A Scandalous Story Confirmed. A Lansing, Mich., despatch says: Before the House Judiciary Committee to-day Representative Breen, of Menominee, con-firmed the charge that there has been a regular trade in young girls between Mil-waukee and Chicago and the mining regions of the Upper Peninsula. Mr. Breen said that the horrors of the camps into which these girls are inveigled cannot be dadequately described. There is no escape for the poor creatures. In one case a girl escaped after being shot in the leg and took refuge in a swamp. Dogs were started on her trail, and she was hunted down and taken back to the den. In another case, a girl escaped while a dance was going on at the shanty into which she had been lured. After several days and nights of privation she made her way to an island near the shore in Lake Michigan, where a man named Stanley lived. But the dogs and human bloodhounds trailed her, Stanley was overcome and the girl was taken backk. The law now movides for imprisonment of
