# A HOME HINT

Many housekeepers have found that the Want Columns provide the best market for discarded furniture and other articles of household use. Instead of storing away unnecesary and obsolete home furnishings, such as ice boxes, stoves, floor coverings, draperies and kindred articles, in the attic, cellar or store room, the modern housewife turns such goods into cash or exchanges them for more necessary articles. An inexpensive Want Ad has oftentimes been the means of selling home furnishings to the advan-

Fifty-two Yards In Alberta-Twe Yards in Calgary

Few people appreciate that there is quality in lumber the same as there is in tea or in paint, or in most other articles. Cheap cull lumber or green lumber in better grades will build a house that, when well painted will look fairly well for a few months. Such a building in our extreme climate soon takes on a dilapidated cheap look, making it difficult to sell, difficult to rent. and uncomfortable to live in

We have always made a speci-

alty of the highest quality, and owing to the tremendous size of

our business we are able to buy on a basis that permits us to sell our lumber for as low a price as

would be generally asked for a poorer quality. This has built up our large business—the larg-est in Western Canada. Before building inspect our stocks and permit us to give you swidence that quality considered, our prices cannot be beaten. Particular people use our lumber. It your contractor obtains his lumber from us it is a sign that he ber from us it is a sign that he is a particular man and demands the best of everything.
