Game at Hampton.			

Game at Hampton.
An exciting game of baseball was played last evening between the Hampton Village and Hampton Station baseball aggregations. The Village was victorious seven to five. The game lasted six innings and was exciting until called on account of darkness. A feature was the pitching by McPherson. Although his first game, he showed excellent form and with more practice he can be one of the best. The game was well played and fast throughout. A series between the Station and Village will be played.

Winters Still in Game.
George Winters, who is still remembered by the baseball fans as the leader of the St. John Marathons in the New Brunswick and Maine League, is still in baseball. Winters' team played two games on Memorial Day and he was on the mound in the morning, losing a tough 10-inning battle. In the afternoon

Sidelights On Sport

The fans who witnessed the game in the St. John League on Queen Square diamond last evening will remember it as one of the surprises of baseball. Nine runs will put almost any game on ice and as a general rule the team behind gives up, but St. Peter's boys proved great up-hill fighters and deserve all credit. People residing nearly a half a mile from the ball grounds said they could hear the incessant yelling of the fans.

When a team gets a batting streak like Carleton did in that first inning it is hard to stop them, unless the team on the field gets a few breaks.

The fans who were backing the North End boys last evening, must have felt sick after the first inning, but from that on their words of encouragement and cheering showed that they had confidence that their team was far from beaten.

he played his old position in centrefield and was the star in the field and the popular idol. He is with the Milford, Delaware, team.

Want Art Finnmore
(Frederickton, Glenora)
Baseball is evidently quickly coming back to its pre-war standing as the popular sport in the Maritime Provinces. That Cape Breton is taking up baseball as seriously as ever is shown by the fact that during the week-end the promoters of the Glace Bay club made inquiries here for Arthur Finnmore, who recently returned from overseas and who was one of the most highly regarded of the scores of ball players who have figured on Cape Breton teams in the past.

The inquiry which came from Glace Bay said that Finnmore was wanted and that they could use a good pitcher also. Information was at once sent that Art had left here about a week ago for St. John en route to Perth, Ont., where he had a lucrative position awaiting him at a shoe factory in which a number of other Fredericton boys are employed. It is thus unlikely that he will make the long jump back to Cape Breton unless a most attractive offer is made to him.

NORTH END LEAGUE
Curlews Defeat Beavers
In the North End League last evening the Curlews defeated the Beavers, 8 to 2. The game went six innings and was witnessed by a large gathering of fans.

GOLF.
Golf Championship.
Newton, Mass., June 9.—Charles H. Hoffman, of the Philmont Club, Philadelphia, shot a fine 72 over the Brae-Burn Country Club course today and led a field of 182 starters in the first eighteen holes of play in the national open championship. The card ties the course record, which was held by Tom McNamee, a stroke behind Hoffman were Louis Miller, of Brae-Burn, and George L. Boudien, of Commonwealth. Mike Brady, of Oakley, was in fourth position with 74 and Francis Oulmet fifth with 76. Charles (Chick) Evans, Jr., the present champion, trailed Oulmet by one

The fans on the third base line found a few strangers in their midst and soon discovered that they could do a bit of yelling too. Rivalry and cheering are essential on a ball field and tend to keep interest in the game.

In the major league Cincinnati closed in on the New York Giants yesterday and are now only three games behind them. Chicago continues to climb and is now safely entrenched in third position. The Braves are sinking and will have a hard fight getting out of the cellar. However, they will soon have company, for the Phillies are continuing to lose.

In the International League Baltimore and Toronto won and are still tied for first position. They are both drawing away from Binghamton and Rochester. Mark Burns has his Athletic Club going in full swing and a large number of patrons can be daily seen taking instruction and exercise.

stroke. Nearly all the other favorites returned low scores.

Hoffner, graced the lead by playing the last six holes in the remarkably low figures of 8, 5, 4, 4, 3, 3.

RING.
Wins Knockout.
London, June 9.—(By The Associated Press)—Eddie McGearty, an American middleweight boxer, tonight knocked out an English fighter "Bandman" Rice in the first round of a fifteen round bout. The fight took place at Blackpool, a summer resort on the Lancashire coast.

\$10,000 Picnic for Children
Toledo Post: Richard admitted on Thursday evening that the receipts might total \$700,000, which means that the government will take over \$70,000 in taxes and the Board of Education will secure for its charity fund around \$60,000. The Fight Board has already decided to spend \$10,000 for a picnic and celebration for every poor child in Toledo.

Bouts in Indianapolis
Indianapolis, Ind., June 9.—Ritchie Mitchell of Milwaukee, captured the my Hanlon of Denver in a 10-round no-decision bout here tonight. Hanlon is a boxer of the light and was able to do little else than hang on. Both men weighed 128 pounds.

Chuck Wiggins, of Indianapolis scored a technical knockout over Phil Harrison, of Chicago, closing one of Harrison's eyes in the third round. Both men are light heavyweights.

Benny Leonard in Montreal.
Montreal, June 9.—Making his initial appearance in a local ring, Benny Leonard, champion lightweight of the world, pleased a well-filled house here last night when he gave Charlie Pitts of Australia a boxing lesson and at the same time beat Leonard boxed with his opponent at all times and showed such clever defense that Pitts hardly laid a glove on him during the ten rounds.

The programme carried out by the Canadian Hockey Club furnished three knockouts in the series set up by Roddy McDonald of Glace Bay, who was so decisively defeated by Marty Cross recently, knocked out Aspin and for the first two rounds there was little advantage to be claimed by either.

AQUATIC
Yachting Expert Dead
New York, June 9.—John Hylop, a retired American yachtsman who in 1887 measured the Volunteer and Thistle for their race for the America's Cup and who officiated in five of these international contests, died at his home here today in his 86th year. Dr. Hylop was an authority on yachts and framed the measurement rules which governed racing for many years.

BOWLING
Another Good Score
Thos. J. Cosgrove put up another high string on the Y. M. C. A. alleys last evening. He made a score of 146, which in competition with three other candle pin bowlers. He started off with only a five and seven in the first frame, but followed with a seventeen spare, a twenty-six strike, a twenty strike, a nine, a ten and a fourteen box, which totalled 146.

American Record
For Miss Jimima
Latonia, June 9.—Miss Jimima, a 2-year-old brown filly by Black Tony—Valla, belonging to C. E. Rowe, broke the American record for 4½ furlongs today by 1.5 of a second when she stepped that distance in 52.8-5 seconds. The record was 52.4-4, made in the 2-year-old form of Joe Morris and Flora Park. On May 8, 1909, at Churchill Downs, Louisville, Joe Morris, with 108 pounds up, made the record, and this was equalled by Flora Park on July 9, 1912, at Salt Lake City with 107 lbs. up. Miss Jimima carried 110 lbs. today. This filly has only lost one race in four starts, she meeting with a lot of interference in her first start at Louisville and finishing seventh.

WAR DID NOT INTERFERE WITH HORSE BREEDING INDUSTRY
New York, June 9.—During the three years following the passage of anti-racing legislation, the United States lost much of its best thoroughbred blood when the Haggin and other studs were dispersed. It was feared at that time that the horse breeding industry of America had been permanently injured. The Jockey Club's records, however, show that the importations from Great Britain and France during the period of the war

"THE MAN OF MIGHT"

ST. PETER'S TAKE IT FROM CARLETON

Win Victory Against Nine Run
Handicap in First Inning

In the St. John league last evening St. Peter's nine defeated Carleton by a score of 18 to 9. The game was one of the most exciting played this season and was witnessed by a large number of fans. Carleton and before they were retired nine runs crossed the plate. It looked as if they had put the game on ice and the fans were disappointed, but the St. Peter's boys were far from beaten, and although against a nine run lead they started after their opponents and succeeded in defeating them.

It was a great up-hill fight right up to the last inning, and the fans yelled themselves hoarse.

After the disastrous first St. Peter's played in the hall and Carleton was unable to get another run across. Both teams had a large number of supporters.

The box score and summary follow:—
St. Peter's 18
Carleton 9

Score by Innings:
St. Peter's 9 0 0 0 0 9 9 3
Carleton 0 2 0 0 0 0 0 0

Summary:—Struck out by Beattie, 2; by Stafford, 0; by Hansen, 3; by Tall, 0. Bases on balls off Tall, 2; off Hansen, 1; off Beattie, 1; off Stafford, 2. Left on bases, St. Peter's, 6; Carleton, 7. Home runs, Sterling, sacrifice hits, Ramsay, Dever and McGovern. Two-base hits, Lenihan. Sacrifice fly, Tall. Stolen bases—Gibbons, 2; Dever, 1; Kelly, 1; McGovern, 2; Hansen, 1; Clarke, 2; Stafford, 1. Umpires—McAllister and Howard.

more than offset the loss incurred at that time.

In speaking along these lines recently W. H. Rowe, the Jockey Club's Registrar, said:—"We issued 800 certificates of exportation from 1908-1911 for the Argentine, Australia, New Zealand, Great Britain, France, Germany, and other European countries, but it must not be overlooked that many thoroughbreds were sent out of the country without certificates, and the figures given above do not represent the loss of that we sustained. The importation figures for the war-time period shows a total of 1,444, and it would appear to me that we have more than made good our loss. Many of the individuals which were sent abroad were of high quality and have enriched the blood stock of the countries to which they went, notably the Kendal mare, which produced the renowned Botafogo, the champion of the Argentine. Moreover, the Scotch and other foreign blood which will be assimilated in our studs should make the influence felt in the future generations of our thoroughbred families."

"With racing resumed this year on its former basis in France and England," continued Mr. Rowe, "it is reasonable to look for a falling off in the matter of yearling exportations, as there will be a market at home that was not available when the thoughts of breeders were on the preservation of their country."

The desire of the Jockey Club to re-establish weight for age racing is most commendable. Every association racing under its jurisdiction will undoubtedly within a short time give one or more of these events at each meeting. They are needed as a guide for the breeders of the country. Each event will also be a decided stimulus to racing, as it encourages sportsmen to breed or to secure by purchase the best specimens of the blood horse.

**STIRRED DAY AT
BIG MEN'S CAMP**
Dempsey Has Old Eye Wound
Opened and Willard Gets Big
Bump on Cheek Bone

Toledo, June 9.—Jesse Willard and Jack Dempsey tonight are nursing bruised heads as a result of spirited workouts today. While boxing a 130 pound negro, an old wound over Dempsey's left eye was opened when the challenger's sparring partner landed a grazing left hook. The blood streamed from the wound and for fear of further damage Manager Kearns called a halt on the glove work for the afternoon. The cut may prevent Dempsey from boxing for several days as it is feared the wound may keep opening up.

Willard received a bump as big as a door knob on the left cheek bone as a result of a right hand swing landed by Jack Hempel in the first round. The champion increased his boxing to eight rounds after doing five miles of road work in the morning. He went three rounds each with Hempel and Walter Monahan, and two with Soldier Stanton, who was all but knocked out yesterday. The champion was apparently afraid to hit Stanton. Willard imitated the style of Dempsey while following Stanton around the ring, much to the amusement of a big Monday crowd. "Big Jess" crouched as Dempsey does and shifted and feinted his way into close quarters.

Dempsey opened his workout facing Jack Ross, a 200 pound youth from Winnipeg, who claims the heavyweight championship of Canada. Within thirty seconds Ross was on the canvas, knocked out. Dempsey floored him after ten seconds of boxing with a short, right hand punch to the chin. After Ross staggered to his feet the challenger slipped over a left hook which finished him.

The challenger then stepped two furious rounds with Sgt. Bill Tate and was in the middle of his first round with the Jamaica Kid when the wound was opened. Dempsey pleaded to be allowed to continue but was overruled. He left the ring in humiliation, saying to the crowd in a boyish way: "Accidents will happen, you know."

Willard said today that his training

had never been so easy for him as for this contest. "Rough work used to be punishment of the worst sort for me," said the champion. "My feet always seemed as heavy as lead and I was tired and lame at the finish. I used to confine myself to three miles of it. Now, however, it is really a pleasure. I seem to have more energy and seem to get along faster. I went between five and six miles yesterday and felt fresh and strong at the finish. I honestly believe that I could get in condition within ten days if necessary."

RACETRACK GAMBLING
In the Anglican synod in Toronto last week Archbishop Inglis read a telegram from Ottawa which stated that parliament and bookmaking might again be legal in Canada on the signing of peace, though the embargo might not be lifted for six months after that date. The archbishop said this was not satisfactory, but it was too late in the present session to do anything. He desired a resolution passed if only as a protest. During one-half of 1917 the archbishop showed that race tracks had turned over betting to the extent of \$12,507,000, on which they took a percentage of \$1,162,543. Extravagance of this nature he felt to be no more necessary in peace than in war. Canon Plamptre seconded the motion, calling race track gambling a "soul damning business." The resolution, which was adopted, calls upon the members of the synod to do all possible to encourage a healthy public sentiment against legalized race track gambling.

Fine Exhibition
Allentown, Pa., June 9.—Pete Herman, bantamweight champion, tonight fought a fast draw with Terry McHugh, a local boy, before a large house. It was the finest exhibition of boxing every put on in this city, and while given a hard battle Herman was not forced to his limit.
