Make Cooking Easy

Distress in the Stomach

Hundreds of Thousands of Bot-
ties of Nerviline Used Every
Year for Curing Cramps,
Diarrhoea, and Stom-
ach Disorders.

Deadly cramps--the symptoms are not
to be mistaken. Suddenly and with-
out warning the patient experiences such
agony in the stomach as to comfort the
countenance and cause him to cry aloud
for help.

Then it is that the
wonderful power of
Nerviline can make
itself felt--it cures
so quickly you
would think it was
made to cure cramps
only.

"Last summer I was stricken with a
frightful attack of cramps. I feared
the pain in my stomach would kill me.

"My eyes bulged out and the veins in
my forehead stood out like whipcords.

"My cries attracted a neighbor, who
came to my assistance, and in a moment
or two handed me half a teaspoonful of
Nerviline in some sweetened water.

"It seemed as if an angel had channeled
away the pain. In ten seconds I was
well. Nerviline has a wonderful name
in this locality and is considered best
for cramps, diarrhoea, flatulence, stom-
ach and bowel disorders. I urge all my
friends to use Nerviline.

The Example Of Parents

A good parents first cure is to be virtu-
ous himself, his second to make his vir-
tues as easy and engaging to them about
him as their nature will admit. Virtue
itself offends when coupled with forbid-
ding manners; and some virtues may be
urged to such success, or brought for-
ward so unseasonably as to discourage
and repel those who observe those who
are acted upon them instead of exciting
an inclination to imitate and adopt
them.

"Just Going To"

He meant to insure his house, but
it was burnt out before he found the
time to do it.

He was just going to help a neigh-
bor when the man died.

He was just going to send flowers
to a sick friend when it proved too
late.

He was just going to stop drink-
ing and dissipating, when his health
became wrecked.

He was just going to provide pro-
tection for his wife and family, when
his fortune was swept away from
him.

He was just going to introduce a
better system into his business, when
it went smash.

He was just going to call on a cus-
tomer, when he found his competi-
tor had preceded him and secured
the order.

He was just going to leave work
a while and take a holiday, when
nervous prostration came.

He was just going to provide his
wife with more help, when she took
to her bed and required a nurse, a
doctor and a maid.

Colonial Navies

Will the British Empire be weak-
ened or strengthened by the new
scheme of Colonial navies? Will
the Dominions in the future be more
or less than allies? It seems that
the existence of small Colonial squad-
rons add nothing to and takes nothing
from the power of the British
navy.--Le Temps, Paris.

It's a pity when sick ones drug the
stomach or stimulate the heart and kid-
neys. That is all wrong! A weak stom-
ach means weak stomach nerves, always.
And this is also true of the heart and
kidneys. The weak nerves are instead
crying out for help. This explains why
Dr. Shoop's Restorative is promptly
helping Stomach, Heart and Kidney
ailments. The Restorative reaches out
for the actual cause of these ailments--
the falling "inside nerves". Anyway
test the Restorative 48 hours. It won't
cure so soon as that, but you will surely
know that help is coming. Sold by all
Dealers.

The First Newspaper

It was from China that the first
newspaper was ever issued. This
was away back in the year 713, and
it appeared without a break up to
the present year. Many copies of
the old number are still preserved in
the museums of the larger cities
of Europe, and in some of these
earlier copies are accounts of the
discovery of America by Columbus.
The first English newspaper which
was called the "London Gazette,"
dates back to November 1665. In
1690 the first newspaper in the Unit-
ed States was published in Boston.
The title was "Public Occurrences."
In 1729, Benjamin Franklin sent out
to the public from Philadelphia the
first number of the "Pennsylvania
Gazette."

Pink Pain Tablets--Dr. Shoop's--
stop Headache, womanly pains, any pain
anywhere, in 20 minutes sure. Formu-
la on the 25c. box. Ask your druggist
or doctor about this formula--it's fine.

The Able Man's Age

We are told times without number,
and in a manner most oracular, that
this is a young man's age. We are
told the young men in business and
the professions as evidence of the
tendency to regulate the grey heads
the background, and the subject is
good for an indefinite number of
pathetic preachments.

As a matter of demonstrable fact,
this is no more exclusively a young
man's age than any previous era in
history.

At all times and in all periods the
call has been for ability, for strength
and experience to bear the world's
burdens, to fight the battles of peace
and of war.

And in the response to the call,
the man of elderly years has been
relatively as prevalent as the young-
ster. Ability and endurance and ex-
perience have a market value at what-
ever age. A calling of the roll, more-
over, of the men instrumental to-day
of the men in American finance and
industry and politics would disclose
the posts of greatest responsibility
held by men ranging well up toward
the scriptural limitations.
