Misses Eleanor and Kathleen Moss Victims of Tragedy in Lake L'Achigan, P.Q.

mackville, July 17-Sackville was deeply shocked to hear of the sudden death by drowning of Misses Eleanor and Kathleen Moss. Both girls were well known in town, and during their residence here had made a large num-ber of friends. The deepest sympathy is expressed for the bereaved mother. ed for the bereaved mother,

ber of friende. The deepest sympathy is expressed for the bereaved mother, who is prostrated by grief. The accident occurred about four o'clock p.m. Thursday at Lake L'Ach-isan, about ten miles from Shaw-bridge, in Quebec. The grirs had taken advantage of the fine day for a swim. They were in apparently shal-low water not far from shore and a number of youngsters were playing mearby. The exact cause of the acci-dent could not be ascertained, but it is supposed that while frolkking to-gether they stepped into a deep hole, or that one of them got into difficulty and the other went to her assistance. The children heart the two girls peream almost simultaneously and saw them struggling together in the water for a moment before they dis-tuppered.

July 17, 1916. To the Editor of "The Standard," Sir,—Tour Hartland correspondent has certainly given a correct report of the Carvell meeting recently held here. Never in the history of politi-cal meetings in this community did one fall as flat as did this one of Car-vell's. His chairman recognized the atmosphere of the meeting and did not dare to put the motion endorsing Carvell. It was moved and escond-ed, neither yeas nor nays were called for; the chairman simply presented it and Carvell accepted it in that manner. Fred. Tweedle, the chairman. R how what he was doing and realized the motion would not receive a very hearty response from the audience, and for newspaper purposes tricked it through and then the Telegraph declared it was unanimously carried. It was the joke of the streets for several days.

through and then the Telegraph declared it was unanimously carried. It was the joke of the streets for several days. Mr. Carrell had a lot to say about what he has saved the country, but there is another side of his history, that a few hide-bound followers of the Black Bill type may forset, but there are hundreds of others who have not forgotten and who will not, who cannot forget. The people of Centreville have not forgotten that Mr. Carvell, standing on the same platform from which he recently spoke, with his hand litted to heaven, declared and pro-mised that if the then Liberal Government would build the Transcontinental across the country, instead of down the valley, he would resign his seat in the House of Commons. The railway went across country. Mr. Carvell did not resign his seat: worse than that, he deserted Mr. Blair, in his brave fight to preveift this crime, and voted for the road to follow the present route. There it lies, rusting out—a monument of folly, a monument of the is a well known fact that in the election which followed, the Grits of Carleton County had more money than they knew whit to do with. The question has been saked agood many times, "Where did they get it?" No satisfactory answer has been given. Mr. Carvell howis loud and long about the Valley Railway and the debt of the splaced upon the province. Yes, Mr. Carvell, there is a debt, and a servery same man knew, and even the fools today know, it should have been built. Talk about gall. Carvell certainly has gall to talk about the debt of wery same man knew, and even the fools today know, it should have been built. Talk about gall. built. Talk about gall, Carvell certainly has gall to talk about the debt of the Valley Railway. If the man had an ounce of shame in his anatomy he would shut up. Carvell also had a lot to say about the roads. Here again we, the peo-ple of Carleton County, do not forget. He wants to borrow a million dollars with which to build permanent foads. Does he think we are such a lot of bables that we forget the present Federal Government prepared and put through the Commons a bill providing splendid assistance to the provinces in the matter of permanent road building, and that the Grit Senate threw it out? Carvell would add another million dollars to our provincial debt, a debt which would be altogether unnecessary if it had not been for the miserable Grit partizanablp of Carvell and his friends. No, we are not for getting, and all of his dirt throwing will not cover up his record of rabid partizanehip and selfahness. This county is neither Grit nor Tory; it is ANTI-CARVELL.
