On December Fourth

The Grain Growers' Guide will publish its annual Christmas Number. There is an opportunity in this for Guide subscribers who are in a position to use classified advertising in The Farmers' Market Place.

Classified advertising in The Farmers' Market Place offers three distinct advantages:—

- FIRST.—The Guide has the largest farm journal circulation in Western Canada—over 51,000. SECONDLY.—The Guide's special classified advertising rate (only five cents a word per issue) is very economical. THIRDLY.—The Guide carries more classified advertising than any other Western Canadian farm paper.

Most people look most where the most classified advertising is carried. We extend a special invitation to our old friends to use space in this Christmas Number and will also welcome heartily any new advertisers who can make announcements in this issue.

The Rate is Economical, Five Cents a Word, Payable in Advance. Winnipeg THE GRAIN GROWERS' GUIDE Manitoba
