

A MILLIONAIRE'S BORROW

Joseph Fels, the millionaire soap manufacturer, of Philadelphia, says he has not earned his millions. He is therefore going to spend his money to make conditions by which no man will be able to make millions from the labor of his fellow men. One of the first moves towards such improved conditions is to wipe out protective tariffs in every country. To this end he has contributed largely towards the printing of 1,000,000 copies of Henry George's great book "Protection or Free Trade," which he wants every man in Canada and the United States to read. By means of Mr. Fels' generosity The Guide is able to send a copy of this book to any address in Canada FOR FOUR CENTS.

Already readers of The Guide have sent in orders for 2,500 copies of this book. We want to see every man get a copy and read it. If you can afford it send in a list of 100 names and \$4.00 and we will mail a copy to each address. If not, send for as many as you can. You had better have several copies sent to yourself to give to your friends when they call. If you have no list of names send us your money from 10 cents to \$10.00, or as much more as you like and we will send out books to the proper persons. We have a list of 3,000 members of the Canadian Manufacturers' association. It will cost \$120 to send a copy to each member of this organization. But we are going to do it. Every manufacturer needs education on the tariff question. Any of the readers of The Guide who would like to assist in the good work of educating the manufacturers may do so by sending us a contribution for this purpose.

The more copies of "Protection or Free Trade" are circulated the sooner will our protective tariff come down. Any man who wants to free himself from the tribute he is now paying to the protected manufacturers of Canada cannot do better than send us some money to help circulate "Protection or Free Trade." Every contribution, no matter how small, will be welcome, and will be put to good use.

Just put your post office order, and your list of names (if you have one) in an envelope and address it: Book Dept., Grain Growers' Guide, Winnipeg. "Protection or Free Trade."

MIXING THEM UP

Dr. L. P. Kehler of the governmental bureau of chemistry, was condemning certain hair dyes and cosmetics that contain harmful chemicals.

"The makers of these things," he said, "offer profuse excuses. But their excuses only give them away. They recall that unfortunate chap who went joy riding, got stranded, and, mixing his excuses up on his return, told his boss that he had been detained at the office and his wife that he had been sitting up with the baby."
