TO FIX PRICE OF WHEAT CROP

Grain Growers' Convention of Saskatchewan Will Ask Government to Take a Hand.

Regina, Sask., Feb. 21.—A resolution urging the government to fix the price of the wheat crop for 1919 was before the Grain Growers' convention this morning and a warm and lengthy debate resulted.

Dr. Platt, of Tantallon, objected to the declaration that the government could take the action demanded, and that the farmers would stultify themselves if they adopted it.

President Maharg, M. P., who has just returned from overseas, declared it was largely a question of credit. It was almost impossible to say anything definite regarding the market.

The grain growing countries will have to supply the major portion of the credit for purchases, and that point will have to enter largely into that question of fixing a price, said Dr. Platt.

At one p.m. the resolution was put to the vote and carried by a large majority. It demands a fixed price on the same basis of 1918.

N. Y. QUOTATIONS.
