### THE SAFETY OF "FRUIT-A-TIVES"

May Be Taken For Years

The Ideal Remedy For Young and Old

Nature's gifts do us good, if used judiciously. We eat bread from baby-hood to old age without ever tiring of it. We drink water, year in and year out, with the greatest benefit to our health. So too, we eat fruit in season and are better for the change of diet. This is true, because such things are the natural foods and drink of mankind. It is for this reason that "Fruit-a-tives" may be used for years in correcting some ill of As is well known, "Fruit-atives" is made of the juices of apples, oranges, figs and prunes.

Just as fresh fruit may be eaten at every meal, so "Fruit-a-tives" may be taken every night for 20 years or more with the greatest benefit The absolute safety of "Fruit-a-tives" has been a great factor in its success. Those who suffered with chronic troubles such as Constipation, Dyspepsia, Rheumatism, etc., naturally took a

number of boxes of "Fruit-a-tives" As they became better, they found that instead of being compelled to increase the dose as in most medicines, they were decreasing it, and gradually taking fewer doses.
