

SAP BUCKETS!

Perhaps a little early, but none too early in the season for the wise ones to get their supplies ready for making maple syrup. This year we offer a better sap bucket than ever before—a heavy, tinplate bucket, holding eight quarts, with wire around the top and properly soldered. Its great superiority lies in the quality of tinplate. The price is \$10 per 100 pails, put on board the cars at Hamilton free. The quality of tinplate cannot be described in an advertisement. These buckets must be seen to be judged. Try a sample 100. We have large quantities, and can ship at a moment's notice. In connection with buckets we offer the well-known patent American sap spile or spout. This is a small iron spile driven tightly into a 1/4-inch auger hole in the maple tree. The sap bucket hangs on this spile. On no account can a bucket upset when hung on one of these spiles. A sudden thaw has no effect on the equilibrium of the bucket, as it does not touch the ground. The spiles so simplify the work of collecting sap that all should have them. Price of spiles, \$1 per 100. A sample spile will be mailed free to any who request it. Half-inch auger bit, by mail, 25 cents.

BY MAIL, we prepaying the postage, we can send you the following seasonable articles:—Pruning saw, 50c.; Pruning knife (folding), 50c.; pruning knife (stiff blade), 40c.; pruning scissors, 60c.; x-cut saw drag-tooth gauge, 10c.

OR BY EXPRESS, buyers paying express charges, long tree pruner, 6 feet, 80c.; 8 feet, 90c.; 10 feet, \$1; heavy tree-pruning shears (3 feet long), \$1.35. For \$2 we offer the best fruit-tree sprinkler ever made. It throws a spray or single stream over any ordinary fruit tree. Price of our famous "Stanley Blade" lance-tooth saws, 5 feet, \$2.50; 5 1/2 feet, \$2.75; 6 feet, \$3; patent handles, 25c. per pair extra.

BARN PLANS—For \$1 we will mail you full working plan, drawn to a scale, of a first-class modern farm barn. The size of plan is 24x36 inches. The drawing is by a first-class architect of large experience, and the plan shows all the very latest improvements in bank-barn building, gives the working details of every part, shows size of all timbers, gives front view, end views, back view, cross sections, floor plans of stables, root house, silo, threshing floor, mows, etc., and is complete in every particular. These plans should be owned by every farmer, mechanic and amateur architect in Canada. Mailed in cardboard cover, postage paid to any P.O. in Canada, on receipt of \$1. Send for catalogue of our goods.

FROM ATLANTIC TO PACIFIC
Herbageum has the reputation of being the premier Animal Spice. It secures pure and invigorating blood; it strengthens digestion and helps assimilation. Cows yield more, purer, and richer milk from the same food. Fresh "whey" or skim milk fed with Herbageum raises calves and pigs as well as pure milk. Horses out of condition are rapidly restored to vigor and efficiency, and are protected from "Epizoo," Colts and calves fed Herbageum will improve all winter. Fed to one half of a litter of pigs they will grow much faster than the others. Hens will lay in winter as well as in summer. Small feeds make it cheap to the feeder. Thousands of business men from sea to sea report their customers testify that it pays to feed Herbageum. Enquire for it of General Merchants, Druggists, Grocers and feed stores. They have it or can order it for you. **BEAVER MFG. CO.,** 312-c-OM Galt, Ontario.
