Let's Get Acquainted

BEULAH BATEMAN Another week, another column,

and this time it's that senior gal, sp Beulah Bateman holding the spotlight. Beulah roamed "up the hill" three years ago from Shediac, N. B., the happy winner of a scholarship. She has never let that scholarship down in any way, has always been in there draggin' down the top honors. Still speaking of studies 'n such, Beulah can lay claim to having dabbled in darn near every course that ye collegiate institution could offer. She was a rock-man or geologist in her second year among other things.

As a junior she was vice-pres. of her class, and this hyar y'ar she is secretary-treasurer of the Scientific Society, also secretary of the S.C. Three years of Library work and four in the Dramatic Society can be credited to Beulah's account -remember her swell performance as Mrs. Kirby in the fall play?

All in all Beulah is the kind of person that will get things accomplished, is sure to go far in her chosen vocation. But a word of warningdid you know that Beulah is an avid bridge fiend? Well, she is. So be-
