FIGURES DO LIE.
Prices are only Relative
REGAL ENGINES are the highest
priced engines, yet they are the cheap-
est.
They are the highest priced engines
because they cost more to build.
They are the cheapest engines, be-
cause they will last twice as long as
any other engine.
They are also the cheapest engines
because they save your time, and
"Time is money."
If you shut your eyes to this real
bargain in engines, you will be the
sorriest fisherman who ever signed an
order.
You will lose more money than you
can afford to lose, and your oil bills
will be twice as large.
REGAL ENGINES use less oil, have
more power, run with less trouble and
give more genuine satisfaction than
any other engine on the market.
We are, in the near future, going
to ask all cash for REGAL ENGINES,
so buy one before we make this
change, as we intend to make them
the "Hall Mark" engines of Newfound-
land.
We ship REGAL ENGINES complete
with full book of instructions, and
when once installed in your boat, any
child can run one.
REGAL ENGINES are higher priced
than other engines, but are the cheap-
est in the long run, because they run
the longest.
