

### THIS WASHER MUST PAY FOR ITSELF

A MAN tried to sell me a horse once. He said it was a fine horse and had nothing the matter with it. I wanted a fine horse, but I didn't know anything about horses much.

So I told him I wanted to try the horse for a month. He said "All right, but pay me first, and I'll give you back your money if the horse isn't alright."

Well, I didn't like that. I was afraid the horse wasn't "alright" and that I might have to whistle for my money if I once parted with it. So I didn't buy the horse, although I wanted it badly.

Now this set me thinking. You see I make Washing Machines—the "1900 Gravity" Washer.

And I said to myself, lots of people may think about my Washing Machine as I thought about the horse, and about the man who owned it.

But I'd never know, because they wouldn't write and tell me. You see, I sell my Washing Machines by mail. I have sold over half a million that way.

So, thought I, it is only fair enough to let people try my Washing Machines for a month, before they pay for them, just as I wanted to try the horse.

Now, I know what my "1900 Gravity" Washer will do. I know it will wash the clothes, without wearing or tearing them, in less than half the time they can be washed by hand or by any other machine.

I know it will wash a tub full of very dirty clothes in six minutes. I know no other machine ever invented can do that without wearing the clothes. Our "1900 Gravity" Washer does the work so easy that a child can run it almost as well as a strong woman, and it doesn't wear the clothes, fray the edges nor break buttons, the way all other machines do.

It just drives soapy water clear through the fibres of the clothes like a force pump might.

So, said I to myself, "I will do with my '1900 Gravity' Washer what I wanted the man to do with the horse. Only I won't wait for people to ask me. I'll offer first, and I'll make good the offer every time."

Let me send you a "1900 Gravity" Washer on a month's free trial. I'll pay the freight out of my own pocket, and if you don't want the machine after you've used it a month, I'll take it back and pay the freight, too. Surely that is fair enough, isn't it?

Doesn't it prove that the "1900 Gravity" Washer must be all that I say it is?

And you can pay me out of what it saves for you. It will save its whole cost in a few months in wear and tear on the clothes alone. And then it will save 50 to 75 cents a week over that on washwoman's wages. If you keep the machine after the month's trial, I'll let you pay for it out of what it saves you. If it saves you 60 cents a week, send me 50c a week till paid for. I'll take that cheerfully, and I'll wait for my money until the machine itself earns the balance.

Drop me a line to-day, and let me send you a book about the "1900 Gravity" Washer that washes clothes in six minutes.

### Gossip.

W. H. MANCUELL'S SALE.  
Remember the big sale of W. H. Mancuell, at Fletcher, on Tuesday, March 2. There will be something there to suit all classes of farmers: registered Clydesdales, twelve stallions and twelve mares and fillies; grade Clydesdales, grade dairy cows, grade heifers, grade feeding steers, grade Oxford sheep, grade Tamworth sows, and a full line of farm implements, making one of the biggest and most interesting sales of the year. Visitors will get their tickets for either Fletcher Station, M. C. R., or Morlin Station, P. M. R., where conveyances will meet them.

### THE SEED LAW.

With the opening of the 1915 seed trade, seedsmen, farmers and gardeners may wish to review the conditions under which sales may be made. The Seed Control Act provides that timothy, alsike, red clover and alfalfa seed must not be put on sale for the purpose of seeding without being plainly marked with the grade, namely: Extra No. 1, No. 1, No. 2, No. 3. Farmers may sell seed below No. 3 in quality only to dealers to be cleaned and brought up to grade. All other grass, clover and forage plant seeds, and those of cereals and flax, must be marked in a plain and indelible manner with the common name or names of any noxious weed seeds present.

Seed of cereals, flax, grasses, clovers, forage plants, field roots and garden vegetables, must have a germination of two-thirds of the percentage standard of vitality for good seed of the kind, or be marked with the percentage that are capable of germinating. "Papered seeds" must be marked with the year in which the packet was filled.

Representative samples of seeds for purity and germination tests may be sent to the Seed Branch, Ottawa. Two ounces of grass seed, white or alsike clover; four ounces of red clover, alfalfa, or seed of like size, and one pound of cereals, are desired. Samples under eight ounces may be sent without postage, and are tested free of charge up to twenty-five in number for each person or firm.

SEED BRANCH, OTTAWA.

### THE VERSES THAT WENT WITH THE COW.

The following verses were sent by a farmer with his cow to the freewill offering sale held by Messrs. James Craig (Ltd.), at the County Auction Mart, Ayr, Scotland. They realized £5 10s for the funds:—

She's correct o' her vessel, I'll swear,  
Has been milkin' for nearly a year,  
That's why she's so near lean, but dinna  
compleen.  
For cake's turn'd notorious dear, like  
the heer!  
I wish you a Happy New Year.

As she's coming for Belgian relief,  
I'm sorry there's so little beef,  
Wi' some tatties frae Davie she'll help to  
mak' gravy;  
On her banes they can sharpen their  
teeth,  
Or the young ones keep out o' mischief.

Squeeze the very last penny she'll gie,  
Keep min' ye're no prigin' for me,  
But the boys who stood grin' at the  
point of the gun,  
Or its likely that baith you and me  
W'd hae been German sausage and tea.

May the sun realized ring the bell,  
But Ayr Market can speak for itself,  
Wi' James Craig at its head, without  
pouther or leed,  
He could sen' them to heaven, or well,  
I hope we'll be strangers oursel'.

Now she's left in your hands, Davie  
Frew;  
Try an' get a guid home for the cow,  
And the first time we meet, I your  
thanks will weel,  
For I ken 'twill be dry or se'e' thro'!  
I'm yours to a groon.  
—Drumlow.

# Ideal Fence

Made in Canada

## "The Heavy-Weight"

Of the different makes of Wire Fences there must naturally be one that will weigh heavier than the others. It will pay you to buy that Fence, because weight is life and strength, provided of course that all the wires—the line wires, the uprights and the locks are made of the same size wire and all are hard steel throughout.

The heavy weight among Fences is the "Ideal." All the wires are full gauge No. 9 hard steel wire, and each and every wire is heavily but evenly galvanized. Weight it and others. The scales will prove the most weighty argument we can offer for Ideal Fence. The more closely you examine Ideal Fence and weigh the facts the more firmly convinced you will be that it is the fence to buy for a permanent investment. Why not have a continuous chain of steel around your farm by erecting Ideal Fence on Ideal Steel Fence Posts.

A postal with your name and address will bring you our catalogue No. 4 giving valuable Fence information and telling you more about Ideal Fence and Ideal Fence Posts. Send for it today. It only costs you a postal card— and contains information that will save you many dollars in buying Fencing.

## For You—a wonderful Book on Farm Drainage—FREE!

Do you know you can take as much crop off 100 acres properly drained as you can off 200 acres not drained and save half the labor? It's a fact. Do you know that proper, inexpensive tile drainage assists pulverization—lengthens the season—prevents surface washing—makes your land lighter to work—prevents drought and increases the quantity and improves the quality of your crops?

Why not have us send you, today, free of charge, a very interesting booklet on this subject? Much to learn—nothing to pay. Don't neglect anything that will help you grow better, bigger crops. Proper drainage means as much as two dollars in your bank account for every one that goes there now, and the Government lends you money for the Tile if desired.
