## CLINGING TO OFFICE.

When Lord Lansdowne told the House of Lords a few days ago that the Minister would not resign because the "resignation would be attended by grave public inconvenience" he drew from Lord Rosebery an apt and convincing retort. Lord Rosebery has been Prime Minister. His term of office was not long enough to develop the curious malady of thinking the continuance of his Government a national necessity. He was the victim in 1895 of a snap vote in the House of Commons. There is no doubt that he consulted at once his own sense of dignity and the state of public opinion by promptly resigning. He is, therefore, well fortified in directing his shafts of genial satire at a Ministry which deems itself essential when it has really outlived its effectiveness. "Never has a Government," said Lord Rosebery, "undergone so much indignity, so much loss of all that personal weight which should be dear to every Government of this country, as has been the fortune of his Majesty's present advisers." They could, he admitted, summon a majority in either House of Parliament, but "there is something which is even more valuable than the confidence of Parliament, and that is the confidence of the country." It is notorious that in a long series of by-elections the Balfour Ministry has been emphatically repudiated by the constituencies and given as plain a hint to retire as can be conveyed without bodily violence.

The special delusion which seems to afflict the Government is that continuity of foreign policy demands the maintenance in power of the present Ministers. "With cruel insincerity," Lord Rosebery, a former Foreign Secretary himself, and a brilliant one dispels that dream too. He pointed out that they might be disregarded. Solomons at home, but the question was how did Governments abroad regard them. "I have," he said, "negotiated on behalf of a weak government. I have known what it is to feel that while I was negotiating, the Röntgen ray of diplomacy was looking through my poor body to the body of the Minister who was about to succeed me; and I cannot flatter His Majesty's Government that in the eyes of these governments with which they alone are competent to deal they represent the true feeling and the true sense or the true power of Great Britain." And Lord Rosebery passed the most telling of all censures upon this clinging to office when he declared that while the letter of the constitution was observed its spirit was disregarded. Contrary to common belief, therefore, the disease is not confined to Canada, but has even shown itself in the Mother Country. We can no longer blind ourselves to the humiliating fact that one of our cherished products—the all inspiring passion for office—has ceased to be indigenous to our soil and climate, but may grow luxuriantly elsewhere. No more can we say that the politicians who feel themselves oppressed with a sense of their own greatness and their vital consequence to the welfare of the nation are our distinctive property. We must abandon our exclusive attitude and share the honor. After all, there are others.—Toronto News.

Over a Thousand Revolutionists Arrested in Warsaw.  
Warsaw, Aug. 14.—During a meeting of 2,000 Socialists in the woods at Dlutowo Saturday, Cossacks and infantry appeared. ## THIS ONE GOT AWAY.

Ship That Escaped Togo Reaches the Baltic Sea.  
Kiel, Prussia, Aug. 14.—The Russian transport Anadyr, which escaped capture by the Japanese after the battle of the Sea of Japan, has passed the Great Belt, one of the straits of the Baltic Sea, on its home voyage to Lubeck. This is the only vessel of Admiral Rojestvensky's fleet that has returned.

On board the Anadyr are some of the survivors of the Russian battleship Orel, which was captured by the Japanese after a desperate fight, during which, according to one story, 300 men were killed or wounded, and those mortally wounded were thrown overboard.

Rebellion in Pa Chou Fu.  
Shanghai, Aug. 14.—The rising at Pa Chou Fu, in the Province of Chansi, is purely local. Of 143 soldiers sent out only three have returned, the others having probably deserted. The officials at Talyanpu are sending a large force with artillery to the scene of the disturbance.

## BEWARE OF SUMMER GERMS

Will Cause Sickness Unless Stomach is Strengthened With Mi-o-na

One tablet of Mi-o-na taken before each meal during the summer months, whenever the stomach is out of order, or the digestion weak, will do more than any other treatment to prevent the diseases caused by germs at this season.

If the stomach is weak so that food does not readily digest in it, the food will become a sour, slimy, fermenting mass in the digestive organs, the ideal condition for germs to cause bowel trouble, diarrhoea, or other summer illness.

Mi-o-na will soothe and heal the irritated mucous membrane of the stomach and digestive tract, stimulate the solar plexus, and strengthen

the whole nervous system. This remarkable remedy will make the whole digestive system so healthy, clean and sweet that food cannot ferment, and any diseases germs which may enter the stomach will be destroyed.

Just one small tablet out of a 50 cent box of Mi-o-na before eating, and you will have no headaches, backache, poor appetite, distress after eating, heart-burn, furred tongue, sleeplessness, or general debility. It will tone up the digestive system and give perfect health and strength.

Take Mi-o-na now, and C. H. Mann & Co. will guarantee to refund the money if it does not cure. The risk is all theirs.

## LEROY HOOKER MISSING.

Popular Preacher, Melancholy Lately, Disappears From Winnipeg.

Winnipeg, Aug. 14.—Rev. Leroy Hooker of Chicago, who has been here for several months, preaching and lecturing, suddenly disappeared from his hotel last Tuesday. He had been in a melancholy condition for some time. He was last seen near Elm Park, and the belief is that he drowned himself in Red River there. Inquiry was wired to his home, but he has not been heard of there. The Presbyterians are moving in the matter, and will endeavor to solve the mystery. If the body is recovered they will take charge.

Dr. Hooker was formerly pastor of the Metropolitan Methodist Church, Toronto, and the Dominion Church, Ottawa. He later joined the Presbyterian communion, and removed to Chicago. The Provincial police are taken the investigation up. The Minister is believed to have been in financial difficulty.

## Twelve Die In Train Wreck.

Cleveland, O., Aug. 14.—A fast east-bound passenger train on the New York and Erie road collided with a west-bound freight train early yesterday at Kishman, Ohio, near Vermilion, resulting in the death of 12 persons, while at least 25 others were injured, eight of whom were probably dying. The wreck, according to the officials of the company, was caused by a misunderstanding of orders, or neglect to obey them on the part of the crew of the freight train.

## Buried By a Cave-In.

Winnipeg, Aug. 14.—J. B. Johnson, an Icelandic, was working Saturday afternoon on new sewer connections on Notre Dame avenue, inside the tunnel, when part of the upper work caved in, burying him. Ten minutes' strenuous exertions by his fellow workmen served to uncover him, part of which time his groans would be heard, but the man was dead when raised.

## Turn About.

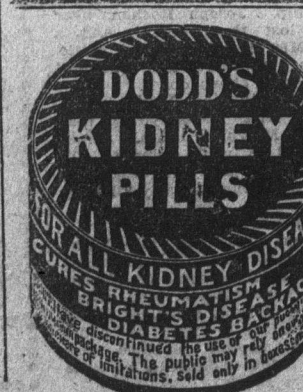

An Irish doctor was asked to attend a patient on Tory Island, off the Irish mainland. The doctor said that he was willing to go, but that the fee would be \$2 (\$10), payable in advance. The Tory Islander paid the money and ferried the doctor over from the mainland himself. The physician finished his duties and wished to start back. The only way to get back was to be rowed back by the same man who had carried him over. The doctor asked what the charge was. "Two pounds," said the Tory Islander, "payable in advance." It was paid.

## DROPPED ALL OTHERS.

"I dropped all liniments but Nerviline, because I found Nerviline the quickest to relieve pain," writes Ed S. Benton, of St. John's. "If my children are crampy or sick, Nerviline cures them. If a case of cramps or stomach ache turns up Nerviline is ever ready. We use Nerviline for neuralgia, rheumatism and all kinds of aches and pains; it's as good as any doctor." The great Canadian remedy for the past fifty years has been Polson's Nerviline—nothing better made.

Ashcroft, B. C., Aug. 14.—A terrific landslide took place at Thompson River, near Ashcroft, B. C., yesterday afternoon. An Indian village with its population was overwhelmed. It is not known how many lives were wiped out, but it is feared the loss is large.

Thompson River was blocked by an enormous mass of earth and stones and the face of nature for some distance around the scene for some time. It is difficult to recognize the country.

## Lost in the Woods.

Wheatley, Aug. 14.—About 10 o'clock Saturday night Roland Lamarch, youngest son of James Lamarch, was seized with a fit of insanity. He was in the house at the time and, jumping through the window, he started across the fields along the banks of two creeks. His uncle, O. Lamarch, was able to keep him in sight for some time, but he eventually struck off into a piece of woodland, and Mr. Lamarch lost sight of him. Search was continued far into the night, and a party of searchers left early yesterday morning to try again, but their efforts have been in vain.

## CRIME OF JEALOUS MAN

Shoots Wife and Then Turns the Gun on His Father-in-Law.

Alfred Horton, Son of Sandwich Pop Manufacturer, Fires Two Bullets Into the Woman Who Leaves Him and Three Into Her Father and Then Surrenders to the Police—Mrs. Horton is Likely to Die.

Windsor, Aug. 14.—In a fit of mad jealousy, Alfred Horton, son of W. W. Horton, Sandwich Pop manufacturer, shot his wife and father-in-law at Amherstburg about 5 o'clock Saturday afternoon.

Young Horton walked into the millinery store conducted by Miss Lovegrove, his wife's sister, and asked for Mrs. Horton. "I want to see my wife," he declared. Mrs. Horton came from another room and had a short conference with her husband. "Where is the baby?" the young tempter asked. The wife returned with the child, and while she carried the babe in her arms the infuriated husband drew a revolver and shot her in the side.

The frightened woman fled for safety, the husband shot her again, the bullet entering the back and passing through the lung.

The shooting affray attracted the attention of John Lovegrove, the father of Horton's wife. He rushed to the scene but was too late. Mrs. Horton was lying on the floor, and Mr. Lovegrove was shot in the neck, side of the head and shoulder.

The trouble arose over Mrs. Horton's refusal to live with her husband and his insane jealousy. It was reported that Mrs. Horton was dying, but that Mr. Lovegrove had a chance for recovery. Horton gave himself up to Chief Laporte.

## Threats of Lynching.

When the would-be murderer was being taken to the lock-up threats of lynching were heard on every side and it was with difficulty the police saved him from the people. As it was he was struck several blows on the head and blood streamed from his face.

Albert Horton married Annie Lovegrove about 18 months ago, and the affair reveals a family skeleton which has been sedulously kept from the public for many months, beginning with her coming home because of his failure to support her in Windsor and ending with her death.

Long spring he secured employment in a drill boat at the Limekiln crossing, but was unable to hold his position owing to his drinking habits. He sought to get over to live with him, but would not promise to reform. Horton is playing possum in the lock-up and refuses to talk. The chief gave him a cold bath, but even this did not loosen his tongue. He feigns illness and has his body stiff, eyes closed, breathing stertorously.

## Probing For Bullets.

Dr. Hobley, assisted by Drs. Teater and Scarach, are probing for the bullets in Mrs. Horton, while Dr. W. Fred Lewis is looking after Mr. Lovegrove, who has recovered sufficiently to sit up. One bullet has been located in the neck, while another is lodged in the cranium.

## CALL BOY PERHAPS MURDERED.

Struck on Head With Stone While Summoning Train Crew.  
Farnham, Que., Aug. 14.—About 11 a. m. yesterday the body of Wilfrid Audette, aged 15 years, son of Ernest Audette, secretary of the town, was found lying alongside a pile of lumber back of the Central Vermont Station. Young Audette was on duty last night as a call boy for the Canadian Pacific Railway, and had just seen about 11 m. when he left to call two train crews. Only one crew responded and one brakeman of the second crew. Another boy was sent to complete the call, and nothing more was heard of Audette until found by two Duval brothers, who were returning home from church. The wound on the dead boy indicates that he was struck on the head with a stone five or six pounds in weight, blood and hair being plainly visible on the stone.

## THIS MESSAGE IS FOR WOMEN

Dame Bradette Cured of all Her Pains by Dodd's Kidney Pills

Suffered for Years Before She Found Quick Relief in the Great Canadian Kidney Remedy.

St. Rose du Dejele, Temiscouata Co., Que., Aug. 14.—(Special).—Suffering from all over Canada will read with feelings of interest and relief the experience of Dame Amedee Bradette of this place.

"It gives me pleasure to be able to tell," says Dame Bradette, "that I am cured of all the ills I suffered for a number of years. I found in Dodd's Kidney Pills quick relief from all my pains. I only had to take one box to bring back my health, and in five months I have had no return of my trouble."

Those troubles known only to women always spring from disordered kidneys. The female organs are entirely dependent on the kidneys. Dodd's Kidney Pills never fail to cure the kidneys. That is why they always bring health, strength and cheerfulness to weak, run-down, suffering women.

The faith is dead that knows no change.

Woman is often referred to by man as "doubting his joys and having his sorrows." That may be complimentary, but it would seem to be rather hard on the woman. For in plain terms it means that where things are going well with the man his wife makes them go better. But when things are going ill with him, he expects the wife to share half his burden. And there's more truth than poetry in this presentation of masculine selfishness. Men don't appreciate the fact that the strain of motherhood alone is a burden bigger than all the loads that rest upon male shoulders. They see the wife grow thin, pale, nervous and worn, and they think that she is overburdened. Among the pleasant letters received by Dr. Pierce are those from husbands who have waked up before it was too late to the crushing burdens laid upon the wife, and in the search for help have found in Dr. Pierce's Favorite Prescription a restorative which has given back to the mother the health of the maiden and the maiden's happiness. "Favorite Prescription" always helps, and almost always cures. It has perfect cures ninety-eight out of every hundred women who have used it when afflicted with diseases peculiar to women.
