Continued from Page 1.

been put in the yard and seven loads on a little square in North Chatham. The other forty loads would be distributed. If the council had any suggestions, they would be considered. It was intended to improve St. George street leading to the Dowsley factory.

The Mayor—Put some on Park street to meet the road which the Township of Harwich is building. The Board of Works reported recommending the payment of John Henderson's account for \$25.—Adopted.

The Property committee reported re the communication of Caleb Wheeler asking for a water service in the market building, that they had ascertained it would cost \$15 and recommended that the request be granted. The report was adopted.

The Parks and Cemetery committee reported that the account of George Stephens & Co., \$7.43, be paid, that Harry Philp's request re exchange of cemetery lot be granted and that Percy McMillan be hired as caretaker of Tecumseh Park at \$32 per month till October 31, the bowling club to pay \$50 per annum of the caretaker's salary.

Ald. Mounter said that on investigation it was found that it cost the city \$100 per annum for cutting the grass and other work on the park. Mr. McMillan only cost the city \$40 more and he could also take care of Sulman and Morton parks. The Mayor said that the committee had done well to secure Mr. McMillan's services at the price paid. He was satisfied there was no better.

Ald. Mounter, for the special committee, composed of the Parks and Cemetery committee, with Ald. Taylor and McCaig added, reported re the hogs impounded last fall on the Cemetery road. The committee said that after investigation, they were satisfied that the city had never made any agreement with the Cemetery road fence in repair. The committee didn't admit any liability, but as the amount was so small and a suit in the Division Court wouldn't be appealed against, the committee recommended the payment of the \$10 claimed by Mr. Barnes without admitting liability. The report was adopted.

Ald. Taylor said that in 1895 the council had tried to get a lawyer's bill reduced by taxation. A reduction of \$125 was made but this was eaten up in costs of the case. The city had consulted the city solicitor in regard to the accounts of the late William Douglas in connection with the Atkinson vs. Chatham and Robertson vs. Chatham suits. The solicitor recommended that the accounts be referred to Judge Bell for taxation. This was the easiest way to deal with them.

Ald. Taylor said that in 1895 the council had tried to get a lawyer's bill reduced by taxation. A reduction of \$125 was made but this was eaten up in costs of the case.

Ald. Cowan didn't think the bill should be referred to Judge Bell for taxation. He said that there had been a little trouble between the city and Mr. Northwood over the purchase of part of the property on St. George street. Judge Bell had just looked over some papers and sent in a bill for \$10. "We know what he is," concluded Ald. Cowan.

Ald. Cowan moved that the account be referred to Finance committee. The Mayor said that was unnecessary as the account was already in the hands of the Finance committee.

Ald. McKeeough said the City Engineer advised the purchase of a number of steel beams for Abernethy bridge. The present wooden beams were not satisfactory and the steel beams would last a life time. About ten were needed.

The purchase of the beams was referred to the Board of Works with power.

Ald. Mounter asked permission to have the archway at the Cemetery pointed.

It was decided to paint no notices, only "Marie Leaf Cemetery," on the archway.

Mayor Sulman—It has been suggested that the city prevent the bridge being swung between the hours of 12 and 1 o'clock. Many mechanics were delayed returning to work last summer by reason of this. I don't know, however, whether the city has the power to do this or not.

Ald. Taylor—They have such a by-law in Chicago.

The Mayor asked the Board of Works what steps they were taking towards having name signs put up on the city streets.

Ald. McKeeough said that the Board of Works had the matter under consideration, but they thought that owing to the extra expenses this year that it was best to leave it over till next year.

Ald. Mounter told the Property committee that the foot bridge to the Park needed painting.

The tenders for painting the seats in the Park, the fountain, cannon, bandstand, and flag pole, were opened as follows—

Blonde Bros. & Co., \$66.60.
No name, \$75.
F. G. Judson, \$112.
E. J. Willard, \$87.

On motion of Ald. Mounter, Blonde Bros. tender being the lowest, was accepted.

The by-laws appointing Chief Holmes poll tax collector and J. D. Macmah, city engineer, were passed.

Ald. Waddell moved that his amendment to the circus license by-law be read in committee of the whole council.

Ald. Waddell moved that the license be fixed at \$100 for a circus and \$10 for a side show.

Speaking to his motion Ald. Waddell said that the Clerk had written various cities and towns in Ontario. At St. Thomas the license fee was \$100, at Stratford \$100 and 100 side show tickets.

Ald. Mounter, from the chair—That is not a side show but a side issue. How did they dispose of the 100 tickets.

The City Clerk—I think the Clerk ought to get them. London charged a license of \$100.

Mr. Waddell submitted that Chatham could establish a rate on a similar level and might possibly go a

Along MONEY-SAVING Lines

Two strong interests appeal to April customers here in our store. There's the magnetism of large, timely stocks, revealing the newest modes, and meeting every clothing want of Chatham men and boys. Linked to this main interest are the splendid saving chances offered by our Liquidation Sale. We are trimming our stocks as seamen shorten sail in gusty weather. Money must be raised promptly, and we cut prices on whatever can be spared from the lists of thoroughly staple stock. Not a general clearance, not a beheading of entire stocks, but a liberal pruning of the tree. Every man within reach of the store can certainly save money by means of this sale. Last week we gave clearance prices on men's and boys' clothing. To-day we quote some sample prices in

little higher. The advance agents boasted that Chatham was the best show town in Ontario.

The Mayor—You only brought up letters from the places charging \$100.

Ald. Waddell—I didn't think it was necessary to bring all the replies up. I am contending for a principle. I don't think that the extra \$53 added to the city treasury amounts to much but I think our pride should prevent us taking less than \$100.

Ald. Taylor—Why didn't you bring all the correspondence? You only brought what suited you.

Ald. Waddell—I have just got that petition read. If I had a petition, I think I would show courtesy to the signers by reading it.

Thus exhorted, Ald. Waddell read the petition stating that the signers license by-law and urged him to introduce the by-law he proposed introducing. The petition was signed by Fred B. Stevens and a large number of other representative citizens.

Ald. Waddell explained in reference to two of the signatures that they didn't have the weight of the names he would like to see on the petition.

Ald. McCaig said he was surprised to see that Ald. Waddell had names on his petition which he didn't want. The petition was signed by very representative citizens and Ald. McCaig took exception to the light way in which Ald. Waddell spoke of two of the signers.

Ald. Waddell explained that the charge of levity was unfair. The matter was understood between himself and one of the signers he had mentioned. He had promised the ratepayers his canvass that he would have the license by-law amended.

Ald. McCaig asked Ald. Waddell if he hadn't overlooked one of his promises, i. e. that the city engineer be dismissed.

Ald. Waddell began to reply when Ald. Mounter asked the alderman from over the creek to confine himself to the question under discussion.

Ald. Waddell sat down after having occupied the floor for over 30 minutes. The Mayor said that he took a different view of the matter from Ald. Waddell. He had respect for Ald. Waddell's pertinacity in keeping to his promise made during his election campaign. In the Mayor's opinion the license was high enough. One reason was that Chatham was out of the way and circuses had to come from St. Thomas or London here and then go back again. As a business man, the

Mayor opposed the license increase because circus days were the business man's best days with the exception of the Christmas trade.

There was no more discussion and the matter dropped.

MORNING WEDDING

A very quiet wedding was solemnized by Rev. Fr. Herman, at St. Joseph's church early this morning, when Miss N. O'Donnell, one of Chatham's popular young ladies, was united in the holy bonds of matrimony to Peter Ennett, a prosperous young farmer residing near Turnerville.

The ceremony was witnessed by a few of the friends and relatives of the contracting parties only. Miss Maggie O'Donnell, sister of the bride, acted as bridesmaid, and P. J. Burns, of Dresden, filled the position of best man. After the ceremony the party proceeded to the Merrill House, where they partook of the wedding breakfast.

The happy young couple left at six o'clock for their future home in Turnerville.

Miss O'Donnell is well known in the city having with her sister, managed a dress-making establishment opposite the market for the last three years. Her many friends in the city will join wishing the newly married couple much pleasure and prosperity in their future married life.

The dress-making business will be continued by Miss Maggie O'Donnell.
