Serum Used at Woodstock Proves Most Effective
 Woodstock, N. B. Oct., 24—(Special)—Two hundred of our people have been inoculated with a serum received from Tufts College, as a preventive for influenza, and it is said that they have not even caught a cold.

The After Effects of Dreaded La Grippe
 Worse Than the Disease Itself—Victims Left Weak, Nervous and Worn Out

La Grippe, or Spanish influenza as the epidemic now sweeping over all America is called, is one of the most dangerous diseases known to mankind. Anyone who has felt its pangs is not likely to forget the trouble. La Grippe or influenza, starts with a slight cold and ends with a complication of troubles. It lays the victim on his back. It tortures him with fevers and chills, headaches and backaches. It leaves him a prey to pneumonia, bronchitis, consumption and other deadly diseases. Its after effects are often more serious than the disease itself. It is quite possible to avoid la grippe by keeping the blood rich and red by the use of Dr. William's Pink Pills—a tonic medicine which enriches the blood and strengthens the nerves. If however, the disease attacks you, the patient should at once go to bed, and call a doctor before complications set in. That is the only safe thing to do. But to recover your strength after the severity of the attack has passed, you will find Dr. William's Pink Pills an unsurpassed tonic. Through the use of this medicine all the evil after effects of this trouble will be banished. This has been proved in thousands of cases throughout Canada, where in previous seasons la grippe has attacked them. Among the many thus restored to full health is Miss Irene Bootes Portsmouth, Ont. who says:—"I take much pleasure in recommending Dr. William's Pink Pills, because I have proved their worth in my own case. Last winter I had a severe attack of la grippe and it left me weak and all run down I had severe pains in the chest and under the arms palpitation of the heart and attacks of neuralgia which left me with the feeling that

life was scarcely worth living. I was advised to try Dr. William's Pink Pills and began their use only on the principal that I would try anything that might better my condition. I had only been using the pills a couple of weeks when the pains began to leave me. Gradually my strength returned, my appetite improved and in a little more than a month I felt all my old time vigor had returned. I am sincerely glad I was persuaded to try Dr. William's Pink Pills and I shall always have a good word to say for them. Dr. William's Pink Pills not only cure the disastrous after effects of la grippe, but are also a specific for all troubles due to poor blood, such as anemia, rheumatism, indigestion, women's ailments and the generally worn out feeling that affects so many people. You can get these pills through any dealer in medicine, or by mail at 50 cents a box or six boxes for \$2.50 from The William's Medicine Co., Brockville, Ont.

Geo. Toft has just finished placing a handsome memorial window in M. E. church, given in the memory of the late Miss Emelie Newcombe, daughter of Mr. and Mrs. George Newcombe. The window is beautifully colored, with the design of a harp in the upper sash and rich shades combined in a simple, yet dignified and attractive design. The young lady in whose memory the window was donated, will be remembered by her many friends as a faithful attendant at the church during her stay here, and the window adds greatly to the appearance of the building. The donor is understood to be Harry Newcombe, Esq. of Saskatoon, Can.

Wolfville Gets Canning with Magnificent Parade

On Monday afternoon the Victory Loan campaign was brought home to the people of Cornwallis and especially Canning by a magnificent parade of gaily decorated autos from Wolfville which came through Cornwallis from Kentville and passed through our Main Street returning to Wolfville. The lateness of the hour of arriving prevented any stop here. Canning appreciated the worthy effort made by the citizens of Wolfville and expressed great praise in the energy and ability displayed in bringing to the public attention their duty in subscribing to Victory Bonds.

Rheumatism Every Winter

To be crippled by Rheumatism is to have life become an intolerable burden, especially in the winter, when the persistent cold and damp aggravate this complaint till it is almost unbearable.

Can you picture the dread that any man would hold winter in when all it meant to him was a yearly return of his Rheumatism and the agonizing pains that it brings?

Such was the case of Mr. A. Beaudry of Bedford, Que. Each winter he was forced to undergo the torture of Rheumatic pains, until he discovered GIN PILLS. Here's what he says about these little doctors:

"Every winter I suffered from Rheumatism, and this is the first season I have been able to go through without a return of my old trouble—thanks to GIN PILLS. The pills are all you claim for them, and more."

Testimony such as this should convince even the most skeptical that GIN PILLS do remedy Kidney troubles.

If you have friends or relatives who suffer from this dread affliction, tell them to try GIN PILLS. So many people have written us stating in glowing terms how GIN PILLS have relieved them of Kidney troubles, that we are convinced that all any person needs to do in order to obtain relief is—try them.
