

Defence forces.

Advice to younger men:

Associate with institutions.

Government and art - not a science or
business concerned with human re-
lations;

means of so ordering human society
that men and women may work to-
gether for the common good.

Glad Government has made contribution
to city:

Agricultural fair,

Viaduct,

Air port,

Customs House,

Post Office,

City planning.

Thank Toronto for opportunities afforded
and associations.

Thank citizens of Canada for good-will
and co-operation.
