## PIE UP BODIES OF SLAIN TO CHECK ADVANCE OF TURKS

### Six Thousand Turkish Dead Found in Road After Fall of Kumanova

### Ottoman Army Opposing Greeks Declared Disorganized — Verria Taken by Crown Prince Constantine Without Resistance—Report That Turkey Seeks Peace

(Canadian Press)  
London, Oct. 30.—Terrible details are reaching Belgrade, according to the Standard's correspondent there, of the retreat of the Turks from Kumanova. Six thousand corpses were found on the road from Kumanova to Ustip, and six truckloads of petroleum had to be brought from the rear for the purpose of burning the dead. The Constantinople correspondent of the Standard says it is considered a bad sign by the Turkish authorities that no news has been received of Zeki Pasha's army in the north of Macedonia.

The Daily Telegraph's correspondent at Kozani describes the Turkish forces opposing the Greeks as entirely disorganized and incapable of offering resistance. He says that the Greek force is advancing by night to Verria, while the Greeks also hold the Monastir railway and, adds that if the Turks have no reinforcements at Saloniki, that town will soon be in the hands of the allies.

The Greeks showed great dash and bravery in assaulting and carrying the positions in the long defile of Seranodopo where they suffered very severe losses. It is officially announced that the railway to Kiriakish is again in operation, and that the Turks have begun the offensive movement.

The Turkish forces at Vales numbered 80,000, says a Belgrade despatch to the Express. The fighting there was exceptionally sanguinary. The Turks were utterly demoralized and made a wild retreat in the direction of Monastir and Saloniki.

The difficulties of the Greek army in transport and communication in the absence of a railway are described in a Larissa despatch. Everything must be carried by pack animals.

The roads are in a terrible condition and cut up by artillery. The crown prince is pushing east with great haste, as the army must have supplies to be replenished by the way of the sea.

A report is given in a Vienna dispatch to the Daily Telegraph that Turkey has already sought Serbia with a view to peace negotiations, as Serbia so far has taken possession of the most important place. King Peter has already warned King Ferdinand of this scheme, which is regarded as a Turkish attempt to stir up discussion in the Balkan federation.

Greeks Take Verria  
London, Oct. 30.—The Greeks today occupied the Turkish town of Verria without resistance, according to a news agency despatch from Athens. The Greek army is now within fifty miles of Saloniki, and it is believed the railroad from Storti to Verria will be in the hands of the Greeks.

## MONTREAL INTERESTED IN COAL AT STUDDOLM

Montreal, Oct. 30.—During June last people in this city learned that indications of coal showed in shale croppings in a creek in the parish of Studdolm, New Brunswick. Proceeding there, they found the indications so conspicuous that they secured samples in a creek that runs through their location. Having had them analyzed and found their heating qualities favorable for surface outcrop they are now contemplating further proceedings.

They had some borings done, and found a large cropping about ten feet from the surface. The coal seems to be equal to any produced in Canada.

The owners of the location, Messrs. D. Johnson, of the Hiram Johnson, Limited, and M. K. Nolan, broker, of Notre Dame street, are of the opinion that the project will be developed should the property open out as well as surface indications would warrant.
