HE COULDN'T RAISE HAND ABOVE HEAD

Rheumatism Disappearing Rapidly Since Taking Tanlac Says Ottaway

"I was so badly crippled up with rheumatism that for two years I could hardly put on my shoes, but Tanlac has helped me so much I can now bend over and touch the floor with the greatest ease," said Sidney Ottaway, an employee of the Massey-Harris Company, and living at 196 Emerson Ave., Toronto the other day.

"When I came to Canada about seven years ago," he continued, "I was in such an awful condition that I was just barely able to get around. My left knee would sometimes swell to twice its natural size, and be so sensitive that I couldn't even bear the weight of my clothes on it. My legs would get so stiff at times that I could hardly walk and I couldn't stoop over to pick up anything on the floor. I suffered such agonies from a steady throbbing pain in my limbs that I thought it would drive me distracted and I just couldn't get any rest. My shoulders were so stiff that if I tried to raise my arms above my head, my back would hurt like it would break in two. Every few months I would get so bad off that I'd have to stop work for two or three weeks, and I have been laid up for as much as eight and ten weeks at a time. I tried everything I could get hold of but nothing did me any good.

"One morning when I woke up with my left ankle so swollen and painful that I couldn't walk a step I said to my wife, 'well I've taken everything but Tanlac, maybe I'd better try that next,' so my wife went out and got me a bottle and by the time I had finished it and half of my second bottle I was able to go back to work, and I haven't lost a day since. I am on my fifth bottle now and my wife said to me the other day, 'You seem to have forgotten that rheumatism now.' 'Sure,' I said, 'I feel so fine since I began taking Tanlac that I hardly ever think about it.' And it's true too, that stiffness has all gone from my joints and I can put on my shoes and bend over to the floor just as good as I ever could. My legs and shoulders are free from all pain, and I don't have any trouble walking or doing anything else I want. For a man who has suffered from rheumatism as long as I had, to be so quickly relieved is the most wonderful thing I ever heard of, and I am certainly glad to tell everybody that Tanlac did it.

Tanlac is sold in Brantford by Robertson Drug Store. In Paris, by Appo, Limited. In Mt. Vernon by A. Yeomans. In Middleport by William Peddie. In Onondaga by Neil McPhaden.

LUXURIES ON BARRED LIST

An Order-in-Council at Ottawa Enumerates a Number of Articles

CUBS KEEPING PACE

Vaughan's Pitching Beat Braves—Riot When the Cards Beat Dodgers

Ottawa, June 4.—Sporting goods works of art, jewelry, toilet preparations and certain vegetables and fruits all come within the scope of the order-in-council passed to restrict the importation of luxuries. The order-in-council provides that the goods enumerated may be imported only on licenses issued by the Minister of Customs on the recommendation of the War Trade Board.

It cites a long list of articles classed as non-essentials in war time. Among them, in sporting goods, are: Billiard tables and cues. Pleasure boats, skiffs, and canoes, sporting guns and rifles and the ammunition therefor. Game bags and cartridge belts. Skates of all kinds. Pistols, revolvers and other firearms, except for war purposes, and fishing rods.

Among fruits are included: Almonds, shelled or unshelled; unshelled pecans, unshelled walnuts and other unshelled nuts. Mentioned in the list also are: Blackberries, gooseberries, raspberries, cherries, strawberries, cranberries, currants and grapes. In green fruits—Peaches, plums, quince, apricots, pears and nectarines.

Further mentioned are: Mangoes, plantains, pomegranates and pineapples. In the vegetables are: Sugar beets and fresh tomatoes.

Candied peels, candied fruits and nuts are included with sweetened breads, cakes, pies, and puddings containing sugar; flavoring extracts, custard and jelly powders, lime and fruit juices. Automobiles valued at \$1,200 and upwards, f.o.b. at place of manufacture. Paintings, photographs, oleographs, and prints. Perfumery preparations for the hair, mouth or skin when imported, except as specified.

Manufactures of gold and silver electro-plate and sterling. A further order-in-council prohibits the export of gold and silver bullion except under license from the Minister of Finance. In this connection it will be recalled that in the early days of the war, the Government took steps to conserve the gold resources of the Dominion. This was then accomplished by setting aside for the period of the war the provision of the Currency Act under which Dominion notes are redeemed in gold. A further step in the conservation of gold resources is not taken by prohibiting, except under license, the exportation of gold coin, gold bullion and fine gold bars.

SURE JOHNNY HELPS

If the weather man falls down, you should worry. Now tell Johnny's mother to send a two-cent stamp to the National War Garden Commission at Washington for a free canning book.

Henry Diebel of Holstein was instantly killed when he fell between moving cars at Fergus, stepping from one car to another when the engine coupled on.

OVER 40,000 IN 19 CLASS REGISTER

Seventy-Five Thousand Other Men Are Still Liable for Military Service

By Courier Leased Wire. Ottawa, June 5.—Returns received at noon to-day show that 43,138 men of 19 years of age registered for military service within the month of May. The proclamation calling upon men of 19 to register was published on May 4, and men were required to forward their names and addresses to registrars under the military service act on or before June 1. None of them will be summoned to the colors before July 1. Before the 19 year class is called, full investigation will be made into the number of men called and available for service under the Military Service Act. Apart from the 19 year old class, the number of men available for service under the act is now approximately 75,000. Investigation will be held to determine how many of these were volunteers, how many are medically unfit for active service and how many are on leave of absence.

The adoption of the draft system for sending men to the front, has it was stated this morning by high officials of the Militia Department, given most satisfactory results. The system calls for a period of fourteen weeks' training in Canada for the men. Each man is given a training sheet on which is recorded the period of training which he has been through. If it is necessary to send recruits over to England before they have completed their full course their training in the old country continues from the point where it left off here. No effort is made in this fourteen weeks' course to take up the more advanced phases of training. The idea is to give the man good basis which may be elaborated on at some point nearer the fighting line. It has been found that the more advanced features are better taught in the British training camps where plenty of men who have actually faced the Germans and experienced battle conditions. It is also noticeable that the men arriving in England settle down to the business of soldiering with greater zeal than when they are in Canada.

PALE, DELICATE GIRLS

Does your daughter inherit a delicate organization from you? The anemia of young girls may be inherited, or it may be caused by bad air, unsuitable food, hasty and irregular eating, insufficient outdoor exercise and not enough rest and sleep.

It comes on gradually, beginning with languor, indisposition, mental or bodily exertion, irritability and a feeling of fatigue. Later comes palpitation of the heart, headache, dizziness following a stooping position, frequent heartbeats and breathlessness. In a majority of cases constipation is present. There may be no great loss of flesh, but usually the complexion takes on a greenish-yellow pallor.

Cases of this kind, if neglected, become serious, but if taken in time there is no need to worry. The treatment is quite easy and simple. Dr. Williams' Pink Pills, which are free from any harmful or habit-forming drug are just the tonic needed to remedy this wretched state of health. Though it is not noticeable, improvement actually begins with the first dose. As the blood is made rich and red the pallor leaves the face, strength and activity gradually return and if the treatment is continued until the last symptom disappears the danger of a relapse is very slight.

If any symptom of anemia appears, prudence suggests that Dr. Williams' Pink Pills should be given at once and the sooner they are taken the more speedily will the trouble be overcome. You can get these pills through any dealer in medicine, or by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

OPERATION SUCCESSFUL

By Courier Leased Wire. British headquarters in France, June 4.—(via Reuter's Ottawa agency)—Our operations in the neighborhood of Vieux Berquin were completely successful and have given us some high ground and two farms which had been converted into machine gun posts. Our casualties were light although the enemy resisted with considerable obstinacy. Our raid to the east of Tilley on Saturday was a most daring enterprise. We penetrated to a depth of more than a thousand yards and cleared out four hundred yards of German trenches, bombing all dugouts and blowing up a heavy trench mortar, which had been troublesome. Prisoners estimate that an entire German company was wiped out.

Henry Diebel of Holstein was instantly killed when he fell between moving cars at Fergus, stepping from one car to another when the engine coupled on.

For Sale

One Fire Hose Wagon and harness to be sold by public auction on the Market Square on Saturday morning next at 11 o'clock. City Clerk's Office, Brantford, June 5, 1918.

DERRY RUN

By Courier Leased Wire. Epwam, Eng., June 4.—The derby stakes of 6,500 sovereigns was run here to-day and won by Gainsborough, Blink and Treadwell, who are finished third. Thirteen horses ran.

FRENCH OFFICER KILLED

By Courier Leased Wire. Paris, June 4.—Marcel de Mongeol, major in the French army, was killed in action near Soissons on May 27. He was a son of Madame Alcazar, widow of the late President of the Republic.

DELEGATES TO HAGUE

By Courier Leased Wire. Ottawa, June 4.—(via Reuter's Ottawa agency)—In the House of Commons, A. Bonar Law, chancellor of the Exchequer, announced that Lord Newton and General Baileid would be the British delegates to The Hague with powers of the widest discretion in connection with the exchange of prisoners of war.

War Garden Bulletin

PRACTICAL DAILY GUIDE FOR VACANT LOT AND BACKYARD GARDENERS ENLISTED IN GREAT BRITAIN PRODUCTION CAMPAIGN.

Issued by the Canada Food Board in collaboration with experts on the staff of the Dominion Experimental Farm.

GET READY FOR CANNING

Although it is still early in the season, be forehanded in your preparations to take care of the fruit and vegetable crop. Don't wait until July before ordering your canning outfit or preserving jars. Don't wait until the vegetables become overgrown, old, tough or stringy before you can them.

Make this a record-canning and drying year. This is one of the objects of your war garden. And start early. Pickle young beans right now.

Conservative estimates show that 5,000,000 gardeners can produce the equivalent of enough food to sustain 1,000,000 soldiers for 288 days, or almost eight months. Each individual home gardener this year should make it a point to study the comparative food value of the different vegetables and to concentrate on those which add most to the country's food supply. Cabbage, for instance, is 48 per cent. water and requires at least 100 days to become fit for food. On the other hand, beans represent food in highly concentrated form, mature readily and the dry product is easy to keep. Don't forget about the second planting of beans this week.

Properties for Sale!

By S. G. READ & SON Limited 129 Colborne Street, Brantford
