Chief of Police Cuddy, half a dozen constables and plainclothesmen hurried to the scene. All customers were sent out and the doors locked. When the soldiers arrived the chief asked them to disperse and not to behave in an unlawful manner. He was disregarded, and as a preliminary a shower of missiles went crashing through the plate glass windows. A woman cashier, trying to save some plants, was slightly hurt, and Police Constable Fraser so badly cut by flying glass he had to go to the hospital.

OFFICERS HELPLESS.

The policemen were swept aside like chips in a gale and for an hour the mob did its will with the place. The crowd was increased to two thousand and the officers were helpless. The furniture, fixtures and cooking apparatus were smashed to fragments. Marble counters and stands looked as though artillery shells had exploded. A cash register was ripped open and looted. Coffee urns and gas stoves were torn from their places. Electric fixtures were pulled down. The street outside was littered with wreckage. The safe was thrown down with the allies and doubtful and detestable relations with the Lusitania, the Arabic, the Ancona and the Persia murderers. "Was there ever such a mess where the honor and dignity of the country was concerned? No."

He declared that the affair was the result of a conspiracy.

Germans Putting Off Drive Until Spring?

Amsterdam, via London, Fe'z. 11.—A despatch from Ghent to The Echo Belge says that on the Belgian front, between Ypres and Armentieres a violent artillery battle has been in progress for ten days. The Germans are very busy strengthening their lines, but the opinion prevails that they have postponed the large offensive movement until the weather is more favorable. Allied airmen are developing unprecedented activity and constantly shelling camps, artillery parks and military buildings in thehands of the Germans. Camp Houthulst, the despatch says, finally, was visited during the last week by 47 raiding aviators, who did considerable damage to German military property.
