have stood together. The first few days a very few people attempted to ride, but sticks and stones soon made the cars so unpopular that all desisted. A number of cars were pretty well smashed up by the hoodlums element, and then for a week not a car came out of the barns. Government aid was asked, and three policemen were furnished for each car and they began to run again. But the public stuck together, and the police were the only passengers.

Then the jitneys started up. Small American motor cars are doing a thriving business, and the car horses are getting thinner and thinner from long hours and little sleep. Although this state of affairs has continued for over a month, there seems to be no end in sight. Foreigners who pretend to understand the merits of the case over that the public is in the right and, if the present solidarity can be maintained for a few weeks longer, it would seem as though the company must yield.
