Stackhouse's Lawyers Make Statement

St. John, July 11.—Messrs. Powell & Harrison, counsel for the Rev. S. W. Stackhouse, a Baptist minister, named in the Holmes divorce case at Fredericton, made a statement today embodying an unqualified denial of any statement that Mr. Stackhouse had left the country to escape prosecution. They said he was undergoing treatment in the United States for internal trouble but had remained in St. John to meet any legal proceedings that might be taken until his physical condition forced him to go away for treatment.

His solicitors said it would be improper to discuss the facts of the case until the matter was disposed of by the courts, but they went so far as to say they had entire confidence in Mr. Stackhouse's innocence, and there was inference that the future had some astonishing revelations in store.

REWARDS FOR OFFICERS AND SOLDIERS FOR SERVICES IN THE FIELD? AND FOR SERVICES RENDERED IN CAPTIVITY, OR IN ESCAPING OR ATTEMPTING TO ESCAPE THEREFROM.

1. Recommendations for reward for services in the field unconnected with capture and rendered prior to 15th November 1918, may now be submitted; and if the individual recommended was captured in subsequent operations, the fact must be stated.

2. Restrictions whereby recommendations in respect of services connected with capture could be considered if such services were rendered prior to 15th July, 1918, have been removed. Such services will now be considered irrespective of date, provided that, in the matter of capture, the individual has been absolved from blame by competent authority.

3. The following services are eligible for such forms of reward as may be considered appropriate, provided that no blame has been attached to the individual in respect of original capture:

(a) Exceptional services rendered by officers and soldiers whilst prisoners of war or interned.

(b) Exceptionally gallant conduct or determination displayed by officers and soldiers in escaping or attempting to escape from captivity.

When merited services of this nature will be eligible for such "gallantry" distinctions as normally reserved for "services under fire."

4. The facts supporting each recommendation must be substantiated by statements of evidence from at least two witnesses, who have first-hand knowledge of the circumstances of the case; and, except under para 3 (b) above, one of the witnesses must be an officer.

5. Each statement of evidence supporting a recommendation must be made out in the handwriting of the witness who signs it. A single statement signed by two or more witnesses will not be accepted.

6. Recommendations will not be accepted unless they reach Militia Headquarters by 1st August, 1919.

For officers and soldiers who are serving, they will be submitted through the usual official channels.

For officers and soldiers who have been demobilized, they will be forwarded through the District Officer Commanding, in whose command they are resident.

In forwarding recommendations, District Officers Commanding will add such comments as they think appropriate.

7. The following is the form of recommendation to be used:—

These forms may be obtained at Militia Headquarters, M. D. No. 7, St. John, N. B.

In the Fight With Eczema

You Can Depend on Dr. Chase's Ointment to Bring Relief and Cure.

The obstinacy of eczema is well known. The fact that Dr. Chase's Ointment has been able to cure it, even the most severe cases, is the best proof of the extraordinary healing powers of this standard ointment.

Cases such as are described in these letters give you some idea of what you may expect from this treatment.

Mrs. Frank Wadsworth, Midland, Ont., writes: "One of my boys had an attack of eczema, and although I tried different preparations for quite a while, as well as medicines from four doctors, we could not get satisfactory results. Finally, I tried Dr. Chase's Ointment, and from the first I found it gave good results. We used a good treatment of this ointment, and in a short time the eczema was cured. I have also used the ointment with great success for a roughness and rash on my face, which caused me a great deal of trouble. After applying Dr. Chase's Ointment I found instant relief."

"I might also mention that Dr. Chase's Ointment has proved of great benefit to me. I had difficulty with a stoppage in my nose and head, but the Ointment Powder relieved it, and I have not been bothered in this way since."

Mrs. P. H. Weston, 19 William street, Hamilton, Ont., writes: "I can highly recommend Dr. Chase's Ointment, having used it with splendid results where all others failed. My little girl, aged 3½ years, broke out in small yellow blisters which turned into sores. They came out in different places on her face, and although I tried a great many ointments and ointments none of them did her any good. I got a box of Dr. Chase's Ointment, and after a few applications, I could see the improvement. Whenever I saw a new spot appearing I would apply the ointment, and before the day was over the spot was entirely gone. I have used it since."

If you would like to try Dr. Chase's Ointment, send a two-cent stamp to your local druggist, or to the following address: Dr. Chase's Ointment, 100 Queen St. W., Toronto, Ont.

Weekly Agricultural Report

Weekly Report Agricultural conditions in New Brunswick, as Reported by District Representatives of Dept. of Agriculture.

Reports from all parts of the province indicate a marked improvement in the appearance of the grain crop since last week. Rains have been fairly general and have been followed by good growing weather. The spring grain has a good color and, although somewhat late gives promise of a crop well up to the average. The potato crop is also late in many parts of the province, but on the whole the potatoes are growing well. Some excellent fields are seen. Spraying is quite general. It is rather early to make any estimate on the yield

but in most parts of the province the crop is quite promising just at present.

The apple crop is still quite promising. The scab is developing quite badly on some varieties. The fruit is growing well. A representative of a Montreal firm was in the Province during the week and stated that the apple market was likely to be quite strong this year with good prices to the grower.

Pastures have been remarkably good and are standing well. Cheese factories and creameries generally report receipts of milk and cream in good condition. The make of cheese and butter in the province will be increased by at least ten per cent, according to advices received.

Reports in livestock are very favorable. Good pastures have put the stock in good condition. Lambs are growing well. The Chipman Branch

of the United Farmers of New Brunswick are planning to sell two or three car-loads of lambs cooperatively.

Farm labor is scarce, one correspondent stating that men do not want to work on the farm. Wages are high, ranging from \$35.00 to \$50.00 per month with board.

Next Loan Not Likely Tax-Exempt

Ottawa, July 16.—Preliminary preparations for the Dominion loan which is to be floated in the fall are under way. Now that the war is over and financial conditions are more normal it is probable that the loan will not be tax-exempt as was its war-time predecessors. Should the government decide to follow this course, there is little doubt that the rate of interest will be made quite attractive as compared with the rate at which Victory Bonds can now be bought in the open market.

Mrs. Peck—I'm the party.
