BIG BUDGET OF NEWS FROM CAMPBELLTON

Question of Fire Zone is Much Vexed—Removal of Wooden Buildings Might be Injustice.

Special to The Standard. Campbellton, Nov. 20.—The town council are deliberating on a matter of some delicacy. The matter under consideration is the removal of all wooden buildings within 100 feet of the Water street, before the 31st of December, 1911. Most of the occupants of these buildings, lost heavily by the fire, and are fighting bravely against adverse circumstances. It is felt, the council is disposed to be fair to all concerned, and that they will solve this difficult problem in the best interests of the people.

The sale of game licenses is not as large as usual; the sportsmen report a scarcity of big game. Only a few birds had been taken.

Messrs. Miller and Ingram are erecting a large roomy skating rink with spacious ante rooms. This rink will be one of the largest in the province, and hockey enthusiasts are expecting a good season's sport.

The census department have given out the official figures for the town of 3818. This is a slight bump for Campbellton, as the population is usually estimated at five or six thousand.

The remains of the late Police Officer David H. Harris were laid to rest in the rural cemetery on Saturday, the 18th inst. The pallbearers were the brother policemen of the deceased and two friends from the Foresters. The Rev. P. P. Drumm, conducted the funeral service. Much sympathy is felt for the young widow, and her four small children.

P. S. Martineau and W. T. Gray, who were convicted for a second offence against local option, and appealed, have succeeded in getting the convictions set aside.

Mr. Almeo Lacasse's handsome brick block on Water street, is nearing completion. Mr. Lacasse will occupy a portion of the first floor, with his pool room; the remainder will be taken by Mr. Jos. Pichel, manufacturer of mens' apparel. The second story will contain handsome office suites.

Much criticism is heard on the streets upon the condition of Mowat's crossing. The tracks are reported to be crossed at this point, and no lights send forth their kindly rays at night to guide pedestrians. On days stormy nights, with blinding engines moving in all directions, it is a dangerous undertaking to get over the slippery rails. It is hoped that the city council will have something to say about this.

Mrs. Shaw, of Montreal, was visiting in town recently.

Miss Ruby Graham left for Montreal on Wednesday.

Mr. A. B. Anslow, editor of the Graphic, has just returned from a pleasant trip to Boston.

Prof. Sibleton, formerly of St. Andrews church here, has received the appointment of organist in St. James' church, Charlottetown, P. E. Island.

Campbellton today presents a wintry aspect; building operations are falling off and preparation is being made for the long hard winter.

MEN SUFFRAGETTES TO BRING HUSBANDS

Propaganda Among Men Will be Feature of State Meeting—Prominent Persons to Participate in Program.

Washington, D. C., Nov. 22.—There was a well defined report in Washington today that President Taft in his forthcoming message to congress might have something to say on the subject of possible negotiations between the United States and Russia, looking to a revision of the treaty of 1832, principally to remove the present restrictions upon the rights of travel and domicile of American Jews in Russia.

The rumor was coincident with the beginning of the official calls of George Bakmetief, the new Russian ambassador. Mr. Bakmetief had quite a lengthy talk with Secretary Knox of the state department and soon will present his credentials to the president.

President Taft already has received many insistent suggestions that the treaty with Russia be abrogated. On the other hand some of the president's close advisers, it is said, have counselled against drastic action. They take the ground that to cut off all treaty relations with Russia would leave the situation in worse shape than at present and that in the abrogation of the treaty the United States has everything to lose in the way of tariff concessions and other considerations, while Russia would practically lose nothing. The total severance of relations, it is pointed out, would make the problem of obtaining wider privileges for American Jews in Russia extremely difficult.

Among the additions to the equipment of the Newcastle 12th Field Battery are four eighteen pound guns which arrived a few days ago and are now at the armory here. They replace the twelve pound guns formerly used. Most of the batteries are now equipped with the eighteen pounders and Major Lawlor and his men are pleased with the change which indicates an advancement for the battery.

Sergeant George Miller of the Newcastle battery expects to leave for Toronto on Thursday next, where he will take a position with the Harris Abattoir Co. Later he will go to Kingston where he will take a special course for sergeant-major at the barracks there. He will return to Newcastle to participate in the annual drill with the local battery.

A very pleasant evening was passed, games and music being enjoyed. As it was the wooden anniversary of the post office, the guests brought a wooden present.

Under the supervision of the chairman of the managing committee, Aid. Simeon, extensive improvements have been made at the Newcastle rink. A cement wall has been constructed at the curling rink, the rink. The wall is 4-1/2 feet high and 18 inches thick and was constructed with the idea of keeping water from the ice. The managing committee of the curling club have challenged for the McLeelan cup and are eagerly awaiting the opening of the season.

Aid. Charles Dickenson, chairman of the rink, has received a letter from Mr. J. Bate, and the suggestion that contributions be made was received with general satisfaction. It was decided that St. Andrew's and St. Mark's churches should contribute \$500 to the fund. The Rev. W. J. Bate and Aid. Keith, were appointed a committee to solicit contributions.

The marriage was performed yesterday afternoon at 2:30 o'clock at the Rectory of John Andrew Grey, of South Nelson, to Miss Jane Elizabeth Lamsden, of Trout Brook, Rev. W. J. Bate was the officiating clergyman.

WOMAN JURY DISOBEYS COURT'S INSTRUCTIONS

Finds Defendant Guilty When the Judge Told Them to Acquit Him—Verdict is Reversed.

Los Angeles, Cal., Nov. 22.—Ladies of the jury, the court instructs you to return a verdict finding this defendant not guilty of the crime as charged in the indictment.

Justice Melrose of Tropic, so instructed the woman's jury that tried George W. Sears, on a charge of withholding wages from an employ longer than the time prescribed by law. The twelve women fled out of the courtroom, expressing an expression of sympathy for the young plaintiff, Calvin Ensch, aged 15, who went when he told of tolling for the defendant.

When they returned, Foreman Myra Shuey announced the defendant guilty as charged.

The court stepped as he asked why the jury had disobeyed his instruction. Judge Melrose refused to accept the verdict and renewed his instructions. This raised a storm, and one woman said: "What did you bring us in here for if you were going to take the matter away from us?"

Reluctantly they returned to the jury room and the formal verdict was made out as the judge directed.

Rogersville Agricultural Society Has Large Attendance at Annual Meeting—Newcastle News—Guns for Artillery.

Newcastle, Nov. 23.—The funeral was held yesterday afternoon of Mary Katherine Ann Keahoe, the five-year-old daughter of Mr. and Mrs. Finton Keahoe of Redbank. Service was conducted at 2 o'clock by Rev. Fr. Duffy, and interment was in the Roman Catholic cemetery at Redbank. The death occurred on Tuesday morning about 10 o'clock after an illness of three weeks duration. Besides her parents, she was survived by two brothers, Gerald and Aloysius.

The members of the Rogersville Agricultural society held their annual meeting on the afternoon of Saturday last, opening at 2 o'clock. There was a large attendance.

Mr. Richard in the chair. In opening the meeting the president gave an interesting address on the advantages of the society and the need for further agricultural development. A decision was reached that the society improve its plant and have them placed in various parts of the county.
