

TRIED EVERYTHING WITHOUT RELIEF

Until I took "Fruit-a-lives"

SARNIA, ONT., Feb. 5th, 1910. "I have been a sufferer for the past 25 years with Constipation, Indigestion and Catarrh of the stomach. I tried many remedies and many doctors but derived no benefit whatever. Finally, I read an advertisement of "Fruit-a-lives". I decided to give "Fruit-a-lives" a trial and found they did exactly what was claimed for them. I have now taken "Fruit-a-lives" for some months and find that they are the only remedy that does me good. I have recommended "Fruit-a-lives" to a great many of my friends and I cannot praise these fruit tablets too highly." PAUL J. JONES

"Fruit-a-lives" is the only natural cure for Constipation and Stomach Trouble, because it is the only medicine in the world that is made of fruit juices and valuable tonics. Hundreds of people have been cured, as if by a miracle, by taking "Fruit-a-lives", the famous fruit medicine. 50c. a box, 6 for \$2.50, trial size, 25c. FUNERAL OF MISS SCOTT LARGELY ATTENDED

(Campbellton Graphic)

The funeral of Miss Serena Scott who died of pneumonia last Friday was held on Monday. Services were held at the home of the deceased and at Christ Church the Revs J. E. Purdie and R. J. Coleman of Dalhousie officiating.

The pall-bearers were H. C. Montgomery, F. J. Irving, P. Muller, John Cliever, D. P. de LaParrelle and H. Morse. Many turned out to the funeral, Miss Scott being greatly esteemed by a large circle of friends. The floral offerings which were many and costly were sent to the hospital for distribution.

It is particularly sad to think of a young bright girl being cut off as the deceased was at the early age of 23 and the sympathy of all is extended to the bereaved family.

Astounded at Fine Entering Canada

Niagara Falls, Ont., Dec 21—"To think that a thing like this could happen in America," exclaimed Jacob Klenovic, a Russian Jew, as he counted out \$50 in good United States currency, and handed it over to Magistrate Fraser, as the price of attempting to enter Canada at this point after having been rejected at Fort Erie a few weeks ago.

Klenovic speaks English brokenly and explained that he wished to visit relatives at St. Catharines, where he hoped to spend Christmas.

Premier Refuses to Accept Republic

Peking, Dec. 21.—Premier Yuan Shi Kai, in an official statement today said that he, without any qualification, refused to accept a republic. The refusal of Premier Yuan-Shi-Kai to accept a republic is a categorical reply to a communication made to him from Shanghai by his representative Tang Shao Yi, after the meeting of the peace conference yesterday afternoon. Tang Shao Yi in replying to Dr. Wu Ting Fang the leader of the revolutionary delegates, who had presented the case in favor of a republic, "expressed his readiness to accept Dr. Wu Ting Fang's views but that the matter was so important that he must first communicate with Peking."

The armistice between the opposing forces was extended to December 30 in order to give time for a reply from Peking.

CLAIMS GIRLS ARE SOLD

Los Angeles, Calif., Dec. 21.—Declaring that the local Russian colony was a marriage market wherein young girls were bartered like cattle by their parents, Elsie Ta-Viok Navjoff, 17 years old while in the juvenile court yesterday on a charge of delinquency, screamed that she would bare the secrets of her race rather than to marry a stranger to whom she alleges her parents were trying to sell her. She declared that in the Russian quarter with a population of about 4,000 there were six hundred girls, for sale at an average price of \$500. "They have sold me to a man I have never seen" the girl cried, "I will die before I will marry him. I love another and he loves me, and we will be married as soon as I can get away from my people."

OXFORD, N. S. MAN SUICIDES

Oxford, N. S., Dec. 21.—Joseph Thornwaite, aged fifty-six years, of Oxford, committed suicide yesterday by drinking carbolic acid. No reason is assigned for the act. It appears that after eating his dinner he went to his bedroom and drank the poison. His wife and son, hearing him rushed to the room and found him dying. He leaves a wife, one son, aged sixteen years who resides at home, and one daughter who resides in Denmark, N. S.

A COMFORTABLE ROAD

Traveller in West Gives Unsolicited Praise to New Railway.

A world-wide traveller, having just returned from a visit to Western Canada has written to one of the chief officials of the Grand Trunk Pacific Railway, and how it serves the travelling public. He says:

"I had the pleasure of travelling from Edmonton to Winnipeg on the new line of the Grand Trunk Pacific, and I would like to say that of the 7000 miles travelled on railways during my last journey the time I spent on the Grand Trunk Pacific was the most comfortable of my entire trip. "The road-bed is evidently a fine piece of work, the cars clean and comfortable the men in charge were most polite and obliging, and any question asked of them was answered in a most gentlemanly manner. "I would like to refer specially to the dining car service and its equipment, which is the best I have seen. It was in fact a revelation to me after having travelled so far on other roads—the meals being specially good combined with pleasant surroundings and beautifully served."

"I beg to say that if it gives you as much pleasure to read this letter as it gives me to write you, you will perhaps pardon liberty I have taken in addressing you."

This is but a specimen of the many letters that are being received by the Grand Trunk Pacific officials, praising the exceptionally fine road and service that is now being operated in Western Canada.

Bomb. Wells Won

London, Dec. 18.—Bombardier Wells, whose schedule fight with Jack Johnson last summer was prohibited by the authorities appeared in the ring of the National Sporting Club tonight where he met Fred Storbeck, the heavy weight champion of South Africa. A big crowd had gathered to see the bout which lasted eleven rounds Storbeck being knocked out with one of Wells' powerful swings.

DEAFNESS CANNOT BE CURED by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces. We will give One Hundred Dollars for any case of Deafness caused by Catarrh that cannot be cured by Hall's Catarrh Cure. Send for circulars, free. F. J. CHENEY & CO., Toledo, O. Sold by Druggists, 75c. Take Hall's Family Pills for constipation.

THE "TEN DEMANDMENTS" For gross worldly wisdom it would be difficult to surpass the "Ten Commandments" hanging in one of the many salmon canneries at Steveston, Western Canada:

- 1. Don't lie. It wastes my time and yours. I am sure to catch you in the end, and that is the wrong end.
2. Watch your work, not the clock. A long day's work makes a long day short; and a short day's work makes my face long.
3. Give me more than I expect, and I will give you more than you expect. I can afford to increase your pay if you increase my profits.
4. You owe so much to yourself you can not afford to owe anybody else. Keep out of debt, or keep out of my shops.
5. Dishonesty is never an accident. Good men, like good women, never see temptation when they meet it.
6. Mind your own business, and in time you'll have a business of your own to mind.
7. Don't do anything here which hurts your self-respect. An employee who is willing to steal for me is willing to steal from me.
8. It is none of my business what you do at night. But if dissipation affects what you do the next day, and you do half as much as I demand, you'll last half as long as you hoped.
9. Don't tell me what I'd like to hear, but what I ought to hear. I don't want a valet to my vanity, but one for my dollars.
10. Don't kick if I kick. If you're worth while correcting you're worth while keeping. I don't waste time cutting specks out of rotten apples.—Toronto Globe

EVIDENCE AGAINST RICHESON

Capsule Filled With White Powder and Post Card Will Figure Prominently.

Boston, Dec. 16.—A capsule filled with white powder and a souvenir post card written by Miss Avis Linnell, are to figure prominently among the exhibits to be offered by the prosecution at the trial of the Rev. C. V. T. Richeson, for murder, which will begin on January 15, with Judge A. Sanderson presiding. The capsule was found in Richeson's desk at his room in the home of Mr. and Mrs. Frank H. Carter, 147 Magazine Street, Cambridge, and the post card, together with a volume of other correspondence was among the property of the accused preacher which the police seized upon when they ransacked his lodgings. They carried off books, manuscripts, and other personal effects sufficient to load a van which, with Captains Armstrong and McGarr, as guard, was driven to the Court House in Pemberton Square. The confiscated property is now held by the prosecution as evidence.

John L. Lee and Beverley Harrison counsel for Richeson, left for their homes in Virginia today to spend Xmas, having with the assistance of William A. Morse and Phillip R. Damber, of Boston, got the defence of the clergyman in such shape that they will be ready for the case when it is called.

Welland Canal To Cost \$40,000,000

Ottawa, Dec. 20.—It is understood that the reports of the engineers who have been investigating the question of the deepening of the Welland canal show that the project will cost \$40,000,000.

This is more than was originally expected. The project is developing into an enormous one, and will take serious consideration by the Government before it commits itself to the undertaking.

Leaders Knew Of Dynamiting

Ortie McManigal to Reveal Their Names to the Federal Grand Jury at Indianapolis.

Los Angeles, Cal., Dec. 20.—Olaf Tveitmore and E. A. Clancy, another prominent San Francisco labor leader, were both in conference with Oscar Lawlor, special prosecutor for the Federal Government, to-day, and probably will appear before the Federal jury.

Ortie McManigal said to-day that he will go to Indianapolis to testify there. He added that his testimony will implicate twenty union labor leaders. He gave no names.

"Are you afraid of union men?" he was asked. "Not of union men generally, but of 'rough necks' in the ranks," he replied. "They might slip me something."

McManigal added that he considered the McNamaras plea a vindication of him.

"That's what Harry Orchard said he was told. "Well, me and Harry Orchard are two of a kind, he responded. McManigal asserted that he never wanted to use dynamite, but in a moment of weakness he was persuaded to do one job. Thereafter, he said, higher-ups used their knowledge of what he had done to compel him to do their bidding in other dynamiting conspiracies. He said his wife was cognizant of what he did, and that he gave her the money he received. He is very bitter against Clarence Darrow. He declared Darrow's influence of Mrs. McManigal is responsible for the breaking up of their home, and her suit for divorce. \$1,000

Amatite ROOFING A Modern View of the Roofing Question Tin makes a good roof if you paint it. Canvas makes a good roof if you paint it. Any felt makes a good roof if you paint it. Even paper makes a good roof if you paint it. But Amatite makes a good roof if you DON'T paint it. On a painted roof, the paint is what gives the real protection. The rest of it has no function except to provide a smooth unbroken surface with no seams or cracks, to which the paint can be applied. Anything which has strength enough to keep the wind from blowing it away or the rain from beating it in, will be waterproof if you use paint enough. Amatite Roofing, however, needs no painting. It is a real roofing— a roofing that can be left out in the rain without the slightest damage. The wearing surface is mineral matter embedded into a heavy coating of pitch and never needs painting. We shall be glad to send you a sample of Amatite free of charge if you will send a postal request for it to our nearest office. The mineral will show you what the mineral surface is like. MEANING OF THE CROSS This cross (in red) has been adopted in Canada and all over America as the emblem under which the Crusade against Consumption is carried on. Every reader knows of the ravages of this disease; how, too often, the bread-winner of the family falls a victim, or the young man or young woman, with a promise of a happy and useful life, is stricken down. This modern Crusade, like the one of old, is a winning fight. The death rate from Consumption in this province shows a decrease of over 25% in the past few years. Nearly 6000 of these poor sufferers have been cared for in our Consumptive Homes in Muskoka and near Weston. To-day we have 300 patients under treatment—patients who, if they had the money, could not through fear of contagion gain admittance into other hospitals. In the Muskoka Free Hospital alone we are now caring for 156 patients. 128 of these cannot pay a single cent for the cost of their maintenance, 15 pay 70c. per day, 1 pays 57c. per day, 12 pay 50c. or less per day. Our Trustees, having faith in the generous-hearted people of Canada, have continued to carry on this work during the past year. Money to pay doctors, food, nursing and caring of these sick ones, is urgently needed. Will your readers help and have the joy of sharing in a work that has the promise of the Master's reward? W. J.
