C. P. R. & G. T. R. MILTON P. O., Ont.

GOSSIP.

T. S. Arkell, B. S. A., son of Henry Arkell, of Arkell, Ont., has lately been appointed Professor of Animal Husbandry at the Agricultural Experimental Station, Durham, New Hampshire, U. S. A. Mr. Arkell stood high in his examinations at the Ontario Agricultural College, Guelph, and we bespeak for him a most successful career in his new sphere of usefulness.

MINING IT UP IN THE DODDIES.

Some interesting reversals occurred this year at the Western fairs in judging Aberdeen-Angus cattle. Prof. W. J. Kennedy placed the awards in Winnipeg, and a pupil of his at Brandon. The latter was consistent with his tutor to the extent of rating the exhibitors in the same order as had been done at Winnipeg, but the animals were quite differently placed. For instance, the third-prize cow at Winnipeg was made first and champion at Brandon, while the first and second placings of both heifer and bull calves were reversed. Herds were placed the same, with the Elm Park herd of Mr. Bowman second, although it comprised the cow placed first at Winnipeg, and the one given female championship at Brandon, likewise the first-prize two-year-old heifer at both shows, and the second-prize bull. Not till they reached Carberry Fair did the Ontario exhibitor have his animals placed in accordance with his own judgment. Here Judge Craig put Bowman's cows first and second, instead of separating them by an entry, as had been done at the two previous exhibitions. Elm Park was given first on herds, and likewise on its two-year-old bull.

The experience illustrates the fact that while there is usually one way that is distinctly right, there may be a great many different ways of doing it wrong.

D. M. WATT'S AYRSHIRES.

The great herd of 60 odd head of imported and Canadian-bred Ayrshire cattle, the property of D. M. Watt, St. Louis Station P. O., Que., a short distance from Howick, are just now in splendid bloom and condition, and paying big dividends of profits for the care and feed so liberally bestowed on them. In this matter of profit or productiveness, while Mr. Watt has never had the time nor help required to enter his cattle for the Record of Performance, he lays down the standard required for passing the test, and any cow or heifer not producing the required amount of milk and butter-fat, is not long kept in the herd. For some time the main stock bull was Imp. Monkland Hector, an animal that has won his honors in the show-ring in all kinds of company, and has proven a sire of remarkable uniformity and producing qualities in his get. His heifers now being of breeding age, he is for sale. He is now five years old, safe, quiet and sure, a snap for someone wanting a high-class herd-header. To take his place, Mr. Watt has purchased the splendid bull, Lessensnook McDonald (imp.), whose dam has a milk record of 60 lbs. a day in Scotland. As a show bull, he was first at Sherbrooke and reserve champion, and second at Ottawa. Prominent among the cows of the herd is Falfibbie Tibbie (imp.), a grand type and a great show cow, but being out of milk this year, was in no shape for bringing out. Another great cow is Lily of Kelso. In the Canadian-bred class she won first at Ottawa; a cow of wonderful appearance and type. Lane Cherry (imp.) is a two-year-old that won first at Ottawa and Sherbrooke, and was reserve champion at the latter in the two-year-old in milk class. Eva of Strackwood is another great two-year-old which won first at Sherbrooke in the dry class, and at Ottawa could not be shown, owing to her calving on the day they were shown. High-class individuality and uniformity of type is the chief characteristic of this herd throughout. For sale are females of all ages. One young bull, nine months old, out of the first-prize cow, Lily, and sired by Imp. Monkland Hector. This young bull was first at Sherbrooke and second at Ottawa. Others for sale are five sired bulls and two bull calves, and of these sows, and in the same size.

Suffered For Thirty Years With Catarrh of The Stomach.

Mr. John Raitt, 71 Coursol St., Montreal, Que., has used Milburn's Laxa-Liver Pills and recommends them to all his friends. He writes:—"I take pleasure in writing you concerning the great value I have received in using Milburn's Laxa-Liver Pills for Catarrh of the Stomach, with which I have been a sufferer for thirty years. I used five bottles and they made me all right. I also had a very severe attack of La Grippe, and a few doses acted so quickly that it was unnecessary to call in a doctor to cure me. For the small sum of 25 cents we have our own doctor when we have Milburn's Laxa-Liver Pills."

Price 25 cents per vial, or 5 for \$1.00, at all dealers, or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

FROM KANSAS.

This is the tallest corn story of the season, and is being told among the travelling men over the State. It is said to have been in a letter written home by an Eastern visitor. "Most of the Kansas streets are paved, grains of corn being used for cobblestones, while the cobs are hollowed out for sewer pipe. The husk, when taken off whole and stood on end, makes a nice tent for the children to play in. It sounds queer to hear the feed man tell the driver to take a dozen grains of horse feed over to Jackson's livery stable. If it were not for soft, deep soil here, I don't see how they would ever harvest the corn, as the stalks would grow up as high in the air as a Methodist Church steeple. However, when the ears get too heavy, their weight presses the stalk down in the ground on an average of ninety-two feet, and this brings the ear near enough to the ground to be chopped off with an ax."

Harry Lauder, the Scotch comedian, who has the reputation of being uncommonly near, was passing the Hotel Astor, New York, one day last winter, with his manager, William Morris. Morris had lavished money on Lauder in the way of entertainment, and Lauder said:

"William, ye ha' been gude t' me, so ye have. Come in, now, an' I'll treat ye."

Morris grabbed at the opportunity. Although he was paying Lauder three thousand dollars a week, it was the first time Lauder had come up above the surface. They went in. There were three or four friends of Morris' there, and they came over to be introduced to Lauder, who was nervous during the introductions.

After everybody had been presented, Lauder drew Morris aside. "William," he said, "I said I would treat ye, but I didn't say I'd treat all your friends. You will ha' to pay for it, William."

And that was what William did.
