

Right and Proper to give time to External affairs  
now - get world settled down peacefully -  
lay foundations for trade and prosperity

Happily possible in Canada because domestic  
reconversion and reconstruction planned  
and organized in 1943 and 1944.

Nations kept above party - a truly  
national representation reflecting  
unity of aim in country.

Report on details of peacemaking and  
international organization for more  
appropriate occasion.
