**NEW ORCHESTRA
MAKES APPEARANCE**
The children of St. Patrick's school gave a second performance of the play, "The Coming of Gertrude," in St. Patrick's hall last evening. The new St. Patrick's orchestra made its first public appearance last evening and was received with genuine cordiality by the audience. They played several selections, all of which were splendidly executed. The orchestra is under the direction of Frank Waddington. The drilling by the school girls was a feature of the entertainment. The children, who carried out their several roles in an excellent manner, were trained for the play by the Sisters of Charity.

LOCAL NEWS

Mrs. Bouffe, the "Poppy Lady," accompanied by Madame Berneron, sailed today on the liner Sicilian, for Cuba. The two women came to the United States from France in March and have sold three and a half million poppies. They are taking several large cases of poppies with them, which will, no doubt, be a great novelty in that country.

The schooner Motor, which arrived in port from Gloucester on Friday, was seized at Long Wharf yesterday, because the Captain did not report his arrival to the Collector until Saturday, in breach of the customs regulations. The captain and crew were ordered off the vessel. A customs guard was left in charge and settlement may involve a severe fine.

The prospects of opening a well baby clinic in West St. John were believed to be much brighter than they have been for some time, according to reports presented at the meeting of the Victorian Order of Nurses directors, held last evening in the Carleton street home with Hon. Rowley was made an honorary member of the board and was appointed director of the medical advisor for the superintendent of nurses.

**OCEAN SERVICE
PLANS OF C. P. R.**

According to a report received at C. P. R. headquarters interesting changes in the Atlantic service of the Canadian Pacific Steamships Ltd. are indicated in the 1922 summer sailing schedule. Four new ships, the Empress of Scotland, Montcalm, will be operated on the St. Lawrence for the first time; a new service with the company's largest steamships will be inaugurated between Quebec and Southampton and ships which are already well known will be transferred to routes other than those, on which they have operated hitherto. Sailing between Montreal and Liverpool next year will be three Canadian Pacific liners, the new "M" ships, Montcalm, Montrose and Montserrat, all of which are over 16,000 tons and have a speed of seventeen knots. The Montcalm will make her first trip to Canada next month coming to St. John early in the new year. She will remain on the St. John-Liverpool route until April. Captain D. McKinnon, of the Clan Line, is to return to England via this port in the near future. He arrived in Vancouver last week aboard the Montcalm from Japan after delivering the steel freighter Clan Sutherland to Japanese owners at Kobe. Among the passengers on the Montcalm was Captain J. J. McLeavy, who has been a pilot at Shanghai, and is making his first visit to Canada in thirty years.

He spoke of the economic conditions of the textile workers, with special reference to conditions in other cities. William Calhoun, C. H. Stevens and Mrs. W. C. Good also briefly addressed the meeting on the political issues of the day. A large number of the cotton mill employees were present.
