

# A WORD TO THE SICK

## Who are Tired of Drugs

**Free use of my Electrical Invention until you are cured. Not one penny in advance or on deposit. Gives a current instantly felt, or I forfeit \$5,000.**

I think I know and appreciate the value of drugs as thoroughly as any living doctor. They fill a great need, and the world could probably not do without them, but during my forty years' practice I have heard the stories of tens of thousands of people who have used drugs, until many of them were absolute wrecks from the terrible habits contracted, so I also know their danger. What is to be done for these unfortunates? Surely it cannot be that they are stranded on this earth without help in some direction! If this were so, it would indeed be a cold world. But I dispute any such state of affairs. I believe there is a remedy for every ailment, and the sufferer who finds it finds health. Might not the remedy in your case be **ELECTRICITY**? We know now to be a certainty that electricity is the mainspring of every living thing—it is life itself upon this earth. Can anything more natural be offered as a health and strength giver? And I ask you, have you tried it? If you have not, there is a bright star leading you to a happy future. If health is what you want, let me make you a proposition. I do not recommend my Electric Invention in fevers, pneumonia and the like, but if you suffer from any of the troubles mentioned below, get my famous Dr. Sanden Electric Herculex (latest patent March 7, 1905) upon

and if you are well satisfied at the end of that time, pay me for it—in many cases only \$5.00. If not satisfied with the results, return it to me, at no cost to you whatever. If you prefer to buy outright for cash, I give a liberal discount, I have not been curing people in giving it on trial to responsible persons.

liberal discount, I have not been curing people in giving it on trial to responsible persons.

I especially solicit a call or letter from sufferers from Rheumatism, Lumbago, Sciatica, Lame Back, Stomach, Liver and Kidney troubles, Ataxia, Exhaustion from mental or physical excesses, nervousness, atrophy, varicocele and general ill-health. You wear the appliance comfortably during sleep, and it fills you with a soothing, strengthening current, showing a decided benefit from the first night's use, and then a steady building up until well. You may be skeptical about electricity, but if you neglect the opportunity I offer you for a trial of it, you are most likely throwing health and happiness away.

As the originator of the electric Body-Battery system of treatment, my success is the envy of many, and my appliances are of course, imitated (what good thing is not?), but my great knowledge to advise and direct my patients is mine alone, and cannot be imitated. I give it freely with my invention to my patients. My Herculex is guaranteed to give a good current for at least a year.

Call or send for my Electric Herculex to-day, or if you want to look into the matter further, I have two of the best little books ever written on electricity and its medical uses I would like to send you. Sent free, sealed, upon request.

An Ohio farmer had a "hired man," a steady, phlegmatic worker, who was always on time and had not missed a day in more than a year. One morning he appeared in his Sunday clothes and announced that he had "to go be his wife's funeral." The following day he appeared as usual and went about his work in his careful, methodical manner. Less than a fortnight later he again came before his employer in his black suit and asked for a day off.

"Jake, I hate to refuse you, but you know we are pretty busy now. Would it not do just as well next week?"

"Aber I denke nicht," said Jake; "maybe I better be dere. It been my wedding still."

"What! Your wedding? Why, you buried your wife only week before last."

"Ja" returned Jake calmly, "but I do 't hold spits long."

A certain Philadelphia lawyer was one evening at a friend's house when a rather pompous member of the bar of the Quaker City was seeking to convey to the company the impression that his means from the practice of his profession was exceedingly large. "Gentlemen," the pompous lawyer was saying, "I have to earn a good deal. It may sound rather incredible, but my personal expenses are over fifteen thousand dollars a year. It costs me that to live." "That's too much," interjected the lawyer first mentioned. "I wouldn't care to earn that if it isn't worth it." Woman's World.
