### AYRSHIRE CATTLE.

KAINS BROS., BYRON, ONTARIO (London Station), now offer some choice females from prize-winning sires and dams, and of a strict business type. Prices right.

The Ayrshire calves advertised by J. A. James, Nilestown, Ont., in this issue, should soon be taken up, as they are sired by Norman McLeod 1594, bred by Hon. Thos. Ballantyne & Son, and out of dams descended from imported stock. They are kept because of their heavy producing qualities, to supply milk to Mr. James' cheese and butter factory. can be raised at a profit, and

Mr. Jas. Lenton, Oshawa, offers for sale, in another column, a useful, thickly-fleshed Shorthorn bull, by Tofthill Boy 22638, and out of Victoria Bell, by Victor Hugo 10132, of medium roan color and in strong, serviceable condition, and one of the kind for which there is a good and growing demand. Mr. Lenton has also gained for himself a wide reputation in his Barred Plymouth Rocks, two breeding pens of which are kept, and are the product of importations made from W. H. Vanderbilt, Biltmore, N. C., and which were formerly from the pen of E. B. Thompson, Arena, Duchess Co., N. Y., the acknowledged largest winner and breeder in America. Of the Silver Wyandottes, we were shown a pen of nine hens of the Matheson strain, with 24 Golden Wyandottes imported from the pens of C. W. Johnston, Crawford, N. J., and from the above breeds eggs for hatching will be booked for shipment in the order received. Of the Mammoth Bronze turkeys, we saw half a dozen hens frem stock from Mr. Bell, Angus, Ont. A. C.
