SITUATION IN BALKANS TAKES TURN FOR WORSE

Hungarian Premier Makes Disquieting Speech

OBJECTS TO CZAR'S MESSAGES

Says Solution Thus Arrived at Is Not Satisfactory — Meanwhile Conditions in Bulgaria and Servia Become Daily More Dangerous

(Canadian Press)

Budapest, June 20.—Count Tizsa, the Hungarian premier, after a conference with Count Von Berchtold, Austrian minister of foreign affairs, made an important speech yesterday in the Hungarian chamber. It is regarded as indicating the resentment of Austria-Hungary as to the lecture delivered by Russia to Bulgaria and Servia in the czar's message to the rulers of those countries.

The count's speech took the form of an expression of fear for the independence of the Balkan states and insisted on the rights of the latter to settle their differences as they choose, either by war, mediation, or arbitration. Their decision, said the count, must be perfectly free or otherwise the solution of the difficulty would amount to intervention.

"Such a solution," said the premier, "we would not accept. We will not allow any power to obtain special privileges in the Balkans."

Despatches from Sofia and Belgrade represent things as daily becoming more dangerous. The latest Bulgarian reply to Servia's note is tantamount to a refusal to do so. She is determined to fight unless Servia yields. Bulgaria is still holding out from the conference of premiers in St. Petersburg and for this reason Premier Pashich of Servia has not gone to the Russian capital.

The witness is vice-president of a Canadian Company which manufactures harvesting machinery. He said the foreign trade of his concern had increased 100 per cent in the last ten years. His company, he declared, found the same difficulty that the International did in selling through jobbers, as soon as the latter sold a machine they lost interest in the buyers.

Put Pinkerton Sleuth on Trail of Fox Thieves, Says P. E. Island Jury

Twelve Criminal Cases in Prince County Court Include Several of Fox Stealing — Rich Haul Tempts the Crooked Ones — One Prisoner Says Guilty and Gives Crown Evidence

(Special To Times)

Charlottetown, P. E. I., June 20.—Queen's county jail, in Charlottetown, had not a single prisoner in it last week, and for some time Kings county jail in Georgetown has had only one—James A. McInnis, who will be tried for manslaughter at the middle of next month. Prince County, however, is different.

The supreme court at Summerside has twelve criminal cases for trial. John Murray, charged with arson; James A. Webster, larceny; Jas. Cahill and Benjamin Souler, shop breaking; Edgar Cannon, stealing boxes from the Belle River Ranch, and also from George Harbour; Frank Dawson, larceny; Ernest Stimpson, stealing boxes from J. E. Birch; Thomas Murray, larceny, breaking jail and conspiracy to steal boxes; Charles Burns, conspiracy to steal boxes, and Lem Coughlan, receiving stolen goods.

The grand jury found true bills in all cases with the exception of those of Frank Dawson and Charles Burns. This is one of the most criminal records on the island for many years. The small fox ranchers have been the worst losers. The larger companies can afford to adopt effective measures for the protection of their property, including watchmen, blood hounds, burglar alarms and men traps. At this season the temptation to steal young foxes which are worth from \$6,000 to \$10,000 each, is very great as the pups are so small they can be easily concealed and shipped off the island, perhaps to be sent back again and sold here.

New Acts; Severe Penalties
At the last session of the legislation acts were passed to cover especially fox stealing and making the penalties very severe. In the fox cases tried so far Ernest Staples pleaded guilty. He also appeared as crown witness in the case.

UNCLE SAM MAY TAX JAMAICA BANANAS; PLANTERS ARE WORRIED

Place Their Case in Hands of British Ambassador — Serious Blow to Them

The government was appealed to for help and a cablegram asking for details was sent to the British ambassador at Washington.

The banana industry is the principal one of Jamaica and as most of the fruit goes to the United States the tax will be a serious blow to the British colony.

CHICAGO TROUBLE, 45,000 QUIT WORK

Deadlock Between Builders And The Unions

MILLIONS IN JOBS TIED UP

Coal Operators of West Virginia Districts Refuse to Recognize United Mine Workers of America and a Strike Threatens

(Canadian Press)

Chicago, Ill., June 20.—A deadlock existed today between the 500 members of the building construction employers' association and the 10,000 members of seventeen building trade unions, who were locked out yesterday.

More than 25,000 laborers whose work dove-tailed in with that of the locked-out men, automatically lost their jobs, making a total of 45,000 men thrown out of work. The lock-out effects more men than any similar action in the history of the labor unions in Chicago.

The lock-out suspends work on improvements aggregating \$45,000,000, including ten office buildings, the county hospital, fifty buildings in Michigan avenue, and 500 apartment houses. Looks Like Coal Strike

Washington, June 20.—Fifty coal operators representing virtually all the mines of the New River, Pocahontas and Virginian coal fields in West Virginia, after a meeting here yesterday, have agreed to refuse recognition to the United Mine Workers' of America in dealing with their employees. It was announced after the meeting that the decision was unanimous and final demands of the miners for recognition would not be considered further.

Notice was given the operators several days ago that a general strike would be called on July 1, unless the union was recognized. Several thousand men would be involved in each of the fields.

AUTO SPEEDING 100 MILES AN HOUR HITS CART AND THE DRIVER'S LIFE IS ENDED

Three Other Changes in Maine Line-Up — Pinkerton Out of Game For Few Days

The accident occurred at Marcell, Zuccarelli was speeding at 100 miles an hour, when a horse emerged from a sunken cross road. The automobile drove right through the obstruction, was overturned, pinning the occupants beneath.

Zuccarelli won the grand prix for light automobiles at Le Mans in September, 1912.

CANADIAN NAVAL MATTER AGAIN IN BRITISH HOUSE

London, June 20.—The Malay battleship which Rt. Hon. Winston Churchill said was being built in connection with the Canadian dreadnoughts, goes towards the formation of an imperial fleet, according to a question in the House of Commons yesterday when Sir John Rees inquired of the first lord, what he intended to do with it.

Mr. Churchill made the reply that the plan which he foreshadowed in introducing the navy estimates involves the employment of the Malay battleship in conjunction with any ships Canada might purchase.

Developments which have taken place as regards the latter made it undesirable at the present to elaborate this suggestion. As the Malay ship will not be completed until 1915, the matter could well remain in abeyance.

LETHBRIDGE HIT BY A WIND STORM AND CLOUDBURST

Gale Does Lot of Damage and Deluge Makes Things Worse

Lethbridge, Alb., June 20.—A combined hurricane and cloudburst struck Lethbridge yesterday and considerable damage is reported. The city spent the night in darkness, owing to the disabling of the power plants, also in telecommunication in the city and on the rural lines was partially destroyed.

The gale ripped the roofs off several houses, permitting heavy damage by water. Several barns, outhouses and fences were blown down and many trees destroyed. In some sections of the city, shacks were rolled about like boxes and piled upon one another. Rain came down in a perfect deluge and scores of cellars are flooded. The precipitation which in an hour here amounted to 1.11 inches was general over the south country.

ROTHESAY 'PHONES AGAIN DISCUSSED

Lower Classification Not Objected to, But Increased Tolls Are Commission to Sit Again This Afternoon

The New Brunswick Public Utilities Commission met here this morning to hear the protest of the Rothsey subscribers to the proposal of the New Brunswick Telephone Company to place their exchange in a new classification, and also to introduce a ten-cent toll charge each way on all messages between St. John and Rothsey.

After the matter had been discussed, the council for the subscribers withdrew the objection to being included in class D, but maintained the protest against the increased tolls. At the close of the hearing the commission adjourned for lunch and will meet this afternoon to consider the matter. It is not likely that their decision will be announced today.

Their Proceedings
Chairman G. O. D. Otty, presided with commissioners A. B. Connell and Felix Michaux and Secretary F. P. Robinson present. The telephone company was represented by W. A. Ewing, R.C., J. B. M. Baxter, R.C., A. W. Bennett, F. P. Robinson, president and O. J. Fraser, superintendent. H. F. Puddington and A. H. Hanington, K.C., appeared for the Rothsey subscribers.

Mr. Puddington presented the case for the Rothsey subscribers, saying that the close relation between that suburb and St. John put their exchange on a different basis from others. Most of the subscribers had installed the instruments for the sake of securing communication with the city rather than for local use. If a toll charge of ten cents each way was made they had a right to expect at least a reduction on their rental charge. Counsel for the company objected to the introduction of a new petition for revision of rental rates, contending that the toll charge was the only issue before the meeting, as the rental rate was fixed by the classification.

The Bangor Maroons arrived in the city this morning on the Boston train without Manager Magoon. The players from his resignation, Mr. Magoon said that he had done his best to make good team and wished to be relieved of the responsibility. The management also let three of their players before starting for St. John last evening. They are: Pitcher Giersch, who was picked up by the Maroons after being sacked for the Boston team; Outfielder Hammond and First Baseman LeBrun. Swasey is now holding down the infield for St. John last evening. The Bangor team, like all the others, is putting up snappy baseball.

Mr. Magoon, and it is not expected that the vacancy will be filled until the team returns home.

Wallace will be on the mound for the Maroons this afternoon, and it is expected that either Shankley or Tarbell will pitch for the Maroons.

Pinkerton on Sick List
His admirers will regret to learn that Pinkerton, the Maroons' second baseman will be out of the game for a few days, owing to a swelling upon his leg. While playing last year Pinkerton wrenched his knee and it is thought that this might have had some effect. His place in the game during his absence will be taken by Eddie Ramsay of this city.
