THE ARMISTICE CONVENTION

With the signing of the Armistice sistice marks the formal suspension hostilities between the Turkish Nanalists and the Greeks. Although at end already had been reached by e intervention of the Allies, the agreent arrived at makes the cessation of arfare voluntary instead of compulory, and binds both Turks and Greeks a form of procedure which will be llowed pending the decisions of the

The Turks' right to the possession of that in addition to all the other en-de areas in Asia Minor which they gineers whose advice we have Mr. e reconquered is not questioned n Thrace, which they had demanded at the action of the Allies has made hydro experience in Ontario, the Mayor possible the Thracian transfer without the further shedding of blood. The terms agreed upon provide for the orderly evacuation of the territory by the Greek army and that part of the civilian population which requires the polls. art, instead of leaving them to be g the effects of such a conflict might

have been it is difficult to estimate That danger also has been avoided and The freedom of the Straits, upon which Great Britain insisted, has been safeguarded by the provisions for the withdrawal of the Kemalist troops

The final register of the second section of

AT CITY HALL

In turning down the arbitration pro

posal of the Power Company the city council obeyed the public mandate, as it was expected to do. The Mayor was the only member who voted for the proposal. Naturally the four com issioners who have refused to follow Mr. McLellan's leadership are held up to unreasonable criticism by Power Company supporters, but that is a small thing compared to "the voice of the people," of which some of the company's supporters speak with some

contempt. The action of the four comissioners in speedily rejecting this ridiculous proposal will meet with strong public approval. The city is to be put to needless ex-

ace conference, which will be held pense in connection with further expert advice. Notwithstanding the fact that in addition to all the other en-Kribs is available to give the city and the people disinterested and first hand nformation based on a most valuable

PROTECTIVE DEVICE.

c. Each lead-in wire shall be provided with an approved protective device properly connected and located (inside or outside the building) as near as practicable to the point where the wire enters the building. The protector shall not be placed in the immediate vicinity of easily ignitable stuff, or where exposed to inflammable gases or dust or flyings if combustible materials.

The protective device shall be an approved lightning arrester which will operate at a potential of five hundred (500) volts or less.

The use of an antenna grounding switch is desirable, but does not obviate the necessity for the approved protective device required in this section. The antenna grounding switch if installed shall, in its closed position, form a shunt around the protective device.

d. The ground wire may be bare or insulated and shall be of copper or approved copper-clad steel. If of copper the ground wire shall be not smaller than No. 14 B. & S. gauge and if of approved copper-clad steel shall be not smaller than No. 17 B. & S. gauge. The ground wire shall be run in as straight a line as possible to a good permanent ground. Preference shall be given to water piping. Gas piping shall not be used for grounding protective devices. Other permissible grounds are grounded steel frames of buildings or other grounded metallic work in the building and artificial grounds such as driven pipes, plates, cones, etc.

The ground wire shall be protected against mechanical injury. An approved ground clamp shall be used wherever the ground wire is connected to pipes or piping. PROTECTIVE GROUND WIRE.

WIRES INSIDE BUILDINGS. e. Wires inside buildings shall be securely fastened in a workmanlike manner and shall not come nearer than two (2) inches to any electric light of power wire unless separated therefrom by some continuous and firmly fixed non-conductor making a permanent separation. This non-conductor shall be in addition to any regular insulation on the wire.

LOCAL NEWS

Hon. J. P. Byrne, attorney-general of the province, said last night that the crown would announce its decision in the matter of the trial of John Paris for the murder of little Sadie McAuley when the Supreme Court resumes sit-ting on October 16. It is rumored that Paris will not be tried further at the present time.

A life membership in the Dominion W. C. T. U. was presented yesterday to Mrs. David Hipwell, who will make her home in Vancouver. Mrs. Hope Thomson, the president, occuppied the chair. Mrs. F. E. Ware was welcomed as a new member. Expressions of thanks for flowers sent were received from Miss Julia Hennigar, on behalf of her mother, and from Mrs. H. N. Lawson. Mrs. Mary Seymour and Mrs. Hipwell led in prayer.

The weekly meeting of the officers of the Girl Guides Association of St John and Rothesay was held last night in the Y. W. C. A. Miss Dorothy Purdy, commissioner, was in charge. It was reported that two girls were training to become leaders. An announcement was made that the Second Rothesay troop had won the Wallace Nesbit Junior first aid competition of the St John Ambulance Association.

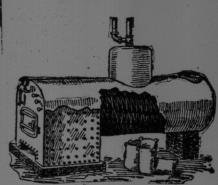

An illustrated address on the early history of the church in England was given by Venerable Archdeacon A. H. Crowfoot last evening at the first meeting for the season of the Trinity Club. Rev. A. E. Gabriel was the chairman for the meeting, and others taking part in the programme were Miss Isabelle Stevens, Miss Audrey Mullin and Miss Pauline Biederman. Refreshments were served at the close of the evening.

Hon. J. P. Byrne, the attorney-general of the province, said last night that he was appointing a commissioner today to take the evidence of the witnesses to the Benny Swim hanging in an investigation to be held soon at Woodstock. This had been necessitated, he said, by the different versions of the affair heard about the province and the high pitch of public opinion, especially about Woodstock. ZIONIST POLICY Send Message to Emir in London and Make De-

pendence for Palestine, the establishment of a national Arab government and the withdrawal of the Balfour declaration favoring the Jewish homeland, he must not presume to speak for the Arabs of Palestine.

This warning is contained in cable despatches by the Arab leaders here to the Emir, who is now in London negotiating with the British government regarding the future of his country. The Arab executive contemplates sending a delegation of Palestine Arabs to the Near East conference, in the hope of securing a revision of the Zionist policy. HARVARD BREAKS ITS REGISTRATION RECORD

ASBESTOS BOILER CEMENT

This is composed of 90% Asbestos fibre, and a cementing compound forming a light, porous covering, partaking of the nature of a felt and a cement, to be applied with a trowel to Steam Pipes, Boilers, etc., while heated. This is recommended for all steam heated surfaces. Furnished dry, to be mixed with water to the consistency of mortar, and can easily be applied by unskilled workmen.

Put up in bags of 100 lbs., sufficient for covering about 24 square feet flat surface, one inch thick......\$1.50 Per Bag
