But another class of temperance advocates, represented by the W. C. T. U., are strongly against it," etc. You would leave the impression by the above that the W. C. T. The teathers and students of the Model School were entertained by Principal and Mrs. Kirk at their residence, | 388 William street, on Friday evening. As each model session recurs, the teachers and students alike look forward to this, their annual gathering, with increasing interest, the games, music and social intercourse being thoroughly enjoyed by all. On the principle that "all work and no play makes Jack a dull boy," an evening's relaxation brightens and tends to smooth the workings of educational machinery. As a token of their appreciation, the students presented Mr. Kirk with a beautiful silver fern bowl, filled with maidenhair fern. At the chiming of the midnight bells the company dispersed.

In this tale of the healing of the ten epers, the speaker said there was contained a profound truth, one that was easily told, but one that was the hardest of all to follow, namely to do exactly as God tells us. This was the surest way to get the divine blessing. The speaker then went on to tell of the healing of the lepers.
