A trainload of immigrants from the Hamburg-American liner Assyrria, from Halifax, passed through the city between three and four o'clock this morning. Between ten and eleven o'clock a second train arrived. The Assyrria brought to Halifax about nine hundred persons, nearly all of whom were bound for the Canadian Northwest.

The funeral of the late William J. O'Grady took place at half-past eight o'clock this morning from his late residence on Albert street, Carleton. The body was taken to the Church of the Assumption, where requiem mass was celebrated by Rev. Fr. O'Donovan, after which interment was made in the Sand Cove cemetery. The pall-bearers were Jeremiah Sullivan, Patrick Nannery, William Connolly, John Driecoll, John Sullivan and Mr. Gainey.

THE SAILOR MEN.

Although sailors are now more plentiful in the city than was the case some weeks ago a number of the ships in port are meeting with considerable difficulty in securing full crews. A feeling seems to exist among the men that it is not advisable to sign articles for any definite number of months. They prefer going for the trip, but this does not suit the shipping agents, who want the men for a fixed period. On account of this several ships in the harbor are unable to obtain men and there is some talk of bringing sailors here from other ports.

THE MILK VENDORS.

This morning the reports against milk vendors who had failed to take out the necessary licenses were taken up by the magistrate. Only one vendor appeared, and his excuse was that he was unable to fill the regulations in regard to stating the exact quantities of milk sold by him. He was sent to the board of health to arrange matters with them. All the other vendors have complied with the law and are now fully qualified to dispense milk, whether common cow or Jersey.

A VETERAN MINISTER.

Rev. J. Noble, of Woodstock, the veteran clergyman of the Free Baptist church, is in town. He is 87 years of age and vigorous and able to take two services every Sabbath. He has no pastorate, but visits the churches in the various parts of the province. He is enroute for the Sixth District meeting, which meets at Dover, W. Co. this week. Later he will attend the Seventh district meeting, which meets at Grand Manan on the first of August.

QUEENS CO. COAL.

A large area of coal fields at Newcastle, Queens county, is being stripped by Senator King and his son who expect to ship several thousand tons within a few months. This place is about 15 miles from Chipman and a large force of men are at present employed perfecting the drainage, etc. A store and houses will also be built.

AMBULANCE CALLS.

The ambulance was called out twice yesterday, the first time to convey from the hospital to her home a patient who had been undergoing treatment, and the second time to remove Mrs. Harry Duncan from her home in Fairville to the hospital.

Another lot of those very popular mid-weight Wool Frieze Walking Skirts have just been received at DYKEMAN'S.

MCGILL STUDENTS.

Among the successful candidates in arts at the McGill matriculation examination were Julia M. Hill, St. John, and Muriel A. Lyman, of Summerside; in medicine, Wm. Kennedy, Kensington; P. B. I. in applied science, Hiram H. Archibald, Hillsboro; Thos. B. Blackadar, Hebron, N. S.; T. C. Fraser, New Glasgow; Hugh N. Morris, Halifax.

DUFFERIN HOTEL.

Hart, Boston; S. Nairn, Montreal; Jas. E. Fairclough, Sussex; Geo. Myers, Sussex; Mrs. K. A. Ewing, Boston; R. S. Smith, Boston; R. Miller, Boston; Maurice Weigley and wife, Boston; J. Richardson, Montreal.

RELIGIOUS DIFFERENCE.

The Baptists of Ottawa have opened up a mission on Clarence street in the heart of the French district. At early mass at the Basilica on Sunday Mr. Toucher, vicar general, said the establishment of the mission was a direct insult to the French Catholic clergy and laity. He expressed his regret that the hall had been rented for mission purposes by a French Catholic, a parishioner at Basilica.

POLICE COURT.

Swallowed His Vase and Coughed Up Four Dollars.

Only two drunks appeared this morning. One of them was George Kilpatrick, who had been charged with liquor on Clarence street. He swallowed a small amount of his week's earnings and the magistrate made him cough up four dollars.

William Wickman was found in a hilarious condition between nine and ten o'clock last night and was given shelter by Officers Rankin and Sullivan. He was fined four.

The case against Dow Parks for assaulting James O'Brien was taken up this morning. Evidence was given by O'Brien and Officer Hamilton. The former appeared reluctant about saying anything against Parks, but finally admitted that he had been pushed. The three scars on his face seemed to indicate the same thing and Parks strongly protesting his innocence was fined ten dollars.

Officer Collins, of the I. C. R., reports a boy by the name of Matthews for stealing brass fittings from the roundhouse and Maurice John for buying them from the boy.

WAS ON THE CUMBERLAND.

Miss Elizabeth Dutcher, daughter of the late Rev. C. W. Dutcher, formerly of Carleton, is in the city today. Miss Dutcher was a passenger on the steamer Cumberland which was injured in the collision in Boston harbor yesterday. She states that the Cumberland was listed and towed back to the wharf where considerable excitement ensued among the passengers over the uncertainty of obtaining passages on another steamer. The accommodations on the St. Croix were at that time nearly all taken, and on account of this many of the Cumberland's passengers were unable to secure berths. Miss Dutcher came to St. John this morning on the St. Croix, and will visit friends in St. Stephen.

NATIVE BEEF LOWER.

During the past week the price of domestic beef has dropped down as low as four and a half cents wholesale. This is accounted for by the very small demand at present existing. Many persons who are usually the best customers are at present living out of the city, and those who are still in town are buying chiefly on lamb and berries. In addition to this the grass fed beef is now being brought in and the local supply is greater than was the case some weeks ago. A number of carcasses brought to the market last week met with a very slow sale, and although the usual high price was demanded at first, it was not received. The wholesale men say that once the price has gone down it will be hard to send it up again, but the imported article is still keeping up.

HORSES SOLD CHEAP.

This forenoon at A. C. Smith's stables in Carleton Auctioneer Potts offered for sale a number of horses which had been sent here for shipment to Africa, but which are not required. There are one hundred and two horses in the lot and half of them were disposed of today. The sale will be continued tomorrow. These animals are chiefly American prairie horses and it is said that all have been broken to the saddle, but have never been put in harness. They are light in weight, ranging from 800 to 1000 lbs. and are, of course, only good for driving.

The sale this morning was largely attended, many persons having come in from different parts of the country to attend it, and the horses as a rule brought good prices. In several cases \$80 was obtained, but some of the animals went as low as \$18.

It is something of the value of Taffeta Silk to know that it will not out. They are selling a Guaranteed Taffeta Silk, in black, at DYKEMAN'S.

PERSONAL.

Mrs. Sydney M. Melaney will receive her friends on Thursday of this week at her residence, 260 Waterloo street. Steven O'Keefe and family, of Boston, are in the city. Mr. O'Keefe is a member of the editorial staff of the Boston Journal.

Austin C. Stead has left the Bank of Montreal in this city and has gone to Montreal, where he has accepted a position with J. H. Riddell & Co., accountants and brokers.

Geo. W. Fowler, M. P., is in the city today.

Mrs. Geo. W. Ellison (nee Willis) will receive her friends at 110 St. James street on Wednesday, July 9th, afternoon and evening.

THE FRUIT TRADE.

By today's steamer A. L. Goodwin received seventy-five baskets of apples, twenty barrels of squash, three hundred melons, fifty crates of pineapples, two crates of Boston cabbage and two barrels of cucumbers. On account of the 4th of July trade in the United States, all fruit and green stuff was somewhat scarce, but supplies are now plentiful. Bananas have been scarce, but are of good quality. A consignment of five hundred bunches for Mr. Goodwin was on the steamer Cumberland, and would have been here this morning but for the accident. This fruit will arrive on Wednesday.

MONEY FOUND.

In connection with a recent alleged theft of \$157 from John Rodgers' house on Millidge street, the following entry was made in the police court books this morning by Sergt. Kilpatrick: "Searched the premises of John Rodgers, situated on Millidge street and found in a woodpile in the yard one hundred dollars, consisting of four twenty dollar and two ten dollar bills."

MONTELOTT SOLDIER KILLED.

MONTREAL, July 7.—A correspondent of a local paper on board the steamship Winnipeg, which sailed from Halifax on May 15th with the Sixth Regt., Canadian Mounted Rifles, writes that on June 6th the launching of the ship in a heavy sea pitched six members of D Squadron through one of the ship's bows. Trooper Grotto, of Montreal, N. B., was instantly killed; Trooper Hickey of Halifax was badly injured and is not expected to recover, and Trooper Harper had a leg broken. Two others were badly bruised.

WOMEN'S COUNCIL.

(Continued from Page One.)

each year on May 15th, the anniversary of the conference at the Hague.

Miss Mabel Peters thought that this question should not be passed by lightly.

Mrs. R. C. Skinner moved that the matter be relegated to the executive committee. The motion was carried unanimously.

It was further suggested in the report read by Miss Wilson that all the national councils hold their annual meetings at the same time. No action was taken.

On motion of Miss Baxter, seconded by Lady Taylor, the financial questions mentioned in the international report were relegated to the executive committee.

The council nominated Lady Aberdeen as the coming president of the International Council to meet at Berlin in 1904.

Mrs. Marion Baxter of Seattle, called on to speak on provident schemes for women, told of the advantages of the ladies of the Maccabees, a fraternal insurance association. An effort will be made to extend the order to these provinces.

Lady Taylor asked how long the society had been in existence. She was informed that it had been organized ten years ago. Lady Taylor gave it as her opinion that a society in existence for ten years and only taking risks under fifty years of age could not have a heavy death rate.

Mrs. Rose Holden's, of Hamilton, paper on Provident Schemes for Women was read by Miss Meston of Hamilton. In it she recommended and moved that a system of old age pensions, superannuation or endowments be encouraged by the council.

Lady Taylor moved that the papers be received, but that the council refuse to accept any of these schemes. The amendment was seconded by Mrs. Baxter. It was carried.

Mrs. McNaughton read a paper on Penny Savings Banks, prepared by Mr. McLean, secretary of the National Charity Organization. The paper went into the question somewhat exhaustively and discussed the different phases in detail.

Mrs. Cummings read a short paper prepared by a civil service officer, in which investment in government securities was recommended as the surest and safest.

Mrs. P. C. Skinner said the matter of penny savings banks was a vital question in St. John, and the idea of the committee looking after the matter was to have it introduced into the schools.

Miss Machar of Kingston, Mrs. McCready of Charlottetown, Miss Eglaugh of Montreal, Mrs. Walker of St. John spoke on the question.

Adjournment was then made until four o'clock.

NOTES.

The Victorian Order of Nurses' meeting tonight gives promise of being the most interesting during the session. Dr. Worcester and Miss Scovill will speak, and the evening will take the form of a conversation. Light refreshments will be served.

The regular business of the council is practically over.

Lady Taylor this morning failed to see the necessity of the council taking up any provident schemes.

This afternoon the delegates will take a trip around the harbor on the Seicunda.

Mrs. Baxter is an earnest and energetic advocate of the Ladies of the Maccabees.

For the doubters, the secretary of the council has prepared a list of reforms which have been carried out successfully during the last three years by the local councils. The list, not yet completed, contains one hundred and five important items.

The ladies having charge of the luncheon room today were Mrs. A. H. Hanington, Mrs. Silas Alward, Mrs. P. Inches, Mrs. A. Holly.

HEAVY SUMMER TRAVEL.

In spite of the continued unfavorable weather tourist travel this year promises to be much greater than during the past two seasons. Usually those Americans who wish to spend the summer away from home do not visit the provinces until the latter part of July and the last week of this month is regarded by hotel men as being the real opening of the tourist season. But this year, contrary to expectation, the travel has already commenced and seems as though residents of the Atlantic states had only remained home until after the fourth of July. In one of the hotels, out of forty-four persons registered yesterday, only nine were from provincial points, and in another hotel, nineteen out of twenty were from the United States. The hotel keepers are somewhat surprised at this early opening of the tourist season, and regard it as indicative of a good business.

THE DOG COURT.

The second session of the dog court was held this morning, those bowwows from the north end whose owners did not have a proper regard for the feelings being dealt with. A number of names were on the list, and as has been the custom from time immemorial they one and all began to make excuses. Grand Bay and Kennebascasis Island are now the favorite summer resorts for the dogs, that is for those dogs who have not come to untimely ends by accidental drowning or the discharging of revolvers before they had time to stand from in front. No fines were imposed this morning, but several persons who had not taken out licenses were ordered to report again on Friday.

LONDON, July 7.—In the house of commons this afternoon, A. J. Balfour, the government leader, announced that an autumn session of parliament would be necessary, beginning about the middle of October, and that the house would adjourn early in August.

APPEAL

TO THE HOSPITALITY AND PUBLIC SPIRIT OF OUR CITIZENS.

MR. F. W. JAMES, representing the Exhibition Association, will call upon Householders during this month, to solicit their co-operation in the matter of

HOUSING VISITORS

To Our Great Exhibition, St. John, 30th August to 6th September, 1902.

A PRIVATE REGISTER will be kept at the EXHIBITION OFFICES, Water Street, and parties willing to assist in this matter so vital to our Show's success, will greatly facilitate work by sending their names and addresses in now, without waiting for our representative's call. No names will be published where privacy is desired.

When it is remembered that during the 1900 Exhibition visitors were forced to WALK THE STREETS ALL NIGHT through lack of housing accommodation, and that this year a very much greater influx of visitors than ever before is already assured, the necessity for the above appeal will be obvious.

While thanking those who have already placed their available apartments at the disposal of Exhibition visitors, the Association feels that the matter has not yet received the serious consideration it merits from our Citizens, the accommodation offered being FAR SHORT OF THAT REQUIRED.
