The mystery regarding the sex of Frank Dubois, the female husband of the Waupun young lady, has at last been cleared up. The Globe correspondent got a carriage and started on a search for the couple, finding them after much trouble at Brandon. Dubois was without a coat, and appeared to be a slender, effeminate person. She is 4 feet 11 inches in height, weighs about 100 pounds, and has broad hips, a full chest, short arms, and very small and slender hands and feet. The woman known as Mrs. Dubois—Gertie Fuller s apparently about 17 years old, about Dubois' height, and is rather a pretty blonde, with dark hair. She was in tears, and appeared greatly distressed when the question of her husband's sex was mentioned.
