## Are There Stockings to be Filled At Your House?

Then give a little thought as to what you put into them.

For it's a fact that there is nothing much worse for the little folks than impure sweets.

And that kind isn't scarce, either.

So we say—Don't buy your stocking filler at the first store you come to unless that happens to be this store.

In which case you are safe.

Because this store's pure food law takes care of people's health. Especially at Christmas time.

Here is a partial list of good things that we sell with our assurance of rightness.
