

## Ring-Bone

There is no case so old or bad that we will not guarantee

### Fleming's Spavin and Ringbone Paste

to remove the lameness and make the horse go sound. Money refunded if it ever fails. Easy to use and one to three 45-minute applications cure. Works just as well on Sidebone and Bone Spavin. Before ordering or buying any kind of a remedy for any kind of a blemish, write for a free copy of

### Fleming's Vest-Pocket Veterinary Adviser

Ninety-six pages of veterinary information, with special attention to the treatment of blemishes. Durable bound, indexed and illustrated. Make a right beginning by sending for this book.

FLEMING BROS., Chemists,  
75 Church St., Toronto, Ontario

## LINCOLN LONG-WOOL SHEEP And Shorthorn Cattle.

The Riby Grove Flock and Herd, owned by  
**MR. HENRY DUDDING,**

Is the source to which practically all the leading export buyers have resorted from time to time to obtain stud sires and dams, and rams and ewes of unrivalled merit and quality. The record of its show-yard success is unequalled, and so are its sale averages. Selections of Sheep and Cattle always for sale.

Apply: **THE OWNER, RIBY GROVE, STALLINGBOROUGH, GRIMSBY, ENGLAND.**

## Alloway Lodge Southdowns

The Southdown is the best mutton sheep in America to-day, the championships at the winter fairs prove it. Southdown wool is finer than that of any other mutton breed. I get 4 cents a pound above market price. A Southdown ram makes the greatest improvement on a flock of good ewes. Ask anyone who has used one. Write me for prices; they will please you. 'Phone. Railway Stn., London.

**ROBT. McEVEN, BYRON, ONT.**

## CATTLE and SHEEP LABELS

Metal ear labels with owner's name, address and any numbers required. They are inexpensive, simple and

practical. The greatest thing for stock. Do not neglect to send for free circular and sample. Send your name and address to-day.

**F.G. James, Bowmanville, Ont.**

## The "STAY THERE"

Aluminum Ear Markers are the best. Being made of aluminum they are brighter, lighter, stronger and more durable than any other. Fit any part of the ear. Nothing to catch on feed trough or other obstacle. Your name, address and any series of numbers on each tag. Sample tag, catalogue and prices mailed free. Ask for them. Address

**WILCOX & HARVEY MFG. CO., Dept. D, 325 Dearborn St., Chicago, Ill.**

PERFECTLY SAFE.

Michael Dugan, a journeyman plumber, was sent by his employer to the High-tower mansion to repair a gas-leak in the drawing-room. When the butler admitted him, he said to Dugan:

"You are requested to be careful of the floors. They have just been polished."

"They're no danger iv me slippin' on thim," replied Dugan. "I hov spikes in me shoes."—Lippincott's.

## THERE ARE FEW PEOPLE

**Who Have Never Experienced A HEADACHE.**

Headaches effect all ages and both sexes alike, but the female sex is naturally the more effected through the higher nervous development and more delicate organization of the system.

Burdock Blood Bitters has, for years, been curing all kinds of headaches, and if you will only give it a trial we feel sure it will do for you what it has done for thousands of others during the past thirty-five years.

Mrs. C. Meadows, Clarksburg, Ont. writes:—"For years I was troubled with sick headache and dizziness, and was also constipated. I was advised to try Burdock Blood Bitters. I only took three bottles of the medicine; now I feel like a new woman. I find I am completely cured, and I can truthfully testify that it is the best medicine I have ever used."

Burdock Blood Bitters is manufactured only by The T. Milburn Co., Limited, Toronto, Ont.

## QUESTIONS AND ANSWERS. Miscellaneous.

### HOLLOW-WALL SILO.

How many barrels of cement and how many yards of sand would it take to build an eight-inch hollow-wall silo, 10x25 feet?

SUBSCRIBER.

Ans.—Such a silo wall would require about 10 cubic yards of sand and 14 barrels of cement, if mixed 1 to 5, and with an air space of two inches.

### REGISTRATION OF CLYDESDALE MARE.

1. What qualifications will a Clydesdale mare need to have so I can have her registered in the Canadian Studbook?

2. What course will I need to take to have her registered?

H. H.

Ans.—She will require to have four straight crosses of registered Clydesdale sires. For full particulars, address "The Accountant, National Live-stock Records, Ottawa."

### WASTE OIL FROM CREAM SEPARATOR.

There is some waste oil from our cream separator. Could you suggest some method of taking the dirt out so it could be used again?

L. C. W.

Ans.—Oil can be filtered through "cotton batting" or cotton "waste," and thus remove the dirt so it may be used again for "slow-running" machinery, but it would not be advisable to use this filtered oil on the separator again, which is a "fast-running" machine, and needs the best of oil. Sometimes this waste oil contains milk, water, and other impurities, which render it of very little value. If the machine is a small, hand cream separator, I scarcely think it would pay to filter the oil.

H. H. DEAN.

### CHESS—FERTILIZER ON POTATOES.

1. Last year I had a lot of chess in my fall wheat. I harrowed it in the spring. Would this be the cause of the chess in my wheat? Will chess grow if sown?

2. How do you put fertilizer into the potato crop, so as not to burn the plant?

G. B.

Ans.—1. Harrowing was not the cause, unless, as is unlikely, you injured the wheat, giving the hardy chess opportunity to grow and seed more abundantly than it would otherwise have done. Chess is a distinct plant just as much as wild oats or mustard or sow thistle. Some chess seed must have been in the ground, possibly having been sown with the wheat. Many people have chess in their wheat without knowing it until failure of the wheat gives the weed a chance to develop more plentifully than usual.

2. Broadcast the fertilizer evenly over the ground.

### LANDLORD AND TENANT.

1. A rents farm to B, usual agreement. On farm is maple bush, which A has previously used for syrupmaking. In agreement, A is bound to leave a specified number of sap buckets and sap pans. The brick arch used for boiling purposes when B takes possession is out of repair. A has it relaid (the bricks). Next season B relays it. The third season, when repairs are to be made, the question arises as to which of the parties, A or B, should relay the arch. What is your opinion?

2. On same premises are two barns. One, situated at an inconvenient distance from other buildings, is used for storing implements or other material that cannot be kept in main barn. Should roof on this barn be badly out of repair, can B compel A to repair same? In case of A's refusal, what steps should B take?

Ontario.

ENQUIRER.

Ans.—1 and 2. If the lease between them is in writing, and in the usual statutory short form, the document will be found to contain covenants governing both matters. If, however, there is no written lease, or one that contains no provision respecting the matters in question, then assuming that both brick arch and main roof have become out of repair in the ordinary course of reasonable wear and tear, which A ought perhaps to do the repairs, we do not see that B has any legal right to compel him to do so.

**"THIS IS THE  
ROOFING THAT  
NEEDS NO PAINTING"**

Frequently the cost of painting a roofing amounts to almost enough to buy a new Amatite Roof.

**A MATITE** means more to the man who needs a roofing than just merely something to put on the top of a building.

It means a thoroughly satisfactory and reliable roof covering, without future expense for painting—because the real mineral surface makes painting unnecessary.

### Everjet Elastic Paint

A very tough, durable paint at a low price. One color only—a lustrous black. Use it for machinery, heating apparatus, smokestacks, roofs, fences, water tanks, etc.

**PATERSON MANUFACTURING CO., Limited**  
Montreal Toronto Winnipeg Vancouver
