### ABOUT CATTLE EXEMPTIONS.

Mr. Jas. Patton, clerk of Goderich township, has been in correspondence with Hon. A. M. Ross, in regard to whether the exemptions on horses, cattle, &c., special place this year, or not, and has received the following reply: The Attorney-General is of opinion that taxes can be collected this year upon horses, cattle, &c., and that the exemption does not go into effect practically until next year.

### THE ALBION HOTEL.

The business and good-will of the well-known Albion hotel has been purchased by Mr. Jonathan Miller, formerly of Benmiller. We understand improvements are in contemplation, under the new management, that will place the Albion in a position second to none in the West. Special arrangements are being made for the occasion, and special arrangements will be made for the accommodation of excursionists. One of the attractions of the day will be a sculling match between Wm. O'Connor, the champion oarsman of America, and Lee, the celebrated oarsman of New York city. A prize of \$250 will be awarded the winner. This promises to be the most interesting event of the season and should be patronized by all.

### THE WESTERN FAIR.

The Western Fair which opens at London today, and will continue until Friday, Sept. 23, gives promise of being one of the most successful yet held there. The exhibit of horses will be a grand one. Stabling accommodation for five hundred has been provided and is nearly all taken up; it is expected that when all entries are made every accommodation will have to be provided. The entries for cattle, sheep, and hogs are pouring in rapidly and the best herds and flocks in the country are expected. There will be one of the grandest displays of agricultural machinery ever seen at any Fair on exhibition. The carriage building is already filled. The dairy hall has been given up for the collective display sent by the Manitoba Horticultural, and the Great Indian Exhibition, which will be held at the same time. Agricultural hall will be crowded to its utmost capacity as room will have to be made for all day exhibits. The main building will be well filled with the displays of manufactures, as well as Natural History and Fine Arts, and will be a great source of attraction this year.

### ABOUT FEMALE BARBERS.

Some time since the question of female barbers came up for discussion in one of our shaving parlors, and it was stated that women were commencing to get into business in the cities. Our friend, Mr. R. S. Chilton, American Consul at this port, who is quite an authority on things literary and historical, has unearthed a verse by John Gay, who flourished early in the eighteenth century, which distinctly proves that the tonorial art was in the hands of women, long before our grandfathers were born. Following are the lines:

"A JOCKNEY TO KENTON"  
"We rise, our heads demands the barber's art;  
A female enters and performs the part.  
The nighly golden she obtains her neck,  
And three gold rings her skilful hands best.  
Smooth or our chin her easy fingers move,  
Soft as when Venus strook'd the beard of Jove."

### WHAT THE "ROUND TOWERS" ARE MADE OF.

Our genial fellow countryman, Mr. B. McCormack, is an ardent fisherman, and the way he lifts big bass and other fish in the envy of his neighbors. The other evening he was telling of some of his catches, and a mutual friend advised him to publish the plans and specifications in THE SIGNAL, or, better still, leave a sample copy on the editor's table. Mac. did not object to publicity, but would think the matter over. On Tuesday THE SIGNAL was presented by the disciple of Isaac Walton with a geological formation in the shape of a series of small stones cemented together with clay which by the constant washing of the river against it had become petrified. He gave an elaborate dissertation to prove that the combination, which is in the shape of a large bunch of grapes, was joined together on the same principle that the "Round Towers" of Ireland were built. The manner in which he handled the question would have delighted the heart of anyone who wasn't hungrier after bass. But he was asked for bass, and he gave a stone.

### A FRAUD.

The Seaford [Expositor] says: During the last spring a man, with a very Scotch name and equally Scotch accent was passing through among the farmers in the southern part of Tuckersmith, soliciting alms. The story he told was, that he was suffering from a cancer in the leg, that he was unable to work, and having no home nor friends he was soliciting funds to send him to the hospital that he might have an operation performed. He told a very pitiful tale, and the kind-hearted people with whom he met treated him most hospitably and gave to him liberally, some going as high as a dollar. Constable Dunlop, of this town, happened to be in that part of the country at the time, saw the fellow several times as he was on his rounds, and gave him his name and address. Some time afterwards Mr. Dunlop was in Stratford and saw Mr. Invalid passing along the street. He seemed to have recovered from his lameness, and appeared to be in the best of health. Mr. Dunlop recognized him at once, and on making enquiries who he was, he was told his name, and that he keeps an eating saloon near the station in Stratford, does a good business, and has a large family, several of whom are grown up and doing for themselves. Mr. Dunlop visited the place and saw for himself. On making further enquiries among the neighbors he learned that the man is in the habit of being home for several weeks at a time, and when he returns he is always well supplied with funds, but what he did when away, they could not find out. Perhaps if this paragraph meets the eye of some of them it will give them an idea. He came up on the train with Mr. Dunlop and took a ticket for Clinton where, no doubt, he intended pursuing his vocation. He, of course, travels under an assumed name, and he will have a different story for each locality he visits. Some of those in Tuckersmith who befriended him will, no doubt, recollect his visit, and will remember the circumstances. We have the fellow's real name, but we withhold it for the present. He should be prosecuted and punished, as a more bare-faced, wicked fraud we have seldom heard of.

### WEST HURON TEACHERS' INSTITUTE.

The annual institute meeting of the teachers of West Huron will be held in the model school, Goderich on Thursday and Friday, September 27 and 28, beginning on Thursday at 10:30 a.m. On Thursday evening a lecture will be delivered in the grand Opera House on "English Literature and its value in Education" by Dr. McLellan.

### EXCURSION AND PICNIC.

The last great excursion of the season will be held in Goderich, on Wednesday next, under the auspices of St. Peter's (R.C.) church. Special rates have been secured from Stratford and all interesting points. The harbor park will be decorated for the occasion, and special arrangements will be made for the accommodation of excursionists. One of the attractions of the day will be a sculling match between Wm. O'Connor, the champion oarsman of America, and Lee, the celebrated oarsman of New York city. A prize of \$250 will be awarded the winner. This promises to be the most interesting event of the season and should be patronized by all.

### SONS OF ENGLAND.

Efforts are being made to establish a branch of the Sons of England in town. All desiring to become acquainted with the objects of the society should interview Mr. W. J. Dowling, Hamilton st.

### A HURON EDITOR IN TROUBLE.

The Toronto World, of Saturday, has the following concerning one of the latest additions to Huron's corps of editors:—Before Judge MacMahon, sitting in session yesterday, Mr. A. B. Aylesworth moved to commit A. H. Newton Jenkins, editor of the Brussels Budget, for contempt of court. The application is made at the instance of Mr. Grant, the postmaster at Brussels, who has brought an action for libel against the defendant, claiming \$10,000. The defendant in his newspaper charged the plaintiff with several grave offences in his official capacity, and private character, and continued in each issue of his paper to comment upon the matter after it was a *judice*. An appeal was made to Judge Ross for an interim injunction to restrain the defendant from publishing comments on the case before the trial, which was granted. In defiance of the order of the court, Jenkins continued to abuse the postmaster in the columns of his paper, and the plaintiff accordingly applied to the court to punish the defendant for refusing to obey Judge Ross's injunction. The court ordered the defendant to be committed to the jail for ten days, and to pay the costs of the proceedings. The defendant appealed to the Ontario Court of Appeal, which has since been granted. The Ontario Court of Appeal has since been granted. The Ontario Court of Appeal has since been granted.

### PARISH OF HURON.

This Presbytery held its regular meeting in Bruceville on the 11th of September. Mr. McCoy reported on behalf of the Home Mission Committee, recommending that missionary meetings be held during the month of October, specifying the deputations to address such meetings, and the days and hours for holding the meetings. The report was adopted and ordered to be printed. Mr. Scott, of Clinton, gave a report on behalf of the Sabbath School Committee, recommending that no Presbytery Convention be held this year. The recommendation was adopted. The Presbytery heard and sustained discourses by Messrs Charles Tough and A. J. Moore, P. A. and Mr. Tough to be certified to the College authorities. The curriculum for Mr. Moore as drafted by the Committee on the Superintendence of Students, was submitted, and after slight amendments approved of to direct Mr. Moore's studies. Messrs Stewart, McCoy, Anderson and Ramsay. Mr. Ramsay submitted the estimate of expenditure for the year setting forth that a rate of 12 cents per family would be required to make up the amount specified. The finance committee were authorized to raise the amount needed. The treasurer's book was audited in due order and certified as correctly kept. The report of the Committee on Systematic Beneficence read by Mr. Ramsay. The following are the recommendations of it, and they were unanimously adopted: 1st, that the subject of regular storing and proportionate contributing not only be brought regularly before the people by their pastors, but also be discussed at this year's missionary meetings by some one of the members of each deputation. 2nd, that all the members of sessions within the bounds be reminded that it is their duty to set an example to the people in this respect, and be asked to inform themselves of the arguments in favor of the above mentioned practice so as to be able to advocate it among the people. 3rd, that it be recommended to the congregations of the Presbytery to collect money for the congregational purposes by the system of weekly offerings and to organize themselves thoroughly for the purpose of gathering contributions for the schemes of the church. 4th, that inasmuch as beneficence cannot be expected to be systematic unless it arises from a fervent desire for the glory of Christ and the coming of His kingdom, we pledge ourselves to strive with redoubled diligence to deepen their interest in the Church, but also to impress upon them all the teaching of the Scriptures respecting giving. 5th, That the subject of Systematic Beneficence be remitted for the remainder of the year to the Finance Committee. Mr. Henderson, of Wellington, having accepted of the honor of the people in the work of the church. His induction was appointed to take place on Wednesday, the 30th of October—Mr. Fletcher in the absence of the Moderator, to preside, Mr. Anderson to preach, Mr. Martin to address the minister, and Mr. McCann to call the roll. Mr. Simpson gave notice that the congregation increased his stipend by the sum of \$100. Next regular meeting to be held in Blyth, on the second Tuesday of November at 11 a.m.

### CRIMINAL CASES.

Matty Maginn, a small boy, 10 years old, charged with stealing a boat belonging to E. Coleman, from Malcolmson's boat-house, was sentenced by his Honor Judge Tom to five years in the reformatory for boys. Eli Heffner, charged with horse stealing, was found not guilty, as the horse he was alleged to have stolen was his wife's, and, of course, what was hers was his, and what was his was his own.

### YOUTHFUL TRAVELLERS AND RAPID TRAVELLING.

Arthur and Harold Cooke, boys of 13 and 11, sons of Mr. James Cooke, organist of Knox church, left their home in Durham, England, on the 6th of this month, sailed in the Dominion liner Vancouver, and arrived in Toronto at 7 o'clock last Sunday morning—a distance of 3,200 miles in ten days. They reached Goderich safely on Monday. Arthur, who is a trained chorister, attended a rehearsal with his father's choir the same night, and the following evening delighted a large audience at Porter's Hill by his singing in the quartette, a duet, and an old English song entitled, "Crowning the Seasons." His pure soprano voice will be a very pleasing addition to Knox church choir.

### DEATH OF MR. HODGE.

On Monday, Sept. 10th, an old and respected resident of Goderich passed away suddenly after an illness of several days. He was 83 years of age, and the name of D. B. Hodge. Mr. Hodge had been in his usual health, but complained of a slight indisposition, which seemed to leave him when he had partaken of some refreshments. Shortly before noon, having some business to do, he came up town, and after making a call at the Bank of Commerce, walked to West-st., where the workmen were engaged in laying the mains for the waterworks. He had reached the head of the works when he was soon to stagger and fall. Assistance soon reached him, and he was carried into Butler's bookstore, where every effort was made to resuscitate him but in vain, his death having been almost instantaneous. His funeral took place from his late residence Regan-st., on Wednesday, Sept. 12th, and was largely attended. The following were the pallbearers: Sheriff Gibbons, M. C. Cameron, P. Adamson, J. Saunders, A. Whitely and W. Dunlop. Rev. A. Anderson, of Knox Church, conducted the services. Deceased leaves a widow, four sons, Archie, David, Robert and Cornelius, and two daughters, Jane and Mrs. J. M. Proudfoot, to mourn his loss. David Beath Hodge was born in Dunfermline, Scotland, on Sept. 9th, 1805, and was educated in Ealingburgh high school. When twenty years of age he went to the East Indies and joined the Military Audit Office in 1836. In 1838 he was appointed to be a permanent General's Office, and upon him devolved much of the labor involved in assimilating the British and Indian weights and measures scale. He continued to receive promotion until he became chief assistant in the Accountant General's Office in 1853. He was also appointed auditor of the Bank of Bombay in 1859, and was made a magistrate in 1863. In 1864 his health failed, and he retired from the service on an annuity and came to Canada to experience the change of air that had been recommended by his medical advisers. On leaving India, he was presented, among other mementoes, with a handsome Bible by the Accountant-General, in token of esteem and appreciation of his valuable services. He settled in Goderich township in 1865, having purchased the Janeville Farm, where he lived until 1873, when he removed to Goderich. He was a good citizen and highly esteemed by all who had the privilege of his acquaintance.

Sure, safe, and painless.

Orders for fall show printing should be sent in at once to avoid the rush.

### THE BIG EXHIBITION

The Biggest and Best in Four Counties

The Northwestern Exhibition, which will be held in Goderich for four days, beginning on Tuesday, October 2nd, are putting forth every effort to make the exhibition of 1888 far ahead of anything that has been held in this section of Western Ontario. Last year the Northwestern distanced all competitors, not only in Huron, but in the adjoining counties, and present appearances point to a far greater success in 1888.

The fair will be formally opened by Hon. Chas. E. Drury, Minister of Agriculture for Ontario, on Wednesday, Sept. 3rd, at 1 o'clock p.m., and it is expected Mr. Robert Porter M. P. for West Huron, and Hon. A. M. Ross, Treasurer of Ontario will also speak on the occasion. Information has also been received that the C. P. R. exhibit have also been secured, and will be here in good time. A big display has been reserved for these two displays, as they are unusually large.

The grounds will be brilliantly illuminated each evening by the Edison Electric Light Company, which has been awarded the contract for lighting the town of Goderich.

The directors ask all intending exhibitors of machinery, who may desire to avail themselves of steam power, to forward their applications at once to the Secretary, so that arrangements may be made to meet all requirements. Unless this be done at once space in machinery hall will not be guaranteed.

The speeding in the ring this year bids fair to be one of the most attractive features, nearly \$2000 have been devoted to supplying prizes in this class alone.

In addition to the foregoing, a number of attractions at the Industrial and Western fair are in communication with the management of the Northwestern, and we understand several of the most noteworthy will be secured.

The Great Northwestern Fair, of Goderich, is at the head of the heap in Huron county, and intends to keep there.

CROMPTON, APPELBE & CO., BRANTFORD.—In this issue will be found the advertisement of Crompton, Appelbe & Co., successors to H. W. Brethour & Co., Brantford. This firm has made up its mind to capture the large trade done in this town by their predecessors, and intend to keep themselves before the Goderich public through the medium of THE SIGNAL advertising columns and a satisfactory business record.

Mothers who have delicate children can see them daily improve and gain in flesh and strength by giving them the perfect food and medicine, Scott's Emulsion of Cod Liver Oil, Hypophosphites. Dr. W. A. Hubert, of Salisbury, Ill., says: "I have used Scott's Emulsion in cases of Scrofula and Debility. Results most gratifying. My little patients take it with pleasure."
