

## Campaigning Against the Household Pests.

The time for the Spring Campaign approaches. Soon the double windows will be off, and the sun will be warm and bright. You will be thinking of cleaning then. After the long months that the house has been closed, it will need it, no matter how good a house-keeper you may be.

See that you have your ammunition ready. Be prepared for the Spring drive against the moth and the germ.

Here is a list of some ammunition that will help you to success. Lay in your supply now:

### LIVE STOCK MARKETS TORONTO.

Receipts of live stock at the Union Stock Yards yesterday consisted of 180 cars—2445 cattle, 608 calves, 1272 hogs and 43 sheep and lambs.

There was a good percentage of choice cattle in yesterday's run of thirty-four hundred, and the most of these brought high prices. The market was slow thru-out for all grades, especially butchers. During the morning quite a number of loads sold at prices steady with last week, but on the day's trading butcher cattle were from 15c to 25c lower. Some choice baby beef and Easter cattle sold very high. One heifer, 750 lbs., brought \$17 per cwt., while several more baby beef sold at \$13 to \$14 per cwt. for straight loads of cattle; \$12.00 was the top price paid; they were sold by Donald & Halligan. There were quite a large number of loads that sold at from \$11.35 to \$12 per cwt.

Cows were steady with last week, but bulls were slow, draggy, and from 10c to 15c lower. There were, of course a few animals that sold high, but the bulk brought prices as quoted below.

Stockers and feeders and milkers and springers were without change.

Two Holstein cows, the finest ever on the market, were offered at \$200 each and \$180 bid.

Sheep and lambs were steady to strong. The calf market was somewhat upset, mostly on account of the inspectors. Of the 600-odd calves on sale, some 250 were condemned as immature. Good calves were steady to 25c lower, and common calves 50c to 75c lower. Hogs sold at \$16, fed and watered, and \$16.25, weighed off cars.

#### Additional Locals.

Plant potatoes in the window boxes. Let's produce spuds with a vengeance this year.

Anthony Ernewein has been off work for the past two weeks through illness.

A meeting of the members and convenors of the Carrick Preparedness League will be held here on the evening of the Spring Show, April 10th, a good attendance is desired.

Ben Wisby, a Stratford man, had a peculiar and serious accident the other day. He fell from a ladder with another man on top of him and a lead pencil in his vest pocket penetrated his left lung.

There's a bill before the Ontario Legislature to increase the speed limit of motor cars. Some of the wild Indians around here who take corners on two wheels will hold up both hands for such a move.

Ontario potatoes were selling wholesale at Toronto last week at \$3.75 a bag but an early drop is looked for. In fact, only very small business is doing, as consumers have "got wise" to the facts and are either doing without the tubers for dinner or are buying only in peck or half peck quantities at 80 to 90 cents a peck. Delewares are quoted at \$4.50, but no dealings whatever were recorded. Merchants are declining to pay the \$4.25 asked f. o. b. in the province. Potatoes are reported to be selling at \$1.35 a bag in Calgary.

Some thirty owners of vehicles in Toronto have received notification from the Provincial Highways Department that it is against the law to have search lights on cars. The two headlights in front are sufficient. One reason for this law is understood to be the movable search-light near the driver, if directed at the driver of another, would have a blinding effect and might cause an accident.

Hardwood floors can be well finished by the use of Sherwin-Williams Mar-nol, a hard-drying, waterproof, Floor Varnish, made to be walked on. It does not scratch or mar easily.  
An old, soft wood floor can be well finished and made to resemble a modern hardwood floor by the use of Sherwin-Williams Floorlac. A varnish and stain combined, made to imitate all the popular hardwoods.
